DIRECTORS' REPORT

To the Members,

Your Directors have pleasure in presenting the Third Annual Report together with the audited accounts of the Company for the period ended 31ST March,2005.

EXTENSION OF FINANCIAL YEAR:

During the period under report, the Board of Directors of the Company in accordance with the provisions of the Companies Act, 1956, extended the Financial Year of the Company by a period of one month to end on 31ST March,2005. Accordingly, the annual accounts for the current year have been prepared for a period of thirteen months commencing from 1ST March,2004 to 31ST March,2005.

OPERATIONS:

During the period under report, your Company did not carry out any operations. However, after incurring necessary administrative and other expenses, the Company incurred a net loss of Rs. 3.31 crores. Your Directors continue their effort to improve the working of the Company.

DIVIDEND :

In view of loss, your directors do not recommend any dividend for the period under report.

CHANGE OF NAME:

During the period under report, the Registrar of Companies, Delhi, had approved the change of name of the Company from "Hotel Sleepwell Limited" to "Campion Properties Limited" and accordingly issued Fresh Certificate of Incorporation confirming the change with effect from 17th June, 2004.

DEPOSITS :

The Company has not accepted any Public Deposits, during the year under report.

DIRECTORS :

Mr. Arvind Pahwa and Shri Lalit Shroff, directors, retired themselves for re-appointment. The Board of Directors recommend their re-appointment as Directors.

DIRECTORS' RESPONSIBILITY STATEMENT:

Pursuant to the requirement under Section 217(2AA) of the Companies Act, 1956, with respect to Directors' Responsibility Statement, it is hereby confirmed that:

- (i) in the preparation of the annual accounts for the financial year ended 31st March, 2005, the applicable accounting standards have been followed along with proper explanation relating to material departures;
- (ii) the Directors have selected such accounting policies and applied them consistently and made judgements and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at 31st March, 2005 and of the loss of the Company for the period under review;
- (iii) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and
- (iv) the Directors have prepared the annual accounts of the Company on a 'going concern' basis.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION:

The information on conservation of energy, technology absorption, etc, required to be disclosed in terms of Section 217 (1) (e) of the Companies Act, 1956 read with the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988, is not given, since the Company is not engaged in manufacturing activity.

FOREIGN EXCHANGE EARNINGS AND OUTGO:

- a. Total Foreign Exchange earned Rs. Nil
- b. Total Foreign Exchange used Rs. Nil

**PERSONNEL:**

Company has not paid any remuneration attracting (Particulars of Employees) Rules, 1975 read with Section 217 (2A) of the Companies Act, 1956. Hence, no information is required to be appended to this report in this regard.

TRUE COPY H. S. Pruthi

AUDITORS:

M/s ASP & Co, Chartered Accountants, Auditors of the Company, hold office until the conclusion of the ensuing Annual General Meeting and are recommended for re-appointment. The Company has received a letter from them to the effect that their re-appointment, if made, would be within the prescribed limits under Section 224 (1-B) of the Companies Act, 1956. They are not otherwise disqualified within the meaning of sub-section (3) of Section 226 of the Companies Act, 1956, for such appointment.

ACKNOWLEDGEMENT:

Your Directors wish to place on record their deep sense of appreciation for the co-operation and assistance received from bankers, business constituents and employees of the Company during the year under report.

AUDITORS' REPORT

**STATUTORY AUDIT REPORT OF CAMPION PROPERTIES LIMITED
 FOR THE PERIOD FROM 1ST MARCH 2004 TO 31ST MARCH 2005**

1. We have audited the attached balance sheet of Campion Properties Limited as at 31st March, 2005, and also the profit and loss account for the period from 1st March 2004 to 31st March 2005 annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis of our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matters specified in the said Order to the extent applicable.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that:
 - 4.1. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit,
 - 4.2. In our opinion, proper books of account as required by law, have been kept by the company, so far as appears from our examination of those books,

The balance sheet and profit & loss account dealt with by this report are in agreement with the books of account,

A S P & Co.,
Chartered Accountants

- 4.4. In our opinion, the balance sheet and profit & loss account dealt with by this report comply with Accounting Standards as referred to sub section (3C) of section 211 to the Companies Act, 1956, to the extent applicable.
- 4.5. On the basis of the written representations received from the directors and taken on record by the Board of Directors, we report that none of the directors is disqualified as on 31st March, 2005 from being appointed as a director under Section 274 (1) (g) of the Companies Act, 1956. Compliance of Section 274(1)(g), is not commented upon.

In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the notes thereon give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of balance sheet, of the state of affairs of the Company as at 31st March, 2005.
- (b) In case of profit and loss Account, of the loss of the Company for the period from 1st March, 2004 to 31st March, 2005.

Annexure to the Auditors' Report

Referred to in paragraph 3 of our report of even date.

1. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- (b) As per the information and explanation given to us, all the fixed assets have been physically verified by the management during the period under audit, which in our opinion is reasonable having regard to the size of the company and the nature of its asset. As informed, no material discrepancies were noticed on such verification.
- (c) During the period under audit, the Company has disposed off a substantial part of its fixed assets relating to hotel business and the going concern status of the company is not affected as company has changed its main object and will be entering into development of properties instead of hotel business wef from 13/4/2004.
2. (a) As per the information and explanation given to us, the inventory has been physically verified during the period under audit by the management. In our opinion, the frequency of verification is reasonable.
- (b) In our opinion, procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business.
- (c) Company is maintaining proper records of inventory. The company has write off all the inventory during the year, thus there was no physical verification conducted there after and no discrepancy observed
3. According to the information and the explanation given to us, the Company has neither granted nor taken any loans, secured or unsecured to/from companies, firms or other parties in the register maintained under section 301 of the Act. Consequently, the clause 4(iii)(a) to (g) of the Companies (Auditor's Report) Order, 2003 not applicable to the company.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the company and the nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal controls.
- i. According to the information and the explanation given to us, during the period under audit there have been no transaction of purchases of materials and sale of goods, materials and services which need to maintained under Section 301 of the Company

A S P & Co.,
Chartered Accountants

clause 4(v)(b) of the Companies (Auditor's Report) Order, 2003 are not applicable to the company.

6. As per the information and explanation given to us, the company has not accepted any deposits from the public in terms of Section 58A and 58AA of the Companies Act, 1956 and the Companies (Acceptance of deposits) Rules, 1975.
7. In our opinion, the company has no internal audit system commensurate with nature and size of its business.
8. As Informed to us, the maintenance of cost records has not been prescribed by the Central Government under Section 209(1)(d) of the Companies Act, 1956.
9. In respect of statutory dues:
 - a. The company has been generally regular in depositing undisputed statutory dues including Provident Fund, Investor Education and Protection Fund, Income Tax, wealth Tax, Custom duty, Excise Duty, Cess with appropriate authorities.
 - b. Accordingly to the information and explanation given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March 2005 for a period of more than six months from the date they become payable.
 - c. Accordingly to the information and explanation given to us, there are no disputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March 2005 .
10. In our opinion, the company has not been registered for a period five years. Therefore, the provision of clause 4(x) of the Companies (Auditor's Report) Order, 2003 is not applicable to the company.
11. In our opinion and according to the information and explanation given to us, the Company has not defaulted in repayment of the dues to a financial institution and bank.
12. Based on our examination of the records and the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities..
13. In our opinion, the company is not a chit fund, or a nidhi/ mutual benefit fund/society. Therefore, the provisions of clause 4(xiii) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.
14. The Company is not dealing or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.

15. According to information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks and financial institutions.
16. According to information and explanations given to us, the Company has not obtained any term loan from any bank/ financial institution, therefore, the provisions of clause (xvi) of the Companies (Auditor's Report) Order, 2003 are not applicable to it.
17. According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we are of the opinion that the funds raised on short-term basis have not been used for long-term investment or vice-versa.
18. The Company has not made any preferential allotment of shares to parties and companies covered in the Register maintained under section 301 of the Act.
19. The Company has not issued any debentures.
20. The provisions of Clause 4(xx) of the Companies (Auditor's Report) Order, 2003 relating to "the disclosure of end use of the money raised by public issue" are not applicable to the Company.
21. As per the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the period under audit.

CAMPION PROPERTIES LIMITED
(Previously known as Hotel Sleepwell Limited)

Schedule 10

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICY

1 Method of Accounting

The Company follows the mercantile system of accounting and recognizes income and expenditure on accrual basis except prepaid insurance. The accounts are prepared under the historical cost convention and in accordance with applicable Accounting Standards.

2 Fixed Assets

Fixed assets have been stated at the historical cost.

3 Depreciation

Depreciation on Fixed Assets is provided on Straight Line Method. Leasehold Land is amortized over the period of Lease.

4 Foreign Currency Transactions

Foreign currency assets and liabilities as at the Balance Sheet date are restated at the applicable exchange rate prevailing on that date. Transactions denominated in the foreign currencies are recorded at the exchange rate at which the foreign currency is converted into Indian Rupees.

5 Investments

Investments are stated at cost less provision for permanent diminution in the value of such investments.

6 Inventories

All the items of Inventories have been valued at Cost or Net Realizable Value whichever is lower.

7 Retirements Benefits

Company's contribution to Provident Fund and Superannuation Fund are charged to Profit & Loss Account. Liability for Gratuity and Leave Encashment Benefit is provided on accrual basis as determined on actuarial valuation.

TRUE COPY H. S. Goyal

**THIS ANNEXURE IS THE TRUE COPY

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognized using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

Compensation to Employees who have opted for retirement under Voluntary Retirement Scheme of the Company is amortised over Five years.

Contingent liabilities are not provided for and are disclosed by way of note.

1. The operations of Hotel Ranjit situated at New Delhi, along with its assets and liabilities as on 31st March 2000 (the Appointed Date), have been transferred to the Company under a Scheme of Demerger, sanctioned by the Department of Company Affairs (DCA), Government of India, vide its Order dated 12th July 2002 (the Scheme). As per the sanctioned scheme, India Tourism Development Corporation (ITDC) had been deemed to be managing the affairs of Hotel Ranjit for and on behalf of and in trust for the company from 31st March 2000 till the date of the order i.e. 12th July 2002. All the licenses, lease deeds, telephone connections, electricity & water connections etc. which were earlier in the name of ITDC, stand transferred in the name of the company vide the said order.
2. As per 'the Scheme', the company, in discharge of the purchase consideration, has issued 3553601 Equity Shares of the Face Value of Rs. 10 (Rupees Ten) each aggregating to Rs. 35,536,010 as fully paid equity shares to the shareholders of ITDC (i.e. 1 fully paid equity share of the company of Rs. 10 each, for every 19 fully paid Equity Shares of Rs. 10 each held in ITDC).
3. Out of the total paid up Equity Shares of the Company, 3563031 equity Shares (comprising 99.98% approx. of the paid up equity share capital) are held by Formax Commercial Private Ltd. (hereinafter referred to as the Holding Company).
4. The Directors have passed a Resolution on 15th February, 2005 under Section 210 of the Companies Act, 1956 and extended the financial year

TRUE COPY *H. Eyrasholm*

**THIS ANNEXURE IS THE TRUE COPY

CAMPION PROPERTIES LIMITED
(Previously known as Hotel Sleepwell Limited)

of the Company by a period of One month to end on 31st March, 2005 and that the financial statement of the Company have been prepared for a period of 13 months from 1st March 2004 to 31st March 2005.

5. The management of the company has closed down the hotel operations and all the assets have been sold out relating to hotel business located at Hotel Ranjit. Going concern of the company is not effected as the company has changed its object clause and will be entering in to development of the properties with effect from 13/4/2004.
6. The Balance Sheet of the Company as at 31st March, 2005 and the Balance Sheet as at 29th Feb 2004 are not comparable as they are for different periods.
7. Following disclosures are made for Contingent Liabilities not provided for in accordance with AS-29, on provisions, contingent liabilities and contingent assets:
 - (i) Claims of Rs 18,59,771/- filed by three ex-employees of ITDC (Hotel Ranjit) in Labour court and claims by other three ex employees filed with labour court for which amount can not be estimated.
 - (ii) A sum of Rs 24,227/- was attached by EPF authority (PF Commissioner) and the case is pending in the court.
 - (iii) Estimated amount of contracts remaining unexecuted on Capital Account and not provided for as on 31st March 2005 Rs 1,88,05,383/-.
 - (iv) The company's application for conversion of leasehold land into freehold land is rejected by L&DO, New Delhi vide letter no L&DO/L-III/8/13/52/88/05 dated 7-3-2005 on the ground that the present scheme of conversion of leasehold to freehold does not apply to disinvested hotels. The advance for freehold of Rs 34,727,814 as appearing in the balance sheet has been adjusted by L&DO, in heads given below.

Sl No		Amount (Rs.)
1	Security Deposit	12,210,974
2	Amount refunded	9,567,210
3	Amount to be adjusted against damages	12,949,630

The management is in the process of filing an appeal against the above mentioned order, further in view of the same the required adjustment entries had not been passed in the books of accounts

8. Sundry Creditors include Nil Due to small scale industrial undertakings (SSIs).
9. The Gratuity Liability has been provided on accrual basis as per actuarial valuation.
10. In view of Accounting Standard laid by Institute of Chartered Accountants of India "Accounting for Intangibles", Goodwill of Rs. 25,88,023.17 and

TRUE COPY *H. Srinath*

Campion Properties Limited

DIRECTORS' REPORT

To,
The Members,

Your Directors have pleasure in presenting Annual Report and the audited accounts for the financial year ended 31st March, 2008.

OPERATIONS

During the year under review, the Company had incurred a loss of Rs. 69, 08,405/- compared to loss of Rs. 67, 15,659/- incurred in the previous year.

Your Company is in process of construction work of the commercial property and intends the project operational by February 2009. While the benefits from such project will accrue in the future years, the Board of Directors shall periodically review its project.

DIVIDEND

Your Directors do not recommend any dividend for the financial year under review.

TRUE COPY H. S. Pruthi

FIXED DEPOSITS

THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT

The Company has not accepted any fixed deposits during the year under review.

DIRECTORS

During the year under review, Shri Prakash Shenoy had been appointed as an Additional Director w.e.f. 30th August, 2007. He holds office upto the date of ensuing Annual General Meeting and is eligible for reappointment. The Company has received notice under Section 257 of the Companies Act, 1956, proposing his appointment as Director, subject to retirement by rotation.

Shri Gaurang Shah, Director of the Company, retire by rotation and being eligible, offers himself for reappointment at the ensuing Annual General Meeting.

Shri Rakesh Gupta & Shri Samir Raval, Directors had resigned as Director w.e.f. 1st September, 2007.

CHANGE IN STATUS OF COMPANY

Consequent upon transfer of shares from the existing shareholders to Reliance Communications Limited with its nominees, the Company has become a wholly owned subsidiary of Reliance Communications Limited w.e.f. 29th March, 2008.

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to the requirement under Section 217(2AA) of the Companies Act, 1956, the Directors to the best of their knowledge and belief confirm that:

- (i). in the preparation of the accounts for the financial year ended on 31st March, 2008, the applicable accounting standards have been followed and that there are no material departures from the same;

Campion Properties Limited

- (ii) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the loss of the Company for the year ended on that date;
- (iii) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and
- (iv) the Directors have prepared the accounts for the financial year ended on 31st March, 2008 on a 'going concern' basis.

AUDITORS

M/s ASP & Co., Chartered Accountants, who have been appointed as the Auditors of the Company, hold office upto the conclusion of ensuing Annual General Meeting and eligible for reappointment. The Company has received a consent letter from them for their reappointment. Accordingly, M/s ASP & Co., Chartered Accountants, are proposed to be appointed as Auditors of the Company at the ensuing Annual General Meeting.

PARTICULARS OF EMPLOYEES

The Company has not paid any remuneration attracting the provisions of Section 217(2A) of the Companies Act, 1956, read with Companies (Particulars of Employees) Rules, 1975. Hence, no information is required to be appended to this report in

AUDITORS' REPORT

SATUTORY AUDIT REPORT OF CAMPION PROPERTIES LIMITED FOR THE YEAR ENDED 31ST MARCH 2008

1. We have audited the attached balance sheet of Campion Properties Limited as at 31st March 2008 and also the Profit and Loss Account and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT by the Companies (Auditors' Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matter specified in the Said Order to the extent applicable.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that :

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit. In our opinion, proper books of account as required by law, have been kept by the company, so far as appears from our examination of those books. The balance sheet and profit & loss account dealt with by this report are in agreement with the books of account. In our opinion, the balance sheet and profit & loss account dealt with in this report comply with Accounting Standards as referred to sub section (3C) of section 211 to the Companies Act, 1956 to the extent applicable.

On the basis of the written representation received from the Directors, we report that none of the directors is disqualified as on 31st March, 2008 from being appointed as a director under section 274 (1) (g) of the Companies Act, 1956.

Head Office: Suite 13 A, Gobind Mansion, Indra Place, H -Block, Connaught Place, N-110001. Ph. No. 011-41513218-19, FAX 91-11-23358721: aspdelhi@et

A S P & Co.,
Chartered Accountants

In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the notes thereon give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of Balance Sheet, of the State of Affairs of the Company as at 31st March 2008
- b) in case of Profit & Loss Account, of the loss of the Company for the year ended 31st March 2008.
- c) in case of Cash Flow Statement, of the cash flows for the year ended on that date.

Annexure to the Auditors' Report

Referred to in paragraph 3 of our report of even date

1. a) The company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
b) As per the information and explanation given to us, all the fixed assets have been physically verified by the management during the period under audit, which in our opinion is reasonable having regard to the size of the company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.
c) During the period under audit, the Company has not disposed off substantial part of its fixed assets.
2. The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditors' Report) Order, 2003 relating to "Inventories of the Company" are not applicable to the company as during the period under audit Company has no inventory.
3. According to the information and the explanation give to us, the Company has neither granted any loans, secured or unsecured to /from companies, firms or other parties in the register maintained under section 301 of the Act. Consequently, the clause 4 (iii) (a) to (g) of the Companies (Auditor's Report) Order, 2003 not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedure commensurate with the size of the company and the nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failures to correct major weaknesses in internal controls.
5. According to the information and the explanation given to us, during the period under audit there have been no transaction of purchases of materials and sale of goods, materials and services which need to be entered in to the Register maintained under section 301 of the Companies Act, 1956. Consequently, the clause 4 (v) (b) of the Companies (Auditors' Report) Order, 2003 are not applicable to the company.
6. As per the information and explanation given to us, the company has not accepted any deposits from the public in terms of Sections 58 A and 58 AA of the Companies Act, 1956 and the Companies (Acceptance of deposits) Rules, 1975.
7. In our opinion, the company has no internal audit system commensurate with nature and size of its business.

Head Office: Suite 13 A, Gobind Mansion, Indra Place, H-Block, Connaught Place, New Delhi-110001, Ph. No.: 011-41513218-19, FAX 91-11-23358721; aspdelhi@eth.net
Branch: A-901, Lakshchandi Apartments Gokuldharm Goregaon (East) Mumbai 400063

A S P & Co.,
Chartered Accountants

8. As informed to us, the maintenance of cost records has not been prescribed by the Central Government under section 209 (1) (d) of the Companies Act, 1956.
9. In respect of statutory dues:
 - a) The company has been generally regular in depositing undisputed statutory dues including provident fund, investor Education and Protection Fund, Income Tax, Wealth Tax, custom duty, Excise duty, cess with appropriate authorities.
 - b) Accordingly to the information and explanation given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March 2008 for a period of more than six months from the date they become payable.
 - c) According to the information and explanation given to us, there are no disputed amounts payable in respect of such statutory dues have remained outstanding as at 31st March 2008.
10. *The accumulated losses of the company at the end of the financial year more than the net worth of company and it has incurred cash losses in the current financial year and in the immediately preceding financial year also. (Further refer Note. 2 of notes to Accounts).*
11. In our opinion **TRUE COPY** *H. S. G. H. S. G.* to the information and explanation given to us, the Company has **THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT** a repayment of the dues to a financial institution and bank.
12. Based on our examination of the records and the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities.
13. In our opinion, the company is not a chit fund, or a nidhi mutual benefit fund/society. Therefore, the provisions of clause 4 (xiii) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.
14. The Company is not dealing or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4 (xiv) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.
15. According to information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks and financial institutions.
16. According to information and explanation given to us, the Company has not obtained any term loan from any bank/ financial institution; therefore, the provisions of clause (xvi) of the Companies (Auditors' Report) Order, 2003 are not applicable to it.

Head Office: Suite 13 A, Gobind Mansion, Indra Place, H -Block, Connaught Place, New Delhi 110001. Ph. No.: 011-41513218-19, FAX 91-11-23358721; aspdelhi@eth.net

SCHEDULE FORMING PART OF FINANCIAL STATEMENTS

Schedule 8

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICY

1. Method of Accounting

The Company follows the mercantile system of accounting and recognizes income and expenditure on accrual basis except prepaid insurance. The accounts are prepared under the historical cost convention and in accordance with applicable Accounting Standards.

2. Fixed Assets

Fixed assets have been stated at the historical cost.

3. Depreciation

Depreciation **TRUE COPY** is provided on Straight Line Method.
Leasehold **THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT** over the period of Lease.

4. Inventories

All the items of Inventories have been valued at Cost or Net Realizable Value whichever is lower.

5. Retirements Benefits

Company's contribution to Provident Fund and Superannuation Fund are charged to Profit & Loss Account. Liability for Gratuity and Leave Encashment Benefit is provided on accrual basis as determined on actuarial valuation.

6. Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognized using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

7. Contingent Liabilities

Contingent liabilities are not provided for and are disclosed by way of note.

CAMPION PROPERTIES LIMITED

B. NOTES TO ACCOUNTS

1. During the year Reliance Communication Ltd. (RCOM) has purchased 570 shares of the Company from the Ministry of Tourism, Government of India under Article 9.2 of the Share Purchase Agreement. Consequently the Company has become wholly owned subsidiary of RCOM
2. Though accumulated losses of the company amounting to Rs.23.42 crore have exceeded its net worth as on 31st March 2008, the value of the property as per the official rates, declared by the Land & Development Officer (Ministry Of Urban Affairs, GOI) for the area, is Rs. 87.79 crores as on 31.05.2003. The value of the property has further increased since then. The company intends to complete the on-going construction work of the commercial property and making the project operational by February 2009.
The accounts have been prepared on a going concern basis.
3. Following disclosures are made for Contingent Liabilities not provided for in accordance with provisions, contingent liabilities and contingent assets:

AUDITORS' REPORT

**SATUTORY AUDIT REPORT OF CAMPION PROPERTIES LIMITED
FOR THE YEAR ENDED 31ST MARCH 2008**

1. We have audited the attached balance sheet of Campion Properties Limited as at 31st March 2008 and also the Profit and Loss Account and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required **TRUE COPY** *H. Srinath*
**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT** (Auditors' Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matter specified in the Said Order to the extent applicable.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that :

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit. In our opinion, proper books of account as required by law, have been kept by the company, so far as appears from our examination of those books. The balance sheet and profit & loss account dealt with by this report are in agreement with the books of account. In our opinion, the balance sheet and profit & loss account dealt with in this report comply with Accounting Standards as referred to sub section (3C) of section 211 to the Companies Act, 1956 to the extent applicable.

On the basis of the written representation received from the Directors, we report that none of the directors is disqualified as on 31st March, 2008 from being appointed as a director under section 274 (1) (g) of the Companies Act, 1956.

Annexure to the Auditors' Report

Referred to in paragraph 3 of our report of even date

1. a) The company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
b) As per the information and explanation given to us, all the fixed assets have been physically verified by the management during the period under audit, which in our opinion is reasonable having regard to the size of the company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.
c) During the period under audit, the Company has not disposed off substantial part of its fixed assets.
2. The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditors' Report) Order, 2003 relating to "Inventories of the Company" are not applicable to the company as during the period under audit Company has no inventory.
3. According to the information and the explanation give to us, the Company has neither granted any loans, secured or unsecured to /from companies, firms or other bodies. Consequently, the clause 4 (iii) (a) to (g) of the Companies (Auditor's Report) Order, 2003 not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedure commensurate with the size of the company and the nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failures to correct major weaknesses in internal controls.
5. According to the information and the explanation given to us, during the period under audit there have been no transaction of purchases of materials and sale of goods, materials and services which need to be entered in to the Register maintained under section 301 of the Companies Act, 1956. Consequently, the clause 4 (v) (b) of the Companies (Auditors' Report) Order, 2003 are not applicable to the company.
6. As per the information and explanation given to us, the company has not accepted any deposits from the public in terms of Sections 58 A and 58 AA of the Companies Act, 1956 and the Companies (Acceptance of deposits) Rules, 1975.
7. In our opinion, the company has no internal audit system commensurate with nature and size of its business.

Head Office: Suite 13 A, Gobind Mansion, Indra Place, H-Block, Connaught Place, New Delhi-110001, Ph. No.: 011-41513218-19, FAX 91-11-23358721: aspdelhi@eth.net

A S P & Co.,
Chartered Accountants

8. As informed to us, the maintenance of cost records has not been prescribed by the Central Government under section 209 (1) (d) of the Companies Act, 1956.
9. In respect of statutory dues:
 - a) The company has been generally regular in depositing undisputed statutory dues including provident fund, investor Education and Protection Fund, Income Tax, Wealth Tax, custom duty, Excise duty, cess with appropriate authorities.
 - b) Accordingly to the information and explanation given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March 2008 for a period of more than six months from the date they become payable.
 - c) According to the information and explanation given to us, there are no disputed amounts payable in respect of such statutory dues have remained outstanding as at 31st March 2008.
10. *The accumulated losses of the company at the end of the financial year more than the net worth of company and it has incurred cash losses in the current financial year and in the immediately preceding financial year also. (Further refer Note. 2 of notes to Accounts).*
11. In our opinion, **TRUE COPY** of the information and explanation given to us, the Company has **THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT** a repayment of the dues to a financial institution and bank.
12. Based on our examination of the records and the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities.
13. In our opinion, the company is not a chit fund, or a nidhi mutual benefit fund/society. Therefore, the provisions of clause 4 (xiii) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.
14. The Company is not dealing or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4 (xiv) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.
15. According to information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks and financial institutions.
16. According to information and explanation given to us, the Company has not obtained any term loan from any bank/ financial institution; therefore, the provisions of clause (xvi) of the Companies (Auditors' Report) Order, 2003 are not applicable to it.

SCHEDULE FORMING PART OF FINANCIAL STATEMENTS

Schedule 8

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICY

1. Method of Accounting

The Company follows the mercantile system of accounting and recognizes income and expenditure on accrual basis except prepaid insurance. The accounts are prepared under the historical cost convention and in accordance with applicable Accounting Standards.

2. Fixed Assets

Fixed assets have been stated at the historical cost.

3. Depreciation

Depreciation is provided on Straight Line Method.

Leasehold THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT is provided over the period of Lease.

4. Inventories

All the items of Inventories have been valued at Cost or Net Realizable Value whichever is lower.

5. Retirements Benefits

Company's contribution to Provident Fund and Superannuation Fund are charged to Profit & Loss Account. Liability for Gratuity and Leave Encashment Benefit is provided on accrual basis as determined on actuarial valuation.

6. Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognized using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

7. Contingent Liabilities

Contingent liabilities are not provided for and are disclosed by way of note.

CAMPION PROPERTIES LIMITED

B. NOTES TO ACCOUNTS

1. During the year Reliance Communication Ltd. (RCOM) has purchased 570 shares of the Company from the Ministry of Tourism, Government of India under Article 9.2 of the Share Purchase Agreement. Consequently the Company has become wholly owned subsidiary of RCOM
2. Though accumulated losses of the company amounting to Rs.23.42 crore have exceeded its net worth as on 31st March 2008, the value of the property as per the official rates, declared by the Land & Development Officer (Ministry Of Urban Affairs, GOI) for the area, is Rs. 87.79 crores as on 31.05.2003. The value of the property has further increased since then. The company intends to complete the on-going construction work of the commercial property and making the project operational by February 2009.
The accounts have been prepared on a going concern basis.
3. Following disclosures are made for Contingent Liabilities not provided for in accordance with AS-29, on provisions, contingent liabilities and contingent assets:

TRUE COPY *H. S. Gadhokar*

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

DIRECTOR'S REPORT

To,
The Members

Your Directors are pleased to present Annual Report and the audited accounts for the financial year ended on 31st March, 2009.

OPERATIONS

During the year your Company has reviewed the possibilities of carrying out business as per objects of the Company; however no major operations have been carried out. During the year under review the Company has made a loss of Rs 11,092,721.06 /- as compared to loss of Rs. 6,908,404.69/- during the financial year 2007-2008.

The Company has entered into various properties related contracts. While benefits from such contracts will accrue in the future years, the Board of Directors shall periodically review their progress.

DIVIDEND

Your Directors do not propose any dividend on equity share for the financial year under review.

TRUE COPY *H. S. Srinivasan*
THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT

FIXED DEPOSIT

The Company has not accepted any fixed deposits during the year under review.

DIRECTORS

Shri Hitesh Chawda, Director of the Company, retires by rotation and being eligible, offers himself for reappointment at the ensuing Annual General Meeting.

DIRECTOR'S RESPONSIBILITY STATEMENT:

Pursuant to the requirement under Section 217(2AA) of the Companies Act, 1956, with respect to Director's Responsibility Statement, it is hereby confirmed that:

- (i) in the preparation of the accounts for the financial year ended on 31st March, 2009, the applicable accounting standards have been followed;
- (ii) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the loss of the Company for the year under review;
- (iii) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities ; and

Campion Properties Limited

- (iv) the Directors have prepared the accounts for the financial year ended 31st March, 2009 on a 'going concern' basis..

AUDITORS

M/s. ASP & Co, Chartered Accountants, who have been appointed as the Auditors of the Company, retire at the ensuing Annual General Meeting. The Company has received a consent letter from them for their reappointment. Accordingly, M/s ASP & Co, Chartered Accountants, are proposed to be appointed as Auditors of the Company at the ensuing Annual General Meeting.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

Information in accordance with the provisions of Section 217(1)(e) of the Companies Act, 1956, read with the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 regarding conservation of energy, research and development and technology absorption are not applicable since the Company is not a manufacturing Company. There was no foreign exchange and outgo during the year under review

AUDITORS' REPORT

TO THE MEMBERS

1. We have audited the attached balance sheet of **Campion Properties Limited** as at 31st March 2009, and also the Profit and Loss Account and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required **TRUE COPY** *H. S. Srinath*
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT ies (Auditors' Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matter specified in the Said Order to the extent applicable.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that :

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;

In our opinion, proper books of account as required by law, have been kept by the company, so far as appears from our examination of those books;

The balance sheet and profit & loss account dealt with by this report are in agreement with the books of account;

In our opinion, the balance sheet and profit & loss account dealt with in this report comply with Accounting Standards as referred to sub section (3C) of section 211 to the Companies Act, 1956 to the extent applicable.

On the basis of the written representation received from the Directors, we report that none of the directors is disqualified as on 31st March, 2009 from being appointed as a director under section 274 (1) (g) of the Companies Act, 1956.

Head Office: A-45, Connaught Place, New Delhi-110001. Ph. No.: 011-41513218-19, FAX 91-11-23358721; aspco.ca@gmail.com

Annexure to the Auditors' Report

Referred to in paragraph 3 of our report of even date

1. In respect of fixed assets
 - a.) The company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - b.) As per the information and explanation given to us, all the fixed assets have been physically verified by the management during the period under audit, which in our opinion is reasonable having regard to the size of the company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.
 - c.) During the period under audit, the Company has not disposed off substantial part of its fixed assets.
2. The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditors' Report) Order, 2003 relating to "Inventories of the Company" are not applicable to the company as during the period under audit Company has no inventory.
3. According to the information and the explanation given to us, the Company has neither granted loans, secured or unsecured to/from companies, firms or other parties in the register maintained under section 301 of the Act. Consequently, the clause 4 (iii) (a) to (g) of the Companies (Auditor's Report) Order, 2003 not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedure commensurate with the size of the company and the nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failures to correct major weaknesses in internal controls.
5. According to the information and the explanation given to us, during the period under audit there have been no transaction of purchases of materials and sale of goods, materials and services which need to be entered in to the Register maintained under section 301 of the Companies Act, 1956. Consequently, the clause 4 (v) (b) of the Companies (Auditors' Report) Order, 2003 are not applicable to the company.
6. As per the information and explanation given to us, the company has not accepted any deposits from the public in terms of Sections 58 A and 58 AA of the Companies Act, 1956 and the Companies (Acceptance of deposits) Rules, 1975.
7. In our opinion, the company has no internal audit system commensurate with nature and size of its business.

Head Office: A-45, Connaught Place, New Delhi-110001. Ph. No.: 011-41513218-19, FAX 91-11-23358721; aspco.ca@gmail.com

A S P & Co.,
Chartered Accountants

8. As informed to us, the maintenance of cost records has not been prescribed by the Central Government under section 209 (1) (d) of the Companies Act, 1956.
9. In respect of statutory dues:
 - a) The company has been generally regular in depositing undisputed statutory dues including provident fund, investor Education and Protection Fund, Income Tax, Wealth Tax, custom duty, Excise duty, cess with appropriate authorities.
 - b) Accordingly to the information and explanation given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March 2009 for a period of more than six months from the date they become payable.
 - c) According to the information and explanation given to us, there are no disputed amounts payable in respect of such statutory dues have remained outstanding as at 31st March 2009.
10. *The accumulated losses of the company at the end of the financial year more than the net worth of company and it has incurred cash losses in the current financial year and in the immediately preceding financial year also. (Further refer Note. 2 of notes to Accounts).*
11. In our opinion, the Company has not defaulted in repayment of the dues to a financial institution and bank.

Schedule 8

A. SIGNIFICANT ACCOUNTING POLICY

The Company follows the mercantile system of accounting and recognizes income and expenditure on accrual basis except prepaid insurance. The accounts are prepared under the historical cost convention and in accordance with applicable Accounting Standards.

Fixed assets have been stated at the historical cost.

Depreciation on Fixed Assets is provided on Straight Line Method. Leasehold **TRUE COPY** *is synthesized* ized over the period of Lease.

All the items of Inventories have been valued at Cost or Net Realizable Value whichever is lower.

Company's contribution to Provident Fund and Superannuation Fund are charged to Profit & Loss Account. Liability for Gratuity and Leave Encashment Benefit is provided on accrual basis as determined on actuarial valuation.

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognized using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

Contingent liabilities are not provided for and are disclosed by way of note.

B. NOTES TO ACCOUNTS

1. Though the accumulated losses of the company have exceeded its net worth as on 31st March 2009, but the company does not have any intention to suspend the operational activities. Further in view of :

- Construction work going on at site
- Agreement with architect for the construction of building and various contractors for construction work and future plan of the company

The accounts have been prepared on going concern basis.

The losses of the Company are being fully supported by the Holding Company.

2. Following disclosures are made for Contingent Liabilities not provided for in accordance with AS-29, on provisions, contingent liabilities and contingent assets:

- (i) Claim by one ex employees filed with labour court for which amount cannot be estimated.
- (ii) A sum of Rs 24,227/(Previous Year)- was attached by EPF auditor (TRUE COPY *H. S. G. S. G. S. G.* missioner) and the case is pending in the court. THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

3. Sundry Creditors include Nil Due to Micro Small and Medium Enterprises and Small-Scale Industrial Undertakings (SSIs).
4. The Gratuity Liability has been provided on accrual basis as per actuarial valuation, however at present the company does not have any employee hence no provision has been made.
5. Balances of Creditors and Loans & Advances are subject to confirmation.
6. Remuneration to Auditors

	Current Year (Rs. In Lacs)	Previous Year (Rs. In Lacs)
Audit fee(including service tax)	0.35	0.35
Tax Audit fee(including service tax)	NIL	NIL
Out of Pocket expenses	NIL	NIL

7. In the opinion of the management, the current assets and loans & advances are at least equal to the value stated in the Balance Sheet, if realized in the ordinary course of business.
8. The company is solely in development of properties, thus in the absence of any segment, separate reporting as per AS-17 is not made.

9. Disclosure of information on Related Parties and Related Party Transactions(AS-18):

Related Parties: Reliance Communications Ltd. (Holding Company)

Transactions occurred during the year:

AUDITORS' REPORT

TO THE MEMBERS

1. We have audited the attached balance sheet of **Campion Properties Limited** as at 31st March 2009, and also the Profit and Loss Account and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required **TRUE COPY** *H. S. G. S. G.*
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT ies (Auditors' Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matter specified in the Said Order to the extent applicable.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that :

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;

In our opinion, proper books of account as required by law, have been kept by the company, so far as appears from our examination of those books;

The balance sheet and profit & loss account dealt with by this report are in agreement with the books of account;

In our opinion, the balance sheet and profit & loss account dealt with in this report comply with Accounting Standards as referred to sub section (3C) of section 211 to the Companies Act, 1956 to the extent applicable.

On the basis of the written representation received from the Directors, we report that none of the directors is disqualified as on 31st March, 2009 from being appointed as a director under section 274 (1) (g) of the Companies Act, 1956.

Head Office: A-45, Connaught Place, New Delhi-110001. Ph. No.: 011-41513218-19, FAX 91-11-23358721; aspco.ca@gmail.com
Branch: A-901, Lakshchandi Apartments Gokuldham Goregaon (East) Mumbai 400063

A S P & Co.,
Chartered Accountants

In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the notes thereon give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of Balance Sheet, of the State of Affairs of the Company as at 31st March 2009
- b) in case of Profit & Loss Account, of the loss of the Company for the year ended 31st March 2009.
- c) in case of Cash Flow Statement, of the cash flows for the year ended on that date.

Annexure to the Auditors' Report

Referred to in paragraph 3 of our report of even date

1. In respect of fixed assets
 - a.) The company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - b.) As per the information and explanation given to us, all the fixed assets have been physically verified by the management during the period under audit, which in our opinion is reasonable having regard to the size of the company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.
 - c.) During the period under audit, the Company has not disposed off substantial part of its fixed assets.
2. The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditors' Report) Order, 2003 relating to "Inventories of the Company" are not applicable to the company as during the period under audit Company has no inventory.
3. According to the information and the explanation given to us, the Company has neither granted loans, secured or unsecured to /from companies, firms or other parties in the register maintained under section 301 of the Act. Consequently, the clause 4 (iii) (a) to (g) of the Companies (Auditor's Report) Order, 2003 not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedure commensurate with the size of the company and the nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failures to correct major weaknesses in internal controls.
5. According to the information and the explanation given to us, during the period under audit there have been no transaction of purchases of materials and sale of goods, materials and services which need to be entered in to the Register maintained under section 301 of the Companies Act, 1956. Consequently, the clause 4 (v) (b) of the Companies (Auditors' Report) Order, 2003 are not applicable to the company.
6. As per the information and explanation given to us, the company has not accepted any deposits from the public in terms of Sections 58 A and 58 AA of the Companies Act, 1956 and the Companies (Acceptance of deposits) Rules, 1975.
7. In our opinion, the company has no internal audit system commensurate with nature and size of its business.

Head Office: A-45, Connaught Place, New Delhi-110001. Ph. No.: 011-41513218-19, FAX 91-11-23358721; aspco.ca@gmail.com

Branch: A-901, Lakshchand Apartments Gokuldharm Goregaon (East) Mumbai 400063

A S P & Co.,
Chartered Accountants

8. As informed to us, the maintenance of cost records has not been prescribed by the Central Government under section 209 (1) (d) of the Companies Act, 1956.
9. In respect of statutory dues:
 - a) The company has been generally regular in depositing undisputed statutory dues including provident fund, investor Education and Protection Fund, Income Tax, Wealth Tax, custom duty, Excise duty, cess with appropriate authorities.
 - b) Accordingly to the information and explanation given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March 2009 for a period of more than six months from the date they become payable.
 - c) According to the information and explanation given to us, there are no disputed amounts payable in respect of such statutory dues have remained outstanding as at 31st March 2009.
10. *The accumulated losses of the company at the end of the financial year more than the net worth of company and it has incurred cash losses in the current financial year and in the immediately preceding financial year also. (Further refer Note. 2 of notes to Accounts).*
11. In our opinion, the Company has not defaulted in repayment of the dues to a financial institution and bank.

TRUE COPY *H. S. Pruthi*
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT
12. Based on our examination of the records and the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities.
13. In our opinion, the company is not a chit fund, or a nidhi mutual benefit fund/society. Therefore, the provisions of clause 4 (xiii) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.
14. The Company is not dealing or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4 (xiv) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.
15. According to information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks and financial institutions.
16. According to information and explanation given to us, the Company has not obtained any term loan from any bank/ financial institution; therefore, the provisions of clause (xvi) of the Companies (Auditors' Report) Order, 2003 are not applicable to it.

Head Office: A-45, Connaught Place, New Delhi-110001, Ph. No.: 011-41513218-19, FAX 91-11-23358721: aspco.ca@gmail.com
Branch: A-901, Lakshchandi Apartments Gokuldham Goregaon (East) Mumbai 400063

A S P & Co.,
Chartered Accountants

17. According to the information and explanations given to us and on an overall examination of the balance sheet of the company, we are of the opinion that the funds raised on short-term basis have not been used for long-term investment or vice-versa.
18. The Company has not made any preferential allotment of shares to parties and companies covered in the Registered Maintained under section 301 of the Companies Act, 1956.
19. The Company has not issued any debentures.
20. The provisions of Clause 4(xx) of the Companies (Auditor's Report) Order, 2003 relating to "the disclosure of end use of the money raised by public issue" are not applicable to the Company.
21. As per the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the period under audit.

Campion Properties Limited

DIRECTOR'S REPORT

To,
The Members

Your Directors are pleased to present Annual Report and the audited accounts for the financial year ended on 31st March, 2010.

OPERATIONS

During the year your Company has reviewed the possibilities of carrying out business as per objects of the Company; however no major operations have been carried out. During the year under review the Company has incurred a loss of Rs. 93,31,206.16/- as compared to loss of Rs. 11,092,721.06/- during the financial year 2008-2009.

The Company has entered into various properties related contracts. While benefits from such contracts will accrue in the future years, the Board of Directors shall periodically review their progress.

DIVIDEND

Your Directors do not recommend any dividend on equity share for the financial year under review.

FIXED DEPOSIT

The Company has not accepted any deposits within the meaning of Section 58A of the Companies Act, 1956 and the rules made there under.

DIRECTORS

Shri Prakash Shenoy, Director of the Company, retires by rotation and being eligible, offers himself for reappointment at the ensuing Annual General Meeting.

DIRECTOR'S RESPONSIBILITY STATEMENT:

Pursuant to the requirement under Section 217(2AA) of the Companies Act, 1956, with respect to Director's Responsibility Statement, it is hereby confirmed that:

- (i) in the preparation of the accounts for the financial year ended on 31st March, 2010, the applicable accounting standards have been followed;
- (ii) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the loss of the Company for the year under review;
- (iii) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the

TRUE COPY *K. Srinath*

Campion Properties Limited

Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities ; and

- (iv) the Directors have prepared the accounts for the financial year ended 31st March, 2010 on a 'going concern' basis..

AUDITORS

M/s. ASP & Co, Chartered Accountants, who have been appointed as the Auditors of the Company, retire at the ensuing Annual General Meeting. The Company has received a consent letter from them for their reappointment. Accordingly, M/s ASP & Co, Chartered Accountants, are proposed to be appointed as Auditors of the Company at the ensuing Annual General Meeting.

AUDITORS' REPORT

The Notes to Accounts referred to in the Auditors' Report are self explanatory and therefore do not call for any further comments.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

Information in accordance with the provisions of Section 217(1)(e) of the Companies Act, 1956, read with Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 regarding conservation of energy, the Company takes necessary steps to conserve the energy. There are no reportable instances in case of research and development and technology. There were Rs. 1,72,35,340/- foreign exchange outgo and no foreign exchange earnings during the year under review.

PERSONNEL:

The Company has not paid any remuneration attracting the provisions of Section 217(2A) of the Companies Act, 1956, read with Companies (Particulars of Employees) Rules, 1975. Hence, no information is required to be appended to this report in this regard.

ACKNOWLEDGEMENT

Yours Directors would like to express their grateful appreciation for the assistance and co-operation received from the Authorities and Shareholders during the year under review

AUDITORS' REPORT**TO THE MEMBERS**

1. We have audited the attached Balance Sheet of Campion Properties Limited as at 31st March 2010 and also the Profit and Loss Account and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditors' Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matter specified in the Said Order to the extent applicable.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that :
 - 4.1 We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit,
 - 4.2 In our opinion, proper books of account as required by law, have been kept by the Company, so far as appears from our examination of those books,
 - 4.3 The Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account,
 - 4.4 In our opinion , the Balance Sheet, Profit and Loss account and Cash Flow Statement dealt with by this report comply with Accounting Standards as referred to in sub section (3C) of Section 211 to the Companies Act, 1956 to the extent applicable.
 - 4.5 On the basis of the written representation received from the Directors, we report that non of the directors is disqualified as on 31st March, 2010 from being appointed as a director under section 274 (1) (g) of the Companies Act, 1956.

TRUE COPY *H. Srinath*

5. In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the notes thereon give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
- a) in the case of Balance Sheet , of the State of Affairs of the Company as at 31st March 2010
 - b) in case of Profit and Loss Account, of the **loss** of the Company for the year ended 31st March 2010.
 - c) in case of Cash Flow Statement , of the cash flows for the year ended on that date.

Annexure to the Auditors' Report

Referred to in paragraph 3 of our report of even date

1.
 - a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - b) As per the information and explanation given to us, all the fixed assets have been physically verified by the management during the period under audit, which in our opinion is reasonable having regard to the size of the Company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.
 - c) During the period under audit, the Company has not disposed off substantial part of its fixed assets.
2. The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditors' Report) Order, 2003 relating to " Inventories of the Company" are not applicable to the Company as during the period under audit the Company has no inventory.
3. According to the information and the explanation give to us, the Company has neither granted nor taken any loans, secured or unsecured to /from companies, firms or other parties in the register maintained under section 301 of the Act. Consequently, the clause 4 (iii) (a) to (g) of the Companies (Auditor's Report) Order, 2003 not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedure commensurate with the size of the Company and the nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failures to correct major weaknesses in internal controls.
5. According to the information and the explanation given to us, during the period under audit there have been no transaction of purchases of materials and sale of goods, materials and services which need to be entered in to the Register maintained under section 301 of the Companies Act, 1956. Consequently, the clause 4 (v) (b) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.
6. As per the information and explanation given to us, the Company has not accepted any deposits from the public in terms of Sections 58 A and 58 AA of the Companies Act, 1956 and the Companies (Acceptance of deposits) Rules, 1975.
7. In our opinion, the Company has an internal audit system commensurate with the nature and size of its business.
8. As informed to us, the maintenance of cost records has not been prescribed by the Central overnment under section 209 (1) (d) of the Companies Act, 1956.

TRUE COPY *H. Srinathrao*

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

9. In respect of statutory dues:

a) The Company has been generally regular in depositing undisputed statutory dues including provident fund, investor Education and Protection Fund, Income Tax, Wealth Tax, custom duty, Excise duty, cess with appropriate authorities.

b) Accordingly to the information and explanation given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March 2010 for a period of more than six months from the date they become payable.

c) According to the information and explanation given to us, there are no disputed amounts payable in respect of such statutory dues have remained outstanding as at 31st March 2010.

10. The accumulated losses of the Company at the end of the financial year are more than the net worth of Company and it has incurred cash losses in the current financial year and in the immediately preceding financial year also. (Further refer Note. 1 of Notes to Accounts).

11. In our opinion and according to the information and explanation given to us, the Company has not defaulted in repayment of the dues to a financial institution and bank.

12. Based on our examination of the records and the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities.

13. In our opinion, the Company is not a chit fund, or a nidhi / mutual benefit fund/society. Therefore, the provisions of clause 4 (xiii) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.

14. The Company is not dealing or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4 (xiv) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.

15. According to information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks and financial institutions.

16. According to information and explanation given to us, the Company has not obtained any term loan from any bank/ financial institution; therefore, the provisions of clause (xvi) of the Companies (Auditors' Report) Order, 2003 are not applicable to it.

17. According to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we are of the opinion that the funds raised on short-term basis are not been used for long-term investment or vice-versa.

TRUE COPY *H. Srinath*

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

18. The Company has not made any preferential allotment of shares to parties and companies covered in the Register maintained under section 301 of the Companies Act, 1956.
19. The Company has not issued any debentures.
20. The provisions of clause 4(xx) of the Companies (Auditor's Report) Order, 2003 relating to "the disclosure of end use of the money raised by public issue" are not applicable to the Company.
21. As per the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the period under audit.

SCHEDULE FORMING PART OF FINANCIAL STATEMENTS

Schedule 7

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICY

1. Method of Accounting

The Company follows the mercantile system of accounting and recognises income and expenditure on accrual basis except prepaid insurance. The accounts are prepared under the historical cost convention and in accordance with applicable Accounting Standards.

2. Fixed Assets

Fixed assets have been stated at the historical cost.

3. Depreciation

Depreciation on Fixed Assets is provided on Straight Line Method. Leasehold Land is amortised over the period of Lease.

4. Inventories

All the items of Inventories have been valued at Cost or Net Realisable Value whichever is lower.

5. Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of transaction.

Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year-end rates.

6. Retirements Benefits

Company's contribution to Provident Fund and Superannuation Fund are charged to Profit & Loss Account. Liability for Gratuity and Leave Encashment Benefit is provided on accrual basis as determined on actuarial valuation.

7. Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

8. Use of Estimates

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference

TRUE COPY *H. Srinathrao*

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

between the actual results and estimates is recognised in the period in which the results are known/ materialised.

9. Contingent Liabilities

Contingent liabilities are not provided for and are disclosed by way of note.

B. NOTES TO ACCOUNTS

1. Though the accumulated losses of the Company have exceeded its net worth as on 31st March 2010, the Company does not have any intention to suspend the operational activities. Further in view of :

- Construction work going on at site
- Agreement with architect for the construction of building and various contractors for construction work and future plan of the Company
- The Company has been funded by its Holding Company.

The accounts have been prepared on going concern basis.

2. Following disclosures are made for Contingent Liabilities not provided for in accordance with AS-29, on provisions, contingent liabilities and contingent assets:

AUDITORS' REPORT**TO THE MEMBERS**

1. We have audited the attached Balance Sheet of Campion Properties Limited as at 31st March 2010 and also the Profit and Loss Account and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditors' Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matter specified in the Said Order to the extent applicable.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that :
 - 4.1 We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit,
 - 4.2 In our opinion, proper books of account as required by law, have been kept by the Company, so far as appears from our examination of those books,
 - 4.3 The Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account,
 - 4.4 In our opinion , the Balance Sheet, Profit and Loss account and Cash Flow Statement dealt with by this report comply with Accounting Standards as referred to in sub section (3C) of Section 211 to the Companies Act, 1956 to the extent applicable.
 - 4.5 On the basis of the written representation received from the Directors, we report that non of the directors is disqualified as on 31st March, 2010 from being appointed as a director under section 274 (1) (g) of the Companies Act, 1956.

TRUE COPY *H. Srinath*

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

5. In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the notes thereon give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
- a) in the case of Balance Sheet , of the State of Affairs of the Company as at 31st March 2010
 - b) in case of Profit and Loss Account, of the **loss** of the Company for the year ended 31st March 2010.
 - c) in case of Cash Flow Statement , of the cash flows for the year ended on that date.

Annexure to the Auditors' Report

Referred to in paragraph 3 of our report of even date

1.
 - a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - b) As per the information and explanation given to us, all the fixed assets have been physically verified by the management during the period under audit, which in our opinion is reasonable having regard to the size of the Company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.
 - c) During the period under audit, the Company has not disposed off substantial part of its fixed assets.
2. The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditors' Report) Order, 2003 relating to " Inventories of the Company" are not applicable to the Company as during the period under audit the Company has no inventory.
3. According to the information and the explanation give to us, the Company has neither granted nor taken any loans, secured or unsecured to /from companies, firms or other parties in the register maintained under section 301 of the Act. Consequently, the clause 4 (iii) (a) to (g) of the Companies (Auditor's Report) Order, 2003 not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedure commensurate with the size of the Company and the nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failures to correct major weaknesses in internal controls.
5. According to the information and the explanation given to us, during the period under audit there have been no transaction of purchases of materials and sale of goods, materials and services which need to be entered in to the Register maintained under section 301 of the Companies Act, 1956. Consequently, the clause 4 (v) (b) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.
6. As per the information and explanation given to us, the Company has not accepted any deposits from the public in terms of Sections 58 A and 58 AA of the Companies Act, 1956 and the Companies (Acceptance of deposits) Rules, 1975.
7. In our opinion, the Company has an internal audit system commensurate with the nature and size of its business.
8. As informed to us, the maintenance of cost records has not been prescribed by the Central overnment under section 209 (1) (d) of the Companies Act, 1956.

TRUE COPY *H. Srinath*

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

9. In respect of statutory dues:

a) The Company has been generally regular in depositing undisputed statutory dues including provident fund, investor Education and Protection Fund, Income Tax, Wealth Tax, custom duty, Excise duty, cess with appropriate authorities.

b) Accordingly to the information and explanation given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March 2010 for a period of more than six months from the date they become payable.

c) According to the information and explanation given to us, there are no disputed amounts payable in respect of such statutory dues have remained outstanding as at 31st March 2010.

10. The accumulated losses of the Company at the end of the financial year are more than the net worth of Company and it has incurred cash losses in the current financial year and in the immediately preceding financial year also. (Further refer Note. 1 of Notes to Accounts).

11. In our opinion and according to the information and explanation given to us, the Company has not defaulted in repayment of the dues to a financial institution and bank.

12. Based on our examination of the records and the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities.

13. In our opinion, the Company is not a chit fund, or a nidhi / mutual benefit fund/society. Therefore, the provisions of clause 4 (xiii) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.

14. The Company is not dealing or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4 (xiv) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.

15. According to information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks and financial institutions.

16. According to information and explanation given to us, the Company has not obtained any term loan from any bank/ financial institution; therefore, the provisions of clause (xvi) of the Companies (Auditors' Report) Order, 2003 are not applicable to it.

17. According to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we are of the opinion that the funds raised on short-term basis are not been used for long-term investment or vice-versa.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

18. The Company has not made any preferential allotment of shares to parties and companies covered in the Register maintained under section 301 of the Companies Act, 1956.
19. The Company has not issued any debentures.
20. The provisions of clause 4(xx) of the Companies (Auditor's Report) Order, 2003 relating to "the disclosure of end use of the money raised by public issue" are not applicable to the Company.
21. As per the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the period under audit.

SCHEDULE FORMING PART OF FINANCIAL STATEMENTS

Schedule 7

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICY

1. Method of Accounting

The Company follows the mercantile system of accounting and recognises income and expenditure on accrual basis except prepaid insurance. The accounts are prepared under the historical cost convention and in accordance with applicable Accounting Standards.

2. Fixed Assets

Fixed assets have been stated at the historical cost.

3. Depreciation

Depreciation on Fixed Assets is provided on Straight Line Method. Leasehold Land is amortised over the period of Lease.

4. Inventories

All the items of Inventories have been valued at Cost or Net Realisable Value whichever is lower.

5. Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of transaction.

Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year-end rates.

6. Retirements Benefits

Company's contribution to Provident Fund and Superannuation Fund are charged to Profit & Loss Account. Liability for Gratuity and Leave Encashment Benefit is provided on accrual basis as determined on actuarial valuation.

7. Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

8. Use of Estimates

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference

TRUE COPY *H. Srinathrao*

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

between the actual results and estimates is recognised in the period in which the results are known/ materialised.

9. Contingent Liabilities

Contingent liabilities are not provided for and are disclosed by way of note.

B. NOTES TO ACCOUNTS

1. Though the accumulated losses of the Company have exceeded its net worth as on 31st March 2010, the Company does not have any intention to suspend the operational activities. Further in view of :

- Construction work going on at site
- Agreement with architect for the construction of building and various contractors for construction work and future plan of the Company
- The Company has been funded by its Holding Company.

The accounts have been prepared on going concern basis.

2. Following disclosures are made for Contingent Liabilities not provided for in accordance with AS-29, on provisions, contingent liabilities and contingent assets:

- (i) Claim by one ex employee filed with labour court for which amount cannot be estimated.
- (ii) A sum of Rs 24,227(Previous Year-Rs. 24,227) was attached by EPF authority (PF Commissioner) and the case is pending in the court.
- (iii) The total cost of capital commitment as on 31st March 2010 is Rs. 34,66,62,827/- (Previous year Rs 8,31,70,550/-)

3. There are no reported Micro, Small & Medium Enterprises as defined in the "The Micro, Small & Medium Enterprises Development Act, 2006" to whom the Company owes dues.

4. The Gratuity Liability has been provided on accrual basis as per actuarial valuation, however at present the Company does not have any employee hence no provision has been made.

5. Balances of Creditors and Loans & Advances are subject to confirmation.

6. Remuneration to Auditors

	2009-2010 (Rs. In Lacs)	2008-2009 (Rs. In Lacs)
Audit fee(including service tax)	0.35	0.35
Tax Audit fee(including service tax)	NIL	NIL
Out of Pocket expenses	NIL	NIL

7. In the opinion of the management, the current assets and loans & advances are at least equal to the value stated in the Balance Sheet, if realised in the ordinary course of business.

8. The Company is solely in development of properties, thus in the absence of any segment, separate reporting as per AS-17 is not made.

9. Disclosure of information on Related Parties and Related Party Transactions(AS-18):

Disclosure in board of directors report [text block]

Your Directors are pleased to present Annual Report and the audited accounts for the financial year ended on 31st March, 2011.

During the year your Company has reviewed the possibilities of carrying out business as per objects of the Company; however no major operations have been carried out. During the view the Company has incurred a loss of Rs. 262,30,359.17/- as compared to loss of Rs. 93,31,206.16/- during the financial year 2009-2010.

The Company has entered into various properties related contracts. While benefits from such contracts will accrue in the future years, the Board of Directors shall periodically review their progress.

Your Directors do not recommend any dividend on equity share for the financial year under review.

The Company has not accepted any deposits within the meaning of Section 58A of the Companies Act, 1956 and the rules made there under.

Shri Gaurang Shah, Director of the Company, retires by rotation and being eligible, offers himself for reappointment at the ensuing Annual General Meeting.

During the year under review, in order to facilitate greater administrative convenience the Company has been filed a petition with Company Law Board Northern Region Bench, New Delhi for shifting of its Registered Office from existing office in the National Capital Territory of Delhi to the State of Maharashtra. In this regard, the members passed the special resolution at the Extra Ordinary General Meeting of the Company held on 31st January, 2011 and the same was confirmed by the Company Law Board Western Region Bench vide its order dated 25th May, 2011.

Compliance Certificate, as per proviso to Section 383A (1) read with Companies (Compliance Certificate) Rules, 2001, is attached herewith .

DIRECTOR'S RESPONSIBILITY STATEMENT:

irement under Section 217(2AA) of the Companies Act, 1956, with respect to Director's Responsibility Statement, it is hereby

Disclosure in auditor's report [text block]

AUDITORS' REPORT

TO THE MEMBERS

1. We have audited the attached Balance Sheet of Campion Properties Limited as at 31st March 2011 and also the Profit and Loss Account and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

3. As required by the Companies (Auditors' Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matter specified in the Said Order to the extent applicable.

4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that :

4.1 We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit,

4.2 In our opinion, proper books of account as required by law, have been kept by the Company, so far as appears from our examination of those books,

4.3 The Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account,

4.4 In our opinion, the Balance Sheet, Profit and Loss account and Cash Flow Statement dealt with by this report comply with Accounting Standards as referred to in sub section (3C) of Section 211 to the Companies Act, 1956 to the extent applicable.

4.5 On the basis of the written representation received from the Directors, we report that non of the directors is disqualified as on 31st March, 2011 from being appointed as a director under section 274 (1) (g) of the Companies Act, 1956.

5. In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the notes thereon give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of Balance Sheet , of the State of Affairs of the Company as at 31st March 2011
- b) in case of Profit and Loss Account, of the loss of the Company for the year ended 31st March 2011.
- c) in case of Cash Flow Statement , of the cash flows for the year ended on that date.

Annexure to the Auditors' Report

Referred to in paragraph 3 of our report of even date

1. a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

b) As per the information and explanation given to us, all the fixed assets have been physically verified by the management during the period under audit, which in our opinion is reasonable having regard to the size of the Company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.

c) During the period under audit, the Company has not disposed off substantial part of its fixed assets.

2. The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditors' Report) Order, 2003 relating to "Inventories of the Company" are not applicable to the Company as during the period under audit the Company has no inventory.

3. According to the information and the explanation given to us, the Company has neither granted nor taken any loans, secured or unsecured to/from companies, firms or other parties in the register maintained under section 301 of the Act. Consequently, the clause 4 (iii) (a) to (g) of the Companies (Auditor's Report) Order, 2003 not applicable to the Company.

4. In our opinion and according to the information and explanations given to us, there is adequate internal control procedure commensurate with the size of the Company and the nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failures to correct major weaknesses in internal controls.

5. According to the information and the explanation given to us, during the period under audit there have been no transaction of purchases of materials and sale of goods, materials and services which need to be entered in to the Register maintained under section 301 of the Companies Act, 1956. Consequently, the clause 4 (v) (b) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.

6. As per the information and explanation given to us, the Company has not accepted any deposits from the public in terms of Sections 58 A and 58 AA of the Companies Act, 1956 and the Companies (Acceptance of deposits) Rules, 1975.

7. In our opinion, the Company has an internal audit system commensurate with the nature and size of its business.

s, the maintenance of cost records has not been prescribed by the Central Government under section 209 (1) (d) of the
16.

9. In respect of statutory dues:

a) The Company has been generally regular in depositing undisputed statutory dues including provident fund, investor Education and Protection Fund, Income Tax, Wealth Tax, custom duty, Excise duty, cess with appropriate authorities.

b) Accordingly to the information and explanation given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March 2011 for a period of more than six months from the date they become payable.

c) According to the information and explanation given to us, there are no disputed amounts payable in respect of such statutory dues have remained outstanding as at 31st March 2011.

10. The accumulated losses of the Company at the end of the financial year are more than the net worth of Company and it has incurred cash losses in the current financial year and in the immediately preceding financial year also. (Further refer Note. 1 of Notes to Accounts).

11. In our opinion and according to the information and explanation given to us, the Company has not defaulted in repayment of the dues to a financial institution and bank.

12. Based on our examination of the records and the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities.

13. In our opinion, the Company is not a chit fund, or a nidhi / mutual benefit fund/society. Therefore, the provisions of clause 4 (xiii) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.

14. The Company is not dealing or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4 (xiv) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.

15. According to information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks and financial institutions.

16. According to information and explanation given to us, the Company has not obtained any term loan from any bank/ financial institution; therefore, the provisions of clause (xvi) of the Companies (Auditors' Report) Order, 2003 are not applicable to it.

17. According to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we are of the opinion that the funds raised on short-term basis have not been used for long-term investment or vice-versa.

18. The Company has not made any preferential allotment of shares to parties and companies covered in the Register maintained under section 301 of the Companies Act, 1956.

19. The Company has not issued any debentures.

20. The provisions of clause 4(xx) of the Companies (Auditor's Report) Order, 2003 relating to "the disclosure of end use of the money raised by public issue" are not applicable to the Company.

21. As per the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the period under audit.

Textual information (3)

Disclosure of basis of presentation [text block]

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICY

1. Method of Accounting

The Company follows the mercantile system of accounting and recognises income and expenditure on accrual basis except prepaid insurance. The accounts are prepared under the historical cost convention and in accordance with applicable Accounting Standards.

8. Use of Estimates

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known/ materialised.

Textual information (4)

Disclosure of significant accounting policies [text block]

2. Fixed Assets

Fixed assets have been stated at the historical cost.

3. Depreciation

Depreciation on Fixed Assets is provided on Straight Line Method at the rates prescribed in the schedule XIV of the Companies Act, 1956. Depreciation on addition/deletion made during the year is provided on pro-rata basis from the date on which the asset is put to use or up to the date of deletion. Fixed assets up to Rs. 5000 are depreciated fully in the year of capitalization.

Leasehold Land is amortised over the period of Lease.

4. Inventories

All the items of Inventories have been valued at Cost or Net Realisable Value whichever is lower.

5. Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of transaction and loss /profit if any is being charged to profit and loss account.

Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year-end rates.

6. Retirements Benefits

Company's contribution to Provident Fund and Superannuation Fund are charged to Profit & Loss Account. Liability for Gratuity and Leave Encashment Benefit is provided on accrual basis as determined on actuarial valuation.

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

9. Contingent Liabilities

Contingent liabilities are not provided for and are disclosed by way of note.

Disclosure in board of directors report explanatory [Text Block]

DIRECTOR'S REPORT

To,

The Members

Your Directors are pleased to present Annual Report and the audited accounts for the financial year ended on 31st March, 2012.

OPERATIONS

During the year, your Company has started providing facility usage services to the client at the premises of the Company in Delhi and earned a profit of Rs.3,68,206/- as compared to loss of Rs. 262,30,359/- incurred during the previous financial year. The Company has entered into various properties related contracts. While benefits from such contracts will accrue in the future years, the Board of Directors shall periodically review their progress.

DIVIDEND

Your Directors do not recommend any dividend on equity share for the financial year under review.

FIXED DEPOSIT

The Company has not accepted any deposits within the meaning of Section 58A of the Companies Act, 1956 and the rules made there under.

DIRECTORS

Shri Hitesh Chawda, Director of the Company, retires by rotation and being eligible, offers himself for reappointment at the ensuing Annual General Meeting.

COMPLIANCE CERTIFICATE

Compliance Certificate, as per proviso to Section 383A (1) of the Companies Act, 1956 read with Companies (Compliance Certificate) Rules, 2001, is attached herewith.

DIRECTOR'S RESPONSIBILITY STATEMENT

Pursuant to the requirement under Section 217(2AA) of the Companies Act, 1956, with respect to Director's Responsibility Statement, it is hereby confirmed that:

- (i) in the preparation of the accounts for the financial year ended on 31st March, 2012, the applicable accounting standards have been followed;
- (ii) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for the year under review;
- (iii) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities

ors have prepared the accounts for the financial year ended 31st March, 2012 on a 'going concern' basis.

Disclosure in auditor's report explanatory [Text Block]

AUDITORS' REPORT

TO THE MEMBERS

We have audited the attached Balance Sheet of Campion Properties Limited as at 31st March 2012 and also the Statement of Profit and Loss and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As required by the Companies (Auditors' Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matter specified in the Said Order to the extent applicable.

Further to our comments in the Annexure referred to in paragraph 3 above, we report that :

- 4.1 We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit,
- 4.2 In our opinion, proper books of account as required by law, have been kept by the Company, so far as appears from our examination of those books,
- 4.3 The Balance Sheet, Statement of Profit & Loss and Cash Flow Statement dealt with by this report are in agreement with the books of account,
- 4.4 In our opinion, the Balance Sheet, Statement of Profit & Loss and Cash Flow Statement dealt with by this report comply with Accounting Standards as referred to in sub section (3C) of Section 211 to the Companies Act, 1956 to the extent applicable.
- 4.5 On the basis of the written representation received from the Directors, we report that none of the directors is disqualified as on 31st March, 2012 from being appointed as a director under section 274 (1) (g) of the Companies Act, 1956.
5. In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the notes thereon give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - a) in the case of Balance Sheet, of the State of Affairs of the Company as at 31st March 2012
 - b) in case of Statement of Profit & Loss, of the loss of the Company for the year ended 31st March 2012.
 - c) in case of Cash Flow Statement, of the cash flows for the year ended on that date.

Annexure to the Auditors' Report

Referred to in paragraph 3 of our report of even date

1. a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

b) As per the information and explanation given to us, all the fixed assets have been physically verified by the management during the period under audit, which in our opinion is reasonable having regard to the size of the Company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.

c) During the period under audit, the Company has not disposed off substantial part of its fixed assets.

2. The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditors' Report) Order, 2003 relating to "Inventories of the Company" are not applicable to the Company as during the period under audit the Company has no inventory.

3. According to the information and the explanation given to us, the Company has neither granted nor taken any loans, secured or unsecured to/from companies, firms or other parties in the register maintained under section 301 of the Act. Consequently, the clause 4 (iii) (a) to (g) of the Companies (Auditors' Report) Order, 2003 not applicable to the Company.

4. In our opinion and according to the information and explanations given to us, there is adequate internal control procedure commensurate with the size of the Company and the nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failures to correct major weaknesses in internal controls.

5. According to the information and the explanation given to us, during the period under audit there have been no transaction of purchases of materials and sale of goods, materials and services which need to be entered in to the Register maintained under section 301 of the Companies Act, 1956. Consequently, the clause 4 (v) (b) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.

6. As per the information and explanation given to us, the Company has not accepted any deposits from the public in terms of Sections 58 A and 58 AA of the Companies Act, 1956 and the Companies (Acceptance of deposits) Rules, 1975.

7. In our opinion, the Company has an internal audit system commensurate with the nature and size of its business.

8. As informed to us, the maintenance of cost records has not been prescribed by the Central Government under section 209 (1) (d) of the Companies Act, 1956.

9. In respect of statutory dues:

a) The Company has generally been regular in depositing undisputed statutory dues including provident fund, Income Tax, Wealth Tax, custom duty, Excise duty, cess with appropriate authorities except in case of service tax payable.

According to the information and explanation given to us, there was undisputed amounts payable in respect of Service tax of Rs 11,00,000 (Rupees Eleven Lakhs) for the period from 1st April 2011 to 30th September 2011 which have remained outstanding as at 31st March 2012 for a period of more than six months. They become payable, Pending the receipt of service tax registration.

According to the information and explanation given to us, there are no disputed statutory dues.

have remained outstanding as at 31st March 2012.

10. The accumulated losses of the Company at the end of the financial year are more than the net worth of Company and though the company has not incurred cash losses in the current financial year and but incurred the cash losses in the immediately preceding financial year. (Further refer Note. 1 of Notes to Accounts).

11. In our opinion and according to the information and explanation given to us, the Company has not defaulted in repayment of the dues to a financial institution and bank.

12. Based on our examination of the records and the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities.

13. In our opinion, the Company is not a chit fund, or a nidhi / mutual benefit fund/society. Therefore, the provisions of clause 4 (xiii) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.

14. The Company is not dealing or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4 (xiv) of the Companies (Auditors' Report) Order, 2003 are not applicable to the Company.

15. According to information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks and financial institutions.

16. According to information and explanation given to us, the Company has not obtained any term loan from any bank/ financial institution; therefore, the provisions of clause (xvi) of the Companies (Auditors' Report) Order, 2003 are not applicable to it.

17. According to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we are of the opinion that the funds raised on short-term basis have not been used for long-term investment or vice-versa.

18. The Company has not made any preferential allotment of shares to parties and companies covered in the Register maintained under section 301 of the Companies Act, 1956.

19. The Company has not issued any debentures.

20. The provisions of clause 4(xx) of the Companies (Auditor's Report) Order, 2003 relating to "the disclosure of end use of the money raised by public issue" are not applicable to the Company.

21. As per the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the period under audit.

Disclosure of additional balance sheet notes explanatory [Text Block]

Note: 2.15

Disclosure under Micro, Small and Medium Enterprises Development Act, 2006 (MSMED)

There are no reported Micro, Small & Medium Enterprises as defined in the “The Micro, Small & Medium Enterprises Development Act, 2006” to whom the Company owes dues.

Note: 2.17

Balances of Creditors and Loans & Advances are subject to confirmation.

Note 2.18

In the opinion of the management, the current assets and loans & advances are at least equal to the value stated in the Balance Sheet, if realised in the ordinary course of business.

Note: 2.24

Previous year

The financial statements for the year ended March 31, 2011 had been prepared as per the then applicable, pre-revised Schedule VI to the Companies Act, 1956. Consequent to the notification of Revised Schedule VI under the Companies Act 1956, the financial statements for the year ended March 31, 2012 are prepared as per Revised Schedule VI. Accordingly, the previous year figures have also been reclassified to conform to this year's classification. The adoption of Revised Schedule VI for previous year figures does not impact recognition and measurement principles followed for preparation of financial statements.

[200800] Notes - Disclosure of accounting policies, changes in accounting policies and estimates

Textual information (31)

Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [Text Block]

Significant Accounting Policies to Balance Sheet and Statement of Profit and Loss

Note: 1

A. Method of Accounting

The Company follows the mercantile system of accounting and recognises income and expenditure on accrual basis except prepaid insurance. The accounts are prepared under the historical cost convention and in accordance with applicable Accounting Standards.

B. Fixed Assets

Fixed assets have been stated at the historical cost.

C. Depreciation

Depreciation on Fixed Assets is provided on Straight Line Method at the rates prescribed in the schedule XIV of the Companies Act, 1956. Depreciation on addition/deletion made during the year is provided on pro-rata basis from the date on which the asset is put to use or up to the date of deletion. Fixed assets up to Rs. 5000 are depreciated fully in the year of capitalization.

Leasehold Land is amortised over the period of Lease.

D. Inventories

All the items of Inventories have been valued at Cost or Net Realisable Value whichever is lower.

E. Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of transaction and loss /profit if any is being charged to profit and loss account.

Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year-end rates.

F. Retirements Benefits

Company's contribution to Provident Fund and Superannuation Fund are charged to Profit & Loss Account. Liability for Gratuity and Leave Encashment Benefit is provided on accrual basis as determined on actuarial valuation.

G. Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and reverse in one or more subsequent periods.

H. Use of Estimates

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known/ materialised.

I. Contingent Liabilities

Contingent liabilities are not provided for and are disclosed by way of note.

Accounting policies, change in accounting policies and estimates explanatory [TextBlock]	Textual information (5) [See below]

Textual information (5)

Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [Text Block]

Significant Accounting Policies to Balance Sheet and Statement of Profit and Loss

Note: 1

A. Method of Accounting

The Company follows the mercantile system of accounting and recognises income and expenditure on accrual basis except prepaid insurance. The accounts are prepared under the historical cost convention and in accordance with applicable Accounting Standards.

B. Fixed Assets

Fixed assets have been stated at the historical cost.

C. Depreciation

Depreciation on Fixed Assets is provided on Straight Line Method at the rates prescribed in the schedule XIV of the Companies Act, 1956. Depreciation on addition/deletion made during the year is provided on pro-rata basis from the date on which the asset is put to use or up to the date of deletion. Fixed assets up to Rs. 5000 are depreciated fully in the year of capitalization.

Leasehold Land is amortised over the period of Lease.

D. Inventories

All the items of Inventories have been valued at Cost or Net Realisable Value whichever is lower.

E. Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of transaction and loss /profit if any is being charged to profit and loss account.

Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year-end rates.

F. Retirements Benefits

Company's contribution to Provident Fund and Superannuation Fund are charged to Profit & Loss Account. Liability for Gratuity and Leave Encashment Benefit is provided on accrual basis as determined on actuarial valuation.

G. Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and reverse in one or more subsequent periods.

H. Use of Estimates

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known/ materialised.

I. Contingent Liabilities

Contingent liabilities are not provided for and are disclosed by way of note.

Textual information (17)

Disclosure in auditors report relating to preferential allotment of shares

The company has not made any preferential allotment of shares during the year to the parties covered in the Register maintained under section 301 of the Companies Act, 1956. Accordingly the provisions of clause 4(xviii) of the order are not applicable.

Textual information (18)

Disclosure in auditor's report explanatory [Text Block]

Independent Auditor's Report

To the Board of Directors of Campion Properties Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Campion Properties Limited ("the Company"), which comprises the balance sheet as at 31 March 2013, the statement of profit and loss of the company for the year then ended, the cash flow statement of the company for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) in the case of the balance sheet, of the state of affairs of the company as at 31 March 2013;
- (ii) in the case of the statement of profit and loss, of the profit for the year ended on that date; and

the cash flow statement, of the cash flows for the year ended on that date.

Legal and Regulatory Requirements

TRUE COPY H. Srinatharaj

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

1. As required by section 227(3) of the Act, we report that:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- c) the balance sheet, statement of profit and loss and cash flow statement dealt with by this Report are in agreement with the books of account; and
- d) in our opinion, the balance sheet, statement of profit and loss and cash flow statement comply with the Accounting Standards referred to in subsection (3C) of section 211 of the Companies Act, 1956.

2. As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Govt. of India in terms of sub-section (4A) of section 227 of 'The Companies Act, 1956' of India (the 'Act') and on the basis of such checks of books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure as statement on the matters specified in paragraphs 4 and 5 of the said Order.

3. On the basis of the written representations received from the directors, as at 31st March, 2013, and taken on record by the Board of Directors, we report that none of the directors is disqualified from being appointed as a director under section 274(1) (g) of the Companies Act, 1956.

ANNEXURE TO AUDITORS' REPORT

[Referred in paragraph 2 of Report on Other Legal and Regulatory Requirements of even date]

_____ has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

_____ has been physically verified by the management during the year, which in our opinion is considered reasonable having the company and the nature of its assets and no material discrepancy v _____ 1 to book

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

c) The company has not disposed off a substantial part of its fixed assets during the year.

ii) The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditor's Report) Order, 2003 relating to "Inventories of the Company" are not applicable to the Company as during the period under audit the Company has no inventory.

iii) The Company has not granted any unsecured loan to a company, firm or other parties covered in the register maintained under Section 301 of the Companies Act, 1956 during the year. Therefore the provisions of clause 4 (iii) are not applicable to the Company.

iv) According to the information and explanations given to us, the company has not accepted any deposit from the public in terms of Section 58A and 58AA or any other relevant provisions of the Act and the rules framed there under

v) In our opinion, the company has an internal audit system commensurate with its size and nature of its business.

vi) In our opinion and according to the information and explanations given to us, the Central Government has not prescribed maintenance of cost records under section 209(1) (d) of the Companies Act, 1956 for the product of the company.

vii) a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income-tax, , customs duty, excise duty and other material statutory dues as applicable, with the appropriate authorities. There are no outstanding statutory dues for more than six months as on 31.03.2013.

b) According to the information and explanations given to us and the records of the company, there are no dues of sale tax, income-tax, customs tax, wealth-tax, excise duty, service tax and cess which have not been deposited on account of any dispute .

viii) Though the accumulated losses of the company have exceeded its net worth as on 31st March 2013. However, as explained to us, the company does not have any intention to suspend the operational activities and there is continuous support from the parent company. Further, the company has not incurred cash loss during the current financial year and in the immediately preceding financial year.

ix) Based on our audit procedures and as per the information and explanations given to us, we are of the opinion that the company has not defaulted in the repayment of dues to a financial institution or bank or debenture holders during the year.

x) Based on our examination and as per the information and explanations given to us, the company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities. Accordingly the provisions of clause 4(xii) of the order are not applicable.

xi) In our opinion, the company is not a chit fund / nidhi / mutual benefit fund/societies. Accordingly the provisions of clause 4(xiii) of the order are not applicable.

xii) In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly the provisions of clause 4(xiv) of the order are not applicable.

xiii) In our opinion, and according to the information and explanations given to us, the company has not given any guarantee for loans taken by others from banks or financial institutions. Accordingly the provisions of clause 4(xv) of the order are not applicable.

xiv) According to the information and explanations given to us and based on our examination of the books of account of the company we have not observed any instance of funds raised for short term basis which were used for long term investment

xv) The company has not made any preferential allotment of shares during the year to the parties covered in the Register maintained under section 301 of the Companies Act, 1956. Accordingly the provisions of clause 4(xviii) of the order are not applicable.

has not issued any debenture and accordingly the provisions of clause 4(xix) of the order are not applicable.

xvii) The Company has not raised any money by public issues during the year. Accordingly the provisions of clause 4(xx) of the order are not applicable.

xviii) As per the information and explanations given to us, no fraud on or by the company has been noticed or reported during the year.

Textual information (31)

Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [Text Block]

Note : 1

A) Basis of preparation of Financial Statements

The Company follows the mercantile system of accounting and the Financial Statements have been prepared under the historical cost convention on an accrual basis of accounting unless otherwise stated, and in accordance with the generally accepted accounting principles and accounting standards applicable in India and the relevant provisions of the Companies Act, 1956.

B) Fixed Assets and Depreciation**Tangible Assets**

a) Fixed Asset are valued at historical cost less depreciation and accumulated impairment value.

b) Depreciation is provided on straight line method, at the rates prescribed under Schedule XIV to the Companies Act, 1956. Depreciation on addition/ deletion made during the year is provided on pro-rata basis from the date on which the asset is put to use or up to the date of deletion. Fixed assets up to Rs..5000 are depreciated fully in the year of capitalization.

c) Leasehold Land is amortised over the period of lease.

C) Inventories

Inventories are valued at lower of cost and net realizable value. Cost includes all expenses incurred in bringing the goods till their first location in the company.

D) Retirement and other Employees Benefits**i) Long Term Employee Benefits****a) Defined Contribution Plans**

The company's contribution to defined contribution plans i.e. Provident Fund and superannuation fund is recognised in Profit & Loss Account

b) Defined Benefit Plans

Liability for gratuity and leave encashment benefit is made on accrual basis as determined on actuarial valuation.

E) Foreign Currency Transactions

Transactions in foreign currency are recorded at the rates of exchange prevailing on the date of transaction. All foreign currency Assets/ liabilities are re-stated at the exchange rate prevailing at the date of balance sheet and the difference is taken to Profit and Loss account as foreign exchange fluctuation loss/ gain. Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year end rates.

F) Earning per share

Basic earnings are calculated by dividing the net profit/ (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earning per share are calculated by dividing the net profits attributable to ordinary equity holders and potential equity holders by the weighted average number of ordinary equity shares outstanding during the year and weighted average number of equity shares that would be issued on conversion of all the diluted potential ordinary shares into ordinary shares.

G) Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

H) Contingent Liabilities and Provisions

Liabilities of contingent nature are not provided for in the books and are disclosed by way of notes on accounts.

I) Use of Estimates

Preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported assets, liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported income, expenses and gains and losses during the reporting period. Difference between the actual results and estimates is recognised in the results are known/materialised.

J) Operating Leases

Leases, where significant portion of risk and reward of ownership are retained by the Lessor, are classified as Operating Leases and lease rentals thereon are charged to the Profit and Loss Account.

[201200] Notes - Employee benefits

Textual information (4)**Additional information on profit and loss account explanatory [Text Block]**Note :
2.15

- i) Though the accumulated losses of the Company have exceeded its net worth as on March31, 2013, the Company does not have any intention to suspend the operational activities. Further in view of :
- Construction work is going on at site
 - The Company has been funded by its Holding Company.
- The accounts have been prepared on going concern basis
- iv) The Gratuity Liability has been provided on accrual basis as per actuarial valuation, however at present the Company does not have any employee hence no provision has been made.

[200800] Notes - Disclosure of accounting policies, changes in accounting policies and estimates

Unless otherwise specified, all monetary values are in INR

	01/04/2012 to 31/03/2013
Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [TextBlock]	Textual information (5) [See below]

Textual information (5)

Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [Text Block]

Note : 1

A) Basis of preparation of Financial Statements

The Company follows the mercantile system of accounting and the Financial Statements have been prepared under the historical cost convention on an accrual basis of accounting unless otherwise stated, and in accordance with the generally accepted accounting principles and accounting standards applicable in India and the relevant provisions of the Companies Act, 1956.

B) Fixed Assets and Depreciation

Tangible Assets

a) Fixed Asset are valued at historical cost less depreciation and accumulated impairment value.

b) Depreciation is provided on straight line method, at the rates prescribed under Schedule XIV to the Companies Act, 1956. Depreciation on addition/ deletion made during the year is provided on pro-rata basis from the date on which the asset is put to use or up to the date of deletion. Fixed assets up to Rs..5000 are depreciated fully in the year of capitalization.

c) Leasehold Land is amortised over the period of lease.

C) Inventories

Inventories are valued at lower of cost and net realizable value. Cost includes all expenses incurred in bringing the goods till their first location in the company.

D) Retirement and other Employees Benefits

i) Long Term Employee Benefits

a) Defined Contribution Plans

The company's contribution to defined contribution plans i.e. Provident Fund and superannuation fund is recognised in Profit & Loss Account

b) Defined Benefit Plans

Liability for gratuity and leave encashment benefit is made on accrual basis as determined on actuarial valuation.

E) Foreign Currency Transactions

Transactions in foreign currency are recorded at the rates of exchange prevailing on the date of transaction. All foreign currency Assets/ liabilities are re-stated at the exchange rate prevailing at the date of balance sheet and the difference is taken to Profit and Loss account as foreign exchange fluctuation loss/ gain. Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year end rates.

F) Earning per share

Basic earnings are calculated by dividing the net profit/ (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earning per share are calculated by dividing the net profits attributable to ordinary equity holders and potential equity holders by the weighted average number of ordinary equity shares outstanding during the year and weighted average number of equity shares that would be issued on conversion of all the diluted potential ordinary shares into ordinary shares.

G) Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

H) Contingent Liabilities and Provisions

Liabilities of contingent nature are not provided for in the books and are disclosed by way of notes on accounts.

I) Use of Estimates

Preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported assets, liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported income and expenses during the reporting period. Difference between the actual results and estimates is recognised in the results are known/materialised.

J) Operating Leases

Leases, where significant portion of risk and reward of ownership are retained by the Lessor, are classified as Operating Leases and lease rentals thereon are charged to the Profit and Loss Account.

Textual information (6)

Disclosure in auditors report relating to fixed assets

- a) The company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- b) All the fixed assets have been physically verified by the management during the year, which in our opinion is considered reasonable having regard to the size of the company and the nature of its assets and no material discrepancy was noticed on such verification as compared to book records.
- c) The company has not disposed off a substantial part of its fixed assets during the year.

Textual information (7)

Disclosure in auditors report relating to inventories

The provisions of Clause 4(ii) (a), (b) and (c) of the Companies (Auditors Report) Order, 2003 relating to Inventories of the Company are not applicable to the Company as during the period under audit the Company has no inventory.

Textual information (8)

Disclosure in auditors report relating to loans

- a) The Company has not granted any unsecured loan to a company, firm or other parties covered in the register maintained under Section 301 of the Companies Act, 1956 during the year. Therefore the provisions of clause 4 (ii) (a) to (e) are not applicable to the Company.
- b) As informed, the company has taken interest free unsecured loan from M/s. Reliance Communications Ltd (the holding company) covered in the register maintained under section 301 of the Companies Act, 1956. The maximum amount outstanding at any time during the year and closing balance are Rs. 1,56,41,23,398 and Rs.1,56,41,23,398 respectively.
- c) The above unsecured loan is interest free, therefore, in our opinion; interest free unsecured loan is not prima facie prejudicial to the interest of the company.
- d) As explained to us that unsecured loan is repayable on demand and parent company has not demanded any amount during the year therefore, amount aggregating to rupees one lac or more was not due for repayment (including interest) at any time during the year.

Textual information (9)

Disclosure in auditors report relating to deposits accepted from public

According to the information and explanations given to us, the company has not accepted any deposit from the public in terms of Section 58A and 58AA or any other relevant provisions of the Act and the rules framed there under

Textual information (10)

Disclosure in auditors report relating to maintenance of cost records

In our opinion and according to the information and explanations given to us, the Central Government has not prescribed maintenance of cost records under section 209(1) (d) of the Companies Act, 1956 for the product of the company.

Textual information (11)

Disclosure in auditors report relating to statutory dues

a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues including provident fund, investor education and protection fund, employees state insurance, income-tax, , customs duty, excise duty and other material statutory dues as applicable, with the appropriate authorities. There are no outstanding statutory dues for more than six months as on 31.03.2014.

b) According to the information and explanations given to us and the records of the company, there are no dues of sale tax, income-tax, customs tax, wealth-tax, excise duty, service tax and cess which have not been deposited on account of any dispute .

Textual information (12)

Disclosure in auditors report relating to accumulated losses

Though the accumulated losses of the company have exceeded its net worth as on 31st March 2014. However, as explained to us, the company does not have any intention to suspend the operational activities and there is continuous support from the parent company. Further, the company has not incurred cash loss during the current financial year and in the immediately preceding financial year.

Textual information (13)

Disclosure in auditors report relating to default in repayment of financial dues

Based on our audit procedures and as per the information and explanations given to us, we are of the opinion that the company has not defaulted in the repayment of dues to a financial institution or bank or debenture holders during the year.

Textual information (14)

Disclosure in auditors report relating to loans and advances granted by way of pledge of shares debentures and other securities

Based on our examination and as per the information and explanations given to us, the company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities. Accordingly the provisions of clause 4(xii) of the order are not applicable.

Textual information (15)

Disclosure in auditors report relating to guarantee given

In our opinion, and according to the information and explanations given to us, the company has not given any guarantee for loans taken by others from banks or financial institutions. Accordingly the provisions of clause 4(xv) of the order are not applicable.

Textual information (16)

Disclosure in auditors report relating to nature and amount of fund raised for short-term has been used for long-term or vice versa

According to the information and explanations given to us and based on our examination of the books of account of the company we observed short term basis of Rs. 1,221,924,983 have been used for long term investments for rental property.

Textual information (17)

Disclosure in auditors report relating to preferential allotment of shares

The company has not made any preferential allotment of shares during the year to the parties covered in the Register maintained under section 301 of the Companies Act, 1956. Accordingly the provisions of clause 4(xviii) of the order are not applicable

Independent Auditors Report

To the Members of Campion Properties Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Campion Properties Limited (the Company), which comprises the balance sheet as at 31 March 2014, the statement of profit and loss of the company for the year then ended, the cash flow statement of the company for the year then ended and a summary of significant accounting policies and other explanatory information.

Managements Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 (the Act) read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the companys preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entitys internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

o the best of our information and according to the explanations given to us, the financial statements give the information in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in

- (i) in the case of the balance sheet, of the state of affairs of the company as at 31 March 2014;
- (ii) in the case of the statement of profit and loss, of the loss for the year ended on that date; and
- (iii) in the case of the cash flow statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by section 227(3) of the Act, we report that:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- c) the balance sheet, statement of profit and loss and cash flow statement dealt with by this Report are in agreement with the books of account; and
- d) in our opinion, the balance sheet, statement of profit and loss and cash flow statement comply with the Accounting Standards referred to in subsection (3C) of section 211 of the Companies Act, 1956 read with the general circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013.

2. As required by the Companies (Auditors Report) Order, 2003 issued by the Central Govt. of India in terms of sub-section (4A) of section 227 of The Companies Act, 1956 of India (the Act) and on the basis of such checks of books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure as statement on the matters specified in paragraphs 4 and 5 of the said Order.

3. On the basis of the written representations received from the directors, as at 31st March, 2014, and taken on record by the Board of Directors, we report that none of the directors is disqualified from being appointed as a director under section 274(1) (g) of the Companies Act, 1956.

Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [TextBlock]	Textual information (22) [See below]

**TRUE COPY** *H. Srinath Rao***THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Textual information (22)

Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [Text Block]

Significant Accounting Policies

A. Basis of preparation

The Company follows the mercantile system of accounting and the Financial Statements of the company have been prepared under the historical cost convention on an accrual basis of accounting unless otherwise stated, and in accordance with the generally accepted accounting principles and the applicable Accounting Standards notified u/s 211(3C) of the Companies Act, 1956 and the relevant provisions thereof.

B. Fixed Assets and Depreciation

1. Tangible Assets

a) Fixed Asset are valued at historical cost less depreciation and accumulated impairment value.

b) Depreciation is provided on straight line method, at the rates prescribed under Schedule XIV to the Companies Act, 1956. Depreciation on addition/ deletion made during the year is provided on pro-rata basis from the date on which the asset is put to use or up to the date of deletion. Fixed assets up to Rs.5,000 are depreciated fully in the year of capitalization.

c) Leasehold Land is amortised over the period of lease.

C. Inventories :

Inventories are valued at lower of cost and net realizable value. Cost includes all expenses incurred in bringing the goods till their first location in the company.

D. Retirement and other Employees Benefits :

i. Long Term Employee Benefits

a) Defined Contribution Plans

The company's contribution to defined contribution plans i.e. Provident Fund and superannuation fund is recognised in the Statement of Profit & Loss.

b) Defined Benefit Plans

Liability for gratuity and leave encashment benefit is made on accrual basis as determined on actuarial valuation.

E. Foreign Currency Transactions :

Transactions in foreign currency are recorded at the rates of exchange prevailing on the date of transaction. All foreign currency Assets/ liabilities are re-stated at the exchange rate prevailing at the date of balance sheet and the difference is taken to the Statement of Profit and Loss as foreign exchange fluctuation loss/ gain. Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year end rates.

F. Earning per share :

Basic earnings are calculated by dividing the net profit/ (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earning per share are calculated by dividing the net profits attributable to ordinary equity holders by the weighted average number of ordinary equity shares outstanding during the year and weighted average shares that would be issued on conversion of all the diluted potential ordinary shares into ordinary shares.

G. Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

H. Contingent Liabilities and Provisions :

Liabilities of contingent nature are not provided for in the books and are disclosed by way of notes on accounts.

I. Use of Estimates

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known/materialised.

J. Operating Leases :

Leases, where significant portion of risk and reward of ownership are retained by the Lessor, are classified as Operating Leases and lease rentals thereon are charged to the Statement of Profit & Loss.

[200800] Notes - Disclosure of accounting policies, changes in accounting policies and estimates

Unless otherwise specified, all monetary values are in INR

	01/04/2013 to 31/03/2014
Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [TextBlock]	Textual information (1) [See below]

Textual information (1)

Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [Text Block]

Significant Accounting Policies

A. Basis of preparation

The Company follows the mercantile system of accounting and the Financial Statements of the company have been prepared under the historical cost convention on an accrual basis of accounting unless otherwise stated, and in accordance with the generally accepted accounting principles and the applicable Accounting Standards notified u/s 211(3C) of the Companies Act, 1956 and the relevant provisions thereof.

B. Fixed Assets and Depreciation

1. Tangible Assets

a) Fixed Asset are valued at historical cost less depreciation and accumulated impairment value.

b) Depreciation is provided on straight line method, at the rates prescribed under Schedule XIV to the Companies Act, 1956. Depreciation on addition/ deletion made during the year is provided on pro-rata basis from the date on which the asset is put to use or up to the date of deletion. Fixed assets up to Rs.5,000 are depreciated fully in the year of capitalization.

c) Leasehold Land is amortised over the period of lease.

C. Inventories :

Inventories are valued at lower of cost and net realizable value. Cost includes all expenses incurred in bringing the goods till their first location in the company.

D. Retirement and other Employees Benefits :

i. Long Term Employee Benefits

a) Defined Contribution Plans

The company's contribution to defined contribution plans i.e. Provident Fund and superannuation fund is recognised in the Statement of Profit & Loss.

b) Defined Benefit Plans

Liability for gratuity and leave encashment benefit is made on accrual basis as determined on actuarial valuation.

E. Foreign Currency Transactions :

Transactions in foreign currency are recorded at the rates of exchange prevailing on the date of transaction. All foreign currency Assets/ liabilities are re-stated at the exchange rate prevailing at the date of balance sheet and the difference is taken to the Statement of Profit and Loss as foreign exchange fluctuation loss/ gain. Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year end rates.

F. Earning per share :

Basic earnings are calculated by dividing the net profit/ (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earning per share are calculated by dividing the net profits attributable to ordinary equity holders by the weighted average number of ordinary equity shares outstanding during the year and weighted average shares that would be issued on conversion of all the diluted potential ordinary shares into ordinary shares.

G. Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act, 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

H. Contingent Liabilities and Provisions :

Liabilities of contingent nature are not provided for in the books and are disclosed by way of notes on accounts.

I. Use of Estimates

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known/materialised.

J. Operating Leases :

Leases, where significant portion of risk and reward of ownership are retained by the Lessor, are classified as Operating Leases and lease rentals thereon are charged to the Statement of Profit & Loss.

[300100] Notes - Revenue

Unless otherwise specified, all monetary values are in INR

	01/04/2013 to 31/03/2014
Disclosure of revenue explanatory [TextBlock]	Textual information (2) [See below]

Textual information (15)

Disclosure of appointment and remuneration of managerial personnels [Text Block]

Policy on appointment and remuneration of Directors, Key Managerial Personnel and Senior Management employees.

1. Introduction

1.1 Campion Properties Limited considers human resources as its invaluable assets. The policy aims to harmonize the aspirations of the directors/ employees with the goals of the Company.

1.2 Human capital is a strategic source of value creation. As part of progressive HR Philosophy, it is necessary to have in place a comprehensive Compensation Policy, which is in line with the industry trend and is employee friendly.

2. Objectives:

2.1 Ensuring that the quantum and composition of remuneration is reasonable and sufficient to attract, retain and motivate employees, to run the Company successfully.

2.2 Ensuring that relationship of remuneration to performance is clear and meets the performance benchmarks.

2.3 Ensure that annual compensation review considers industry/ business outlook and strategies adopted by industry peers, differentiates employees based on their performance/skill sets and also protects employees, particularly those in junior cadre, against inflationary pressures;

2.4 Retention of high performers at all levels and those playing critical roles.

3. Scope

The Board has constituted the Nomination and Remuneration Committee in line with the requirements under the provisions of the Companies Act, 2013. This Policy sets out the broad guiding principles for the Committee for recommending to the Board for the appointment and remuneration of the directors, key managerial personnel, Senior managerial personnel of the Company.

4. Definitions

4.1. Director means a director appointed to the Board of the Company.

4.3. Senior Management means personnel of the company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive directors, if any.

5. Policy:

5.1. Appointment of Directors/ Key Managerial / Senior Management personnel

The Nomination and Remuneration Committee, inter alia, considers qualifications, positive attributes, areas of expertise and number of Directorships and Memberships held in various committees of other companies by such persons for Selection. The Board considers the recommendation of the Committees and takes appropriate decision. The Company also considers the requirement of skills and effectiveness of ; to the Company's business and policy decisions of the Company.

o Directors/ Key Managerial Personnel

tion of the Directors/ Managing Directors/ Whole time Directors and M

contained in the Companies Act, 2013 and rules made therein from time to time.

5.2.2 Non-Executive Directors shall be entitled to sitting fees for attending the meetings of the Board and the Committees thereof as approved by the Board of Directors from time to time. The Non-Executive Directors shall also be entitled to profit related Commission, if approved by the Board, in addition to the sitting fees.

5.2.3 The Board, on the recommendation of the Nomination and Remuneration Committee, shall review and approve the remuneration payable to the Directors/ Key Managerial Personnel/ Senior Management Personnel of the Company within the overall limits, if any, approved by the shareholders.

5.2.4 The remuneration structure shall include the following components:

(i) Basic Pay

(ii) Perquisites and Allowances

(iii) Stock Options, if any.

(iv) Commission (Applicable in case of Executive Directors/ Directors)

(v) Retiral benefits

(vi) Annual Performance Linked Incentives

5.2.5 The Annual Plan, Objectives, financial results of the Company shall be reviewed by the Nomination and Remuneration Committee and Performance Incentives, increment, revision in remuneration etc. will be proposed based on the achievements.

5.3 Remuneration to other employees

Employees shall be assigned grades/bands according to their qualifications and work experience, competencies, as well as their roles and responsibilities in the organization. Individual remuneration shall be determined within the appropriate grade/bands and shall be based on various factors such as job profile, skill sets, seniority, experience, performance and prevailing remuneration levels for equivalent jobs.

6. Retention Features as part of Compensation Package

Based on the organizational need for retaining performing employees and those in critical roles, certain retention features may be rolled out as part of the overall compensation package. These may take form of Retention Bonuses (RBs); Special Monetary Programs (SMPs), Long-term Incentives (LTIs) etc.

7. Modification and Amendment:

The policy is subject to modification, amendment and alterations by the management at any time without assigning any reasons.

Disclosure in auditor's report explanatory [Text Block]

Independent Auditors Report

To the Members of Campion Properties Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Campion Properties Limited (the Company), which comprises the Balance Sheet as at 31 st March 2015, the Statement of Profit and Loss, the Cash Flow Statement of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information.

Managements Responsibility for the Financial Statements

The Companys Board of Directors is responsible for the matter stated in Section 134 (5) of the Companies Act, 2013 (the Act) with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities selection and application of appropriate accounting policies making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditors judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Companys preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Companys Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015, and its loss and its cash flows for the year ended on that date.

Emphasis of Matters

We draw attention to the following matters in the Notes to the financial statements:

- a) Note 22(i) in the financial statements which indicates that the Company has accumulated losses and its net worth has been fully eroded, the Company has incurred a net loss during the current and previous year(s) and, the Companys current liabilities exceeded its current assets as at the balance sheet date. These conditions, along with other matters set forth in Note 22(i), indicate the existence of a material uncertainty that may cast out the Companys ability to continue as a going concern. However, the financial statements of the Company have been concern basis for the reasons stated in the said note.

modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors Report) Order, 2015 (the Order), issued by the Central Government of India in terms of sub section 11 of Section 143 of the Companies Act, 2013, we give in the Annexure a statement on the matters specified in paragraph 3 and 4 of the said Order, to the extent applicable.

2. As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read Rule 7 of Companies (Accounts) Rule 2014.
- e) The going concern matter described in sub-paragraph (a) under the Emphasis of Matters paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
- f) On the basis of the written representations received from the directors as on 31st March, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
- g) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigation on its financial position in the financial statement- refer note 22(ii) to the financial statements
- ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Textual information (33)

Disclosure of additional balance sheet notes explanatory [Text Block]Other
Disclosures

- Though the accumulated losses of the Company have exceeded its net worth as on March 31, 2015, the Company does not have any intention to suspend the operational activities. Further in view of :
- i. Construction work is going on at site
The Company has been funded by its Holding Company.
The accounts have been prepared on going concern basis.
 - ii. Following disclosures are made for Contingent Liabilities not provided for in accordance with AS-29, on provisions, contingent liabilities and contingent assets:
 - (a) The total cost of capital commitment as on March 31, 2015 is Rs. 54 51 218 (Previous year: Rs 54 51 218/-)
For the A.Y. 2003-04 (i.e. F.Y. 2002-03) Assessment u/s 143(3) was completed on 23.12.05 assessing loss at Rs. 3.62 Cr. Thereafter CIT-VI, Delhi passed revision order u/s 263 dated 28.03.2008 for disallowance of claim of revenue expenditure of Rs. 0.73 Cr paid for vacating the premises. The assessment was accordingly revised vide Order u/s 143(3) r.w.s. 263 on 24.09.2008. No appeals were filed against the CIT's order u/s 263 or assessment revision order since there was no tax effect in view of losses. However, the AO levied penalty of Rs. 27 lakhs u/s 271(1)(c) dated 31.03.2009. The Company's appeal before CIT(A) XXVIII, New Delhi was dismissed and the penalty confirmed. The Company has filled an appeal before ITAT, therefore no provision has been accounted in the Books of accounts.
 - (b)
 - iii. In the opinion of the management, the current assets and loans & advances are at least equal to the value stated in the Balance Sheet, if realized in the ordinary course of business.
 - iv Balances with sundry debtors / creditors are subject to confirmation/ reconciliation.
 - iv. Micro, Small & Medium Enterprises :
Based on information available with the company there are no dues as at 31 March, 2015 (Previous Year: Nil) payable to the enterprises covered under the Micro, Small and Medium Enterprises Development Act, 2006.
No interest is paid or payable by the company in terms of section 16 of the Micro, Small and Medium Enterprises Development Act, 2006.
 - v. Previous year figures have been rearranged or regrouped wherever necessary.

[200800] Notes - Disclosure of accounting policies, changes in accounting policies and estimates

Unless otherwise specified, all monetary values are in INR

	01/04/2014 to 31/03/2015
Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [TextBlock]	Textual information (34) [See below]

**TRUE COPY** *H. Srinath Rao***THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Textual information (34)

Disclosure of accounting policies, change in accounting policies and changes in estimates explanatory [Text Block]1. Significant
Accounting
Policies

A. Basis of preparation

The Company follows the mercantile system of accounting and the Financial Statements of the company have been prepared under the historical cost convention on an accrual basis of accounting unless otherwise stated, and in accordance with the generally accepted accounting principles and the applicable Accounting Standards notified u/s 133 of the Companies Act, 2013 (herein referred the "Act"), read with Rule 7 of the Companies (Accounts) Rules 2014.

B. Fixed Assets and Depreciation

1. Tangible Assets

a)

Fixed Asset are valued at historical cost less depreciation and accumulated impairment value.

Depreciation on tangible assets is provided pro-rata to the period of use, on the Straight Line Method (SLM). The depreciation rates for all assets up to the year ended March 31, 2014 were as per Schedule XIV of the Companies Act 1956. Effective from April 01, 2014, Depreciation is charged on the basis of useful life of the Tangible Assets as given in Part C of Schedule II of the Companies Act, 2013, which are as follows:

Building	60 Years
Furniture & Fittings	10 Years
Office Equipment	05 Years
Plant & Machinery	15 Years

c)

Leasehold Land is amortised over the period of lease.

C. Inventories :

Inventories are valued at lower of cost and net realizable value. Cost includes all expenses incurred in bringing the goods till their first location in the company.

D. Retirement and other Employees Benefits :

1. Long Term Employee Benefits

a)

Defined Contribution Plans

The company's contribution to defined contribution plans i.e. Provident Fund and superannuation fund is recognised in the Statement of Profit & Loss.

b)

Defined Benefit Plans

Liability for gratuity and leave encashment benefit is made on accrual basis as determined on actuarial valuation.

Foreign Currency Transactions :

Transactions in foreign currency are recorded at the rates of

exchange prevailing on the date of transaction. All foreign currency Assets/ liabilities are re-stated at the exchange rate prevailing at the date of balance sheet and the difference is taken to the Statement of Profit and Loss as foreign exchange fluctuation loss/ gain. Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year end rates.

**CAMPION
PROPERTIES
LIMITED**

Notes on
Accounts to
the Balance
Sheet and
Statement of
Profit & Loss

F. Earning per share :

Basic earnings are calculated by dividing the net profit/ (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earning per share are calculated by dividing the net profits attributable to ordinary equity holders and potential equity holders by the weighted average number of ordinary equity shares outstanding during the year and weighted average number of equity shares that would be issued on conversion of all the diluted potential ordinary shares into ordinary shares.

G. Taxation

Current tax is determined as the amount of tax payable in respect of estimated taxable income for the year and in accordance with the provision of Income tax Act 1961. Deferred tax is recognised using the enacted tax rates and laws as on the Balance Sheet date, subject to the consideration of prudence in respect of deferred tax assets on all timing differences, between taxable income and accounting income that originate in one period and are capable of reversal in one of more subsequent periods.

H. Contingent Liabilities and Provisions :

Liabilities of contingent nature are not provided for in the books and are disclosed by way of notes on accounts.

I. Use of Estimates

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known/materialised.

J. Operating Leases :

Leases, where significant portion of risk and reward of ownership are retained by the Lessor, are classified as Operating Leases and lease rentals thereon are charged to the Statement of Profit & Loss.

ent and remuneration of Directors, Key Managerial Personnel and Senior Management employees.

TRUE COPY *H. Eyrathology*

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

1. Introduction

1.1 Campion Properties Limited considers human resources as its invaluable assets. The policy aims to harmonize the aspirations of the directors/ employees with the goals of the Company.

1.2 Human capital is a strategic source of value creation. As part of progressive HR Philosophy, it is necessary to have in place a comprehensive Compensation Policy, which is in line with the industry trend and is employee friendly.

2. Objectives:

2.1 Ensuring that the quantum and composition of remuneration is reasonable and sufficient to attract, retain and motivate employees, to run the Company successfully.

2.2 Ensuring that relationship of remuneration to performance is clear and meets the performance benchmarks.

2.3 Ensure that annual compensation review considers industry/ business outlook and strategies adopted by industry peers, differentiates employees based on their performance/skill sets and also protects employees, particularly those in junior cadre, against inflationary pressures;

2.4 Retention of high performers at all levels and those playing critical roles.

3. Scope

The Board has constituted the Nomination and Remuneration Committee in line with the requirements under the provisions of the Companies Act, 2013. This Policy sets out the broad guiding principles for the Committee for recommending to the Board for the appointment and remuneration of the directors, key managerial personnel, Senior managerial personnel of the Company.

4. Definitions

4.1. Director means a director appointed to the Board of the Company.

4.2. Key Managerial Personnel means

- (i) the Chief Executive Officer or the Managing Director or the Manager;
- (ii) the Company Secretary;
- (iii) the Whole-time Director;
- (iv) the Chief Financial Officer; and

cer as may be prescribed under the Companies Act, 2013.

4.3.Senior Management means personnel of the company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive directors, if any.

5. Policy:

5.1. Appointment of Directors/ Key Managerial / Senior Management personnel

The Nomination and Remuneration Committee, inter alia, considers qualifications, positive attributes, areas of expertise and number of Directorships and Memberships held in various committees of other companies by such persons for Selection. The Board considers the recommendation of the Committees and takes appropriate decision. The Company also considers the requirement of skills and effectiveness of persons contributing to the Companys business and policy decisions of the Company.

5.2. Remuneration to Directors/ Key Managerial Personnel

5.2.1 The remuneration of the Directors/ Managing Directors/ Whole time Directors and Manager etc. will be governed as per provisions contained in the Companies Act, 2013 and rules made therein from time to time.

5.2.2 Non-Executive Directors shall be entitled to sitting fees for attending the meetings of the Board and the Committees thereof as approved by the Board of Directors from time to time. The Non-Executive Directors shall also be entitled to profit related Commission, if approved by the Board, in addition to the sitting fees.

5.2.3 The Board, on the recommendation of the Nomination and Remuneration Committee, shall review and approve the remuneration payable to the Directors/ Key Managerial Personnel/ Senior Management Personnel of the Company within the overall limits, if any, approved by the shareholders.

5.2.4 The remuneration structure shall include the following components:

- (i) Basic Pay
- (ii) Perquisites and Allowances
- (iii) Stock Options, if any.
- (iv) Commission (Applicable in case of Executive Directors/ Directors)
- (v) Retiral benefits
- (vi) Annual Performance Linked Incentives

5.2.5 The Annual Plan, Objectives, financial results of the Company shall be reviewed by the Nomination and Remuneration Committee and Performance Incentives, increment, revision in remuneration etc. will be proposed based on the achievements.

other employees

Employees shall be assigned grades/bands according to their qualifications and work experience, competencies, as well as their roles and responsibilities in the organization. Individual remuneration shall be determined within the appropriate grade/bands and shall be based on various factors such as job profile, skill sets, seniority, experience, performance and prevailing remuneration levels for equivalent jobs.

6. Retention Features as part of Compensation Package

Based on the organizational need for retaining performing employees and those in critical roles, certain retention features may be rolled out as part of the overall compensation package. These may take form of Retention Bonuses (RBs); Special Monetary Programs (SMPs), Long-term Incentives (LTIs) etc.

7. Modification and Amendment:

The policy is subject to modification, amendment and alterations by the management at any time without assigning any reasons.

Textual information (3)

Disclosure in auditors report relating to fixed assets

a) In our opinion and according to the information and explanation given to us during the course of audit, the company has maintained proper records showing full particulars including quantitative details and situation of fixed assets. b) In our opinion and according to the information and explanation given to us during the course of audit, fixed assets have been physically verified by the management at reasonable interval having regard to the size of the company and the nature, of its assets and no material discrepancy was noticed on such verification as compared to book records. c) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the title deeds of immovable properties are held in the name of the company.

Textual information (4)

Disclosure in auditors report relating to inventories

In our opinion and according to the information and explanation given to us during the course of audit, the company does not have any inventory therefore clauses (ii) of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company

Textual information (5)

Disclosure in auditors report relating to loans

iii) In our opinion and according to the information and explanation given to us during the course of audit, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, clauses (a), (b) & (c) of (iii) the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.

Textual information (6)

Disclosure in auditors report relating to compliance with Section 185 and 186 of Companies Act, 2013

iv) In our opinion and according to the information and explanation given to us during the course of audit, the Company has not granted any loans, investment, guarantees and security. Therefore, clause (iv) of the Companies (Auditor's Report) Order, 2016 is not applicable to the Company.

Textual information (7)

Disclosure in auditors report relating to deposits accepted

v) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the company has not accepted any deposit from the public in terms of Section 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under.

Textual information (8)

Disclosure in auditors report relating to maintenance of cost records

vi) In our opinion and according to the information and explanation given to us during the course of audit, the Central Government has not prescribed maintenance of cost records under section 148 (1) of the Companies Act, 2013 for the product of the company. Therefore, clause (vi) of the Companies (Auditor's Report) Order, 2016 is not applicable to the Company.

Textual information (9)

Disclosure in auditors report relating to statutory dues [Text Block]

vii) a) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues as applicable have generally been regularly deposited with the appropriate authorities. There are no outstanding statutory dues for more than six months as on 31st March 2016.

b) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that there are no dues of income tax or sale tax or service tax or duty of customs or duty of excise or value added tax or cess which have not been deposited on account of any dispute, except as below:

Name of Statute	Nature Dues	Period to which it relates	Amount in Rs.	Forum where dispute is pending
Income Act, 1961	Tax Income Penalty	Tax A.Y. 2003-04	Rs. 27,00,000	ITAT

Textual information (10)

Disclosure in auditors report relating to default in repayment of financial dues

viii) In our opinion and according to the information and explanation given to us during the course of audit, the company does not have any loans or borrowings from any financial institution, banks, and government or debenture holders during the year. Therefore clause (viii) of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.

Textual information (11)

Disclosure in auditors report relating to public offer and term loans used for purpose for which those were raised

ix) In our opinion and according to the information and explanation given to us during the course of audit, the company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Therefore clause (ix) of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.

Textual information (12)

Disclosure in auditors report relating to fraud by the company or on the company by its officers or its employees reported during period

x) In our opinion and according to the information and explanation given to us during the course of audit, no fraud on the company or by the company, by its officers or employees has been noticed or reported during the course of our audit.

Textual information (13)

Disclosure in auditors report relating to managerial remuneration

xi) In our opinion and according to the information and explanation given to us during the course of audit, the Company has not paid managerial remuneration to any of its directors during the year. Therefore clause (xi) of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.

Textual information (14)

Disclosure in auditors report relating to Nidhi Company

xii) In our opinion and according to the information and explanation given to us during the course of audit, the company is not a Nidhi company. Therefore, clause (xii) of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.

Textual information (15)

Disclosure in auditors report relating to transactions with related parties

xiii) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that transactions with the related parties are in compliance with sections 177 & 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

Textual information (16)

Disclosure in auditors report relating to preferential allotment or private placement of shares or convertible debentures

xiv) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the company has not made any preferential allotment or private placements of shares or fully or partly convertible debentures during the year.

Textual information (17)

Disclosure in auditors report relating to non-cash transactions with directors or persons connected with him

In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the Company has not entered into non-cash transaction with directors or persons connected with him. Therefore, clause (xv) of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.

Textual information (18)

Disclosure in auditors report relating to registration under section 45-IA of Reserve Bank of India Act, 1934

According to the information and explanation given to us during the course of audit, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

Independent Auditor's Report

To the Members of Campion Properties Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Campion Properties Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matter stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. The auditor is also responsible for evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31st March 2016, and its loss and its cash flows for the year ended on that date.

Emphasis of Matters:

. Note 23(i) in the financial statements which indicates that the Company has accumulated losses and its net worth has been fully eroded, the Company has incurred a net loss during the current and previous year(s) and, the Company's current liabilities exceeded its current assets as at the balance sheet date. These conditions, along with other matters set forth in Note 23(i), indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said note.

Our opinion is not modified in this respect.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub section 11 of Section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraph 3 and 4 of the said Order, to the extent applicable.

2. As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, Statement of Profit & Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read Rule 7 of Companies (Accounts) Rule 2014.
- e) The going concern matter described sub paragraph 3 under the emphasis of matters paragraph above, in our opinion, may have an adverse effect on the functioning of the company.
- f) On the basis of the written representations received from the directors as on 31st March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

it to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and 14, in our opinion and to the best of our information and according to the explanations given to us:

ANNEXURE -B TO AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Campion Properties Limited ("the Company") as of 31st March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the an audit of internal financial controls, both applicable to an audit of In

TRUE COPY *K. Srinath*

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Disclosure of additional balance sheet notes explanatory [Text Block]Other
Disclosures

Though the accumulated losses of the Company have exceeded its net worth as on March 31, 2016, the Company does not have any intention to suspend the operational activities. Further in view of :

- i. Construction work is completed.
The Company has been funded by its Holding Company.
The accounts have been prepared on going concern basis.

Following disclosures are made for Contingent Liabilities and commitments not provided for :

- (a) Claims against the company not acknowledged as debt :- Nil
- (b) Guarantees:- Nil
- ii. (c) For the A.Y. 2003-04 (i.e. F.Y. 2002-03) Assessment u/s 143(3) was completed on 23.12.05 assessing loss at Rs. 3.62 Cr. Thereafter CIT-VI, Delhi passed revision order u/s 263 dated 28.03.2008 for disallowance of claim of revenue expenditure of Rs. 0.73 Cr paid for vacating the premises. The assessment was accordingly revised vide Order u/s 143(3) r.w.s. 263 on 24.09.2008. No appeals were filed against the CIT's order u/s 263 or assessment revision order since there was no tax effect in view of losses. However, the AO levied penalty of Rs. 27 lakhs u/s 271(1)(c) dated 31.03.2009. The Company's appeal before CIT(A) XXVIII, New Delhi was dismissed and the penalty confirmed. The Company has filled an appeal before ITAT, therefore no provision has been accounted in the Books of accounts.
- (d) The total cost of capital commitment as on March 31, 2016 is Rs. NIL (Previous year: Rs 54 51 218/-)

- iii. In the opinion of the management, the current assets and loans & advances are at least equal to the value stated in the Balance Sheet, if realized in the ordinary course of business.

Micro, Small & Medium Enterprises :

- iv. Based on information available with the company there are no dues as at 31 March, 2015 (Previous Year: Nil) payable to the enterprises covered under the Micro, Small and Medium Enterprises Development Act, 2006. No interest is paid or payable by the company in terms of section 16 of the Micro, Small and Medium Enterprises Development Act, 2006.

Based on information available with the company there is no dues as at 31 March 2016, (Balance at the end of the immediately preceding financial year :Nil), payable to the enterprises covered under the Macro, Small and Medium Enterprises Development Act 2006.No Interest is paid or payable by the company in terms of section 16 of the Micro, Small and Medium Enterprises Development Act 2006

sonnel

of the Act, the Company is not required to appoint Key Managerial Personnel of the Company

TRUE COPY H. Srinathakrishna

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Policy on Directors, Key Managerial Personnel and other Senior Employees Appointment and Remuneration

The Nomination and Remuneration Committee of the Board has devised a policy for selection and appointment of Directors, Senior Management and their Remuneration. The Committee has formulated the criteria for determining qualifications, positive attributes and independence of a Director. Further, the Committee has also devised a policy relating to remuneration for Key Managerial Personnel and senior management employees, as the Company does not have any Whole-time Director/ Managing Director on its Board. The policy on the above is attached as Annexure - A.

Evaluation of Directors, Board and Committees

As per the requirement of the Act, policy for performance evaluation of the individual directors, Board and its Committee, which includes criteria for performance evaluation not applicable to the Company.

Directors Responsibility Statement

Pursuant to the requirements under Section 134(3)(c) of the Companies Act, 2013 with respect to Directors Responsibility Statement, it is hereby confirmed that:

- (i) in the preparation of the annual financial statements for financial year ended March 31, 2017, the applicable Accounting Standards had been followed along with proper explanation relating to material departures, if any;
- (ii) the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2017 and of the loss of the Company for the year ended on that date
- (iii) the Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (iv) the Directors had prepared the annual financial statements for the financial year ended March 31, 2017 on a going concern basis;
- (v) The Directors had laid down internal financial controls to be followed by the Company and such financial controls are adequate and are operating effectively, and
- (vi) the Directors have devised proper systems to ensure compliance with the provisions of all applicable laws were in place and were adequate and operating effectively.

Related Party Transactions

All related party transactions that were entered into during the financial year were on an arms length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with Promoters, Directors or other designated persons, which may have a potential conflict with the interest of the Company at large.

None of the Directors has any pecuniary relationships or transactions vis-à-vis the Company.

Material Changes and Commitments if any affecting the financial position of the Company

There was no material change and commitment affecting the financial position of the Company.

Meetings of the Board

Four Board Meetings were held on May 6, 2016, August 29, 2016, November 7, 2016 and February 9, 2017. The maximum time between meetings was 114 days and the minimum gap was 69 days. The meeting

Risk Management

The Company has a business risk management framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimise adverse impact on the business objective and enhance company's competitive advantage. The business risk framework defines the risk management approach across the Company at various levels including documentation and reporting. The framework has different risk models, which helps in identifying risk trend, exposure and potential impact analysis at a Company level.

Auditors and Auditors Report

At the last Annual General Meeting (AGM) held on September 30, 2016, M/s. A S P & Co., Chartered Accountants, was appointed as Statutory Auditor of the Company to hold office till the conclusion of the Annual General Meeting of the Company to be held for the Financial year 2020-21.

Pursuant to the provisions of Section 139 of the Act and the Companies (Audit and Auditors) Rules, 2014, M/s. A S P & Co., Chartered Accountants, the Statutory Auditor of the Company have been appointed for a term of 5 years. However, their appointment as Statutory Auditor of the Company shall be required to be ratified by the Members at the ensuing Annual General Meeting. The Company has received a confirmation letter from the said Auditor that they are not disqualified to act as the Auditor and are eligible to hold the office as Auditor of the Company. Necessary resolution for ratification of appointment of the said Auditors is included in the notice of AGM for seeking approval of the members.

The observations and comments given by the Auditors in their report read together with notes on financial statements are self explanatory and hence do not call for any further comments under Section 134 of the Companies Act, 2013.

Financial Statements - Application of Indian Accounting Standards (Ind AS) Rules, 2015.

2.2 Ensuring that relationship of remuneration to performance is clear and meets the performance benchmarks.

2.3 Ensure that annual compensation review considers industry/ business outlook and strategies adopted by industry peers, differentiates employees based on their performance/skill sets and also protects employees, particularly those in junior cadre, against inflationary pressures;

2.4 Retention of high performers at all levels and those playing critical roles.

3. Scope

The Board has constituted the Nomination and Remuneration Committee in line with the requirements under the provisions of the Companies Act, 2013. This Policy sets out the broad guiding principles for the Committee for recommending to the Board for the appointment and remuneration of the directors, key managerial personnel, Senior managerial personnel of the Company.

4. Definitions

4.1. Director means a director appointed to the Board of the Company.

4.2. Key Managerial Personnel means

- (i) the Chief Executive Officer or the Managing Director or the Manager;
- (ii) the Company Secretary;
- (iii) the Whole-time Director;
- (iv) the Chief Financial Officer; and
- (v) such other officer as may be prescribed under the Companies Act, 2013.

4.3. Senior Management means personnel of the company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive directors, if any

5. Policy:

5.1. Appointment of Directors/ Key Managerial / Senior Management personnel

The Nomination and Remuneration Committee, inter alia, considers qualifications, positive attributes, areas of expertise and number of Directorships and Memberships held in various committees of other companies by such persons for Selection. The Board considers the recommendation of the Committees and takes appropriate decision. The Company also considers the requirement of skills and effectiveness of persons contributing to the Company's business and policy decisions of the Company.

5.2. Remuneration to Directors/ Key Managerial Personnel

5.2.1 The remuneration of the Directors/ Managing Directors/ Whole time Directors and Manager etc. will be governed as per provisions contained in the Companies Act, 2013 and rules made therein from time to time.

5.2.2 Non-Executive Directors shall be entitled to sitting fees for attending the meetings of the Board and the Committees thereof as approved by the Board from time to time. The Non-Executive Directors shall also be entitled to profit related Commission, if approved by the Board, on the sitting fees.

the Directors/ Key Managerial Personnel/ Senior Management Personnel of the Company within the overall limits, if any, approved by the shareholders.

5.2.4 The remuneration structure shall include the following components:

- (i) Basic Pay
- (ii) Perquisites and Allowances
- (iii) Stock Options, if any.
- (iv) Commission (Applicable in case of Executive Directors/ Directors)
- (v) Retiral benefits
- (vi) Annual Performance Linked Incentives

5.2.5 The Annual Plan, Objectives, financial results of the Company shall be reviewed by the Nomination and Remuneration Committee and Performance Incentives, increment, revision in remuneration etc. will be proposed based on the achievements.

5.3 Remuneration to other employees

Employees shall be assigned grades/bands according to their qualifications and work experience, competencies, as well as their roles and responsibilities in the organization. Individual remuneration shall be determined within the appropriate grade/bands and shall be based on various factors such as job profile, skill sets, seniority, experience, performance and prevailing remuneration levels for equivalent jobs.

6. Retention Features as part of Compensation Package

Based on the organizational need for retaining performing employees and those in critical roles, certain retention features may be rolled out as part of the overall compensation package. These may take form of Retention Bonuses (RBs); Special Monetary Programs (SMPs), Long-term Incentives (LTIs) etc.

7. Modification and Amendment:

The policy is subject to modification, amendment and alterations by the management at any time without assigning any reasons.

Annexure – B

Independent Auditors Report

To the Members of Campion Properties Limited

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Campion Properties Limited (the Company), which comprise the Balance Sheet as at 31st March 2017, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Managements Responsibility for the Ind AS Financial Statements

The Companys Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 (the Act) with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs (financial position), loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditors judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Companys preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Companys Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

to the best of our information and according to the explanations given t

TRUE COPY *K. Srinath*

its give the

information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31st March 2017, and its loss (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Emphasis of Matter

We draw attention to the following matter in the Notes to the financial statements:

1. The Company has accumulated losses which exceeded the net worth of the company as on March 31, 2017 and March 31, 2016. Further, the Company has incurred Cash loss in the current year and the Companys current liabilities exceeded its current assets as at the balance sheet date. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Companys ability to continue as a going concern. Further, considering the future Business plan and continuous financials and other support from the Holding Company, the Ind AS financial statements are continued to prepare on going concern basis (refer note 30a).

Our opinion is not modified in this respect.

Other Matters

The comparative financial information of the Company for the year ended 31 March 2016 and the transition date opening balance sheet as at 1 April 2015 included in these Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by us, whose audit report for the year ended 31 March 2016 & 31 March 2015 dated 6 May 2016 & 23 May 2015 respectively expressed an unmodified opinion on those financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion is not modified in respect of above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors Report) Order, 2016 (the Order), issued by the Central Government in terms of sub section 11 of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the said Order, to the extent applicable

2. As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss (including the Other Comprehensive Income), Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).
- e) The going concern matter described sub paragraph 3 under the Emphasis of Matters paragraph above, in our opinion, may have an adverse effect on the functioning of the company.

of the written representations received from the directors as on 31st March, 2017 taken on record by the Board of Directors, is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.

to the adequacy of the internal financial controls over financial reportii

veness of

such controls, refer to our separate Report in Annexure 2.

h) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements- Refer note 17 to the Ind AS financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

iv. The Company has provided requisite disclosures in its Ind AS financials statement as to holdings as well as dealings in Specified Bank Notes during the period from 8th November, 2016 to 30th December, 2016. Based on the audit procedures and relying on the management representation, we report that the disclosures are in accordance with the books of accounts maintained by the Company.

ANNEXURE -1 TO THE INDEPENDENT AUDITORS REPORT

Referred to in our report of even dated to the members of Campion Properties Limited on the accounts for the year ended 31st March 2017:

i) a) In our opinion and according to the information and explanation given to us during the course of audit, the company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

b) In our opinion and according to the information and explanation given to us during the course of audit, fixed assets have been physically verified by the management at reasonable interval having regard to the size of the company and the nature of its assets and no material discrepancy was noticed on such verification as compared to book records.

c) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the title deeds of immovable properties are held in the name of

ion and according to the information and explanation given to us during the course of audit, the company does not have any clause (ii) of the Order is not applicable to the Company.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

iii) In our opinion and according to the information and explanation given to us during the course of audit, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, clauses (a), (b) & (c) of (iii) the Order are not applicable to the Company.

iv) In our opinion and according to the information and explanation given to us during the course of audit, the Company has not granted any loans, investment, guarantees and security. Therefore, clause (iv) of the Order is not applicable to the Company.

v) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the company has not accepted any deposit from the public in terms of Section 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under.

vi) In our opinion and according to the information and explanation given to us during the course of audit, the Central Government has not prescribed maintenance of cost records under section 148 (1) of the Companies Act, 2013 for the product of the company. Therefore, clause (vi) of the Order is not applicable to the Company.

vii) a) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the undisputed statutory dues including provident fund, employees state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues as applicable have generally been regularly deposited with the appropriate authorities though there has been a slight delay in few cases. There are no outstanding statutory dues for more than six months as on 31st March 2017.

b) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that there are no dues of income tax or sale tax or service tax or duty of customs or duty of excise or value added tax or cess which have not been deposited on account of any dispute, except as below:

Name of Statute	Nature of Dues	Period to which it relates	Amount in Rs. 000	Forum Where dispute is pending
Income Tax Act, 1961	Income Tax Penalty	A.Y. 2003-04	Rs. 2,700	ITAT

viii) In our opinion and according to the information and explanation given to us during the course of audit, the company does not have any loans or borrowings from any financial institution, banks, and government or debenture holders during the year. Therefore clause (viii) of the Order are not applicable to the Company.

ix) In our opinion and according to the information and explanation given to us during the course of audit, the company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Therefore clause (ix) of the Order is not applicable to the Company.

x) In our opinion and according to the information and explanation given to us during the course of audit, no fraud on the company or by the company, by its officers or employees has been noticed or reported during the course of our audit.

xi) In our opinion and according to the information and explanation given to us during the course of audit, the Company has not paid managerial remuneration to any of its directors during the year. Therefore clause (xi) of the Order is not applicable to the Company.

xii) In our opinion and according to the information and explanation given to us during the course of audit, the company is not a Nidhi company. Therefore, clause (xii) of the Order is not applicable to the Company.

xiii) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that transactions with the related parties are in compliance with sections 177 & 188 of the Act where applicable and details of such transactions have been disclosed in the Ind AS financial statements as required by the applicable accounting standards.

the information and explanations sought by us and given by the company and the books and records examined by us in the dit and to the best of our knowledge and belief, we state that the company has not made any preferential allotment or private s or fully or partly convertible debentures during the year.

xv) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the Company has not entered into non-cash transaction with directors or persons connected with him. Therefore, clause (xv) of the Order is not applicable to the Company.

xvi) In our opinion and according to the information and explanation given to us during the course of audit, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

ANNEXURE -2 TO THE INDEPENDENT AUDITORS REPORT

Referred to in our report of even dated to the members of Campion Properties Limited on the accounts for the year ended 31st March 2017:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the Act)

We have audited the internal financial controls over financial reporting (IFCoFR) of Campion Properties Limited (the Company) as of 31st March 2017 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Managements Responsibility for Internal Financial Controls

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the IFCoFR criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's IFCoFR based on our audit.

audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of

Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the (IFCoFR) to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting (IFCoFR) and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Textual information (3)

Disclosure of significant accounting policies [Text Block]

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Maharashtra 400710.

The company has been formed to carry on business of providing facility usage services to the client at the premises of the Company in Delhi.

Basis of preparation of Financial Statements :

a. Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

For all the periods up to and including 31 March 2016, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India, accounting standards specified under Section 133 of the Companies Act, 2013, the Companies Act, 1956 (to the extent notified and applicable), applicable provisions of the Companies Act, 1956. The Company followed the provisions of Ind AS 101 in preparing its opening Ind AS Balance Sheet as of the date of transition, viz. 1 April 2015. Some of the Company's Ind AS accounting policies used in the opening Balance Sheet are different from its previous GAAP policies applied as at 31 March 2015, but no additional transitional adjustments were required as correspond to previous applicable Accounting Standards.

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

1 established control framework with respect to the measurement of fair values. The management regularly reviews significant and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair value, management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. (Refer to note 39 for information on detailed disclosures pertaining to measurement of fair values)

c. Functional and presentation currency

These financial statements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded off to the nearest thousand, unless otherwise stated.

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

- It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realise the asset within 12 months after the reporting period; or
- The asset is a cash or equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to be settled within 12 months after the reporting period; or

It does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

e. Use of Estimates :

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known / materialised. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognised prospectively.

1.2 Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

a. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1. Financial assets

a.1.1. Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2. Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Debt instruments at amortized cost

A debt instrument is measured at the amortised cost if both the following conditions are met:

within a business model whose objective is to hold assets for collecting contractual cash flows, and

of the asset give rise on specified dates to cash flows that are solely p

TRUE COPY H. Srinathakrishna

the

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A debt instrument is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The assets contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL (Fair value through profit or loss)

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as accounting mismatch).

Equity investments :

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3. Derecognition

A financial asset is primarily derecognised when:

I) The rights to receive cash flows from the asset have expired, or

II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

f financial assets

es on a forward looking basis the expected credit losses associated with

TRUE COPY H. Srinatharaj

ipairment

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

methodology applied depends on whether there has been a significant increase in the credit risk.

As a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

a.2. Financial liabilities

a.2.1. Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Property, Plant & Equipment:

Initial recognition and measurement

Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated sation and impairment loss, if any. Subsequent Expenditure is capitalised only if it is probable that future economic benefits expenditure will flow to the company.

All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalised.

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognised.

The assets residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortised on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 38 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of intangible assets as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and the statement of profit and loss.

& Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

Name of Assets	Life in years
Furniture & Fittings	10 Years
Office Equipment	05 Years
Plant & Machinery	15 Years

(ii) Amortisation:

Intangible Assets are amortized over the remaining on straight line method as per Ind AS 38 as prescribed in Schedule II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or 3 years, whichever is less.

(iii) Depreciation on Investment Property

Name of Assets	Life in years
Building	60 Years
Leasehold Improvements	99 Years (lease period)

f. Impairment of Non- Financial Assets :

The carrying amounts of the Companys non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 Impairment of Assets. If any such indication exists, then the assets recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is increased / reversed where there is change in the estimate of recoverable value. The recoverable value is higher of net selling price and value in use.

g. Borrowing Cost:

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition, construction or erection of the qualifying asset.

Borrowing costs ceases when substantially all the activities necessary to ready the asset for its intended uses are completed. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for

TRUE COPY *H. Srinath*

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Other borrowing costs are recognized as an expense in the year in which they are incurred.

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

i. Employee benefits

Long Term Benefits

I. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities. Any actuarial gains or losses are recognized in OCI in the period in which they arise.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

j. Lease

In respect of Operating Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessors expected inflationary cost increases, except for lease rentals pertaining to the period up to the date of commencement of commercial operations, which are capitalised.

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognised as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalised as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognised as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalised.

k. Revenue Recognition :

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognised on time proportion basis. Dividend is considered when right to receive is established.

l. Foreign Currency Transactions

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Foreign currency monetary items (assets and liabilities) are retranslated using the exchange rate prevailing at the reporting date.

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognised in the Statement of Profit and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share:

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

t tax represents the amount that would be payable based on computation of tax as per the provisions of the Income Tax Act, determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except to the extent that it relates to items in other comprehensive income or equity, in which case it is recognized in OCI or equity.

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognised for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

Deferred Tax assets / Liabilities are not recognised for initial recognition of Goodwill or of an asset or liability in a transition that is not a business combination and at the time of transaction affects neither the accounting profit nor taxable profit/(loss), MAT credit is recognised as an asset only if there is convincing evidence that the Company will pay normal income tax during the specified period.

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

p. Cash flow statement

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 Statement of Cash Flows.

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

r. Exemptions and exceptions availed

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

1.3 First-time Ind AS adoption reconciliations

The Company has adopted Indian Accounting Standard (Ind AS) from April 1, 2016 with a transition date of April 1, 2015. The figures for the previous year have also been converted as per Ind AS, but no additional transitional adjustments were required as correspond to previous applicable Accounting Standards. Hence, no reconciliation item has been shown.

Disclosure of significant accounting policies [Text Block]

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Maharashtra 400710.

The company has been formed to carry on business of providing facility usage services to the client at the premises of the Company in Delhi.

Basis of preparation of Financial Statements :

a. Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

For all the periods up to and including 31 March 2016, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India, accounting standards specified under Section 133 of the Companies Act, 2013, the Companies Act, 1956 (to the extent notified and applicable), applicable provisions of the Companies Act, 1956. The Company followed the provisions of Ind AS 101 in preparing its opening Ind AS Balance Sheet as of the date of transition, viz. 1 April 2015. Some of the Company's Ind AS accounting policies used in the opening Balance Sheet are different from its previous GAAP policies applied as at 31 March 2015, but no additional transitional adjustments were required as correspond to previous applicable Accounting Standards.

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

1 established control framework with respect to the measurement of fair values. The management regularly reviews significant and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair value, management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. (Refer to note 39 for information on detailed disclosures pertaining to measurement of fair values)

c. Functional and presentation currency

These financial statements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded off to the nearest thousand, unless otherwise stated.

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

- It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realise the asset within 12 months after the reporting period; or
- The asset is a cash or equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to be settled within 12 months after the reporting period; or

It does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

e. Use of Estimates :

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known / materialised. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognised prospectively.

1.2 Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

a. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1. Financial assets

a.1.1. Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2. Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Debt instruments at amortized cost

A debt instrument is measured at the amortised cost if both the following conditions are met:

within a business model whose objective is to hold assets for collecting contractual cash flows, and

of the asset give rise on specified dates to cash flows that are solely p

TRUE COPY H. Srinathakrishna

the

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A debt instrument is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The assets contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL (Fair value through profit or loss)

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as accounting mismatch).

Equity investments :

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3. Derecognition

A financial asset is primarily derecognised when:

I) The rights to receive cash flows from the asset have expired, or

II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

f financial assets

es on a forward looking basis the expected credit losses associated with

TRUE COPY H. Srinath Rao

ipairment

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

methodology applied depends on whether there has been a significant increase in the credit risk.

As a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

a.2. Financial liabilities

a.2.1. Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Property, Plant & Equipment:

Initial recognition and measurement

Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated sation and impairment loss, if any. Subsequent Expenditure is capitalised only if it is probable that future economic benefits expenditure will flow to the company.

All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalised.

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognised.

The assets residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortised on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 38 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of intangible assets as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and the statement of profit and loss.

& Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

Name of Assets	Life in years
Furniture & Fittings	10 Years
Office Equipment	05 Years
Plant & Machinery	15 Years

(ii) Amortisation:

Intangible Assets are amortized over the remaining on straight line method as per Ind AS 38 as prescribed in Schedule II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or 3 years, whichever is less.

(iii) Depreciation on Investment Property

Name of Assets	Life in years
Building	60 Years
Leasehold Improvements	99 Years (lease period)

f. Impairment of Non- Financial Assets :

The carrying amounts of the Companys non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 Impairment of Assets. If any such indication exists, then the assets recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is increased / reversed where there is change in the estimate of recoverable value. The recoverable value is higher of net selling price and value in use.

g. Borrowing Cost:

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition, construction or erection of the qualifying asset.

Borrowing costs ceases when substantially all the activities necessary to get ready for their intended uses are completed. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for

TRUE COPY *H. Srinath*

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Other borrowing costs are recognized as an expense in the year in which they are incurred.

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

i. Employee benefits

Long Term Benefits

I. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities. Any actuarial gains or losses are recognized in OCI in the period in which they arise.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

j. Lease

In respect of Operating Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessors expected inflationary cost increases, except for lease rentals pertaining to the period up to the date of commencement of commercial operations, which are capitalised.

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognised as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalised as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognised as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalised.

k. Revenue Recognition :

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognised on time proportion basis. Dividend is considered when right to receive is established.

l. Foreign Currency Transactions

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Foreign currency monetary items (assets and liabilities) are retranslated using the exchange rate prevailing at the reporting date.

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognised in the Statement of Profit and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share:

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

t tax represents the amount that would be payable based on computation of tax as per the provisions of the Income Tax Act, determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except to the extent that it relates to items in other comprehensive income or equity, in which case it is recognized in OCI or equity.

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognised for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

Deferred Tax assets / Liabilities are not recognised for initial recognition of Goodwill or of an asset or liability in a transition that is not a business combination and at the time of transaction affects neither the accounting profit nor taxable profit/(loss), MAT credit is recognised as an asset only if there is convincing evidence that the Company will pay normal income tax during the specified period.

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

p. Cash flow statement

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 Statement of Cash Flows.

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

r. Exemptions and exceptions availed

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

1.3 First-time Ind AS adoption reconciliations

The Company has adopted Indian Accounting Standard (Ind AS) from April 1, 2016 with a transition date of April 1, 2015. The figures for the previous year have also been converted as per Ind AS, but no additional transitional adjustments were required as correspond to previous applicable Accounting Standards. Hence, no reconciliation item has been shown.

iv. Fair Value

(Amount in Rs.'000)

Particulars	As at March 31, 2017	As at March 31, 2016	As at April 1, 2015
Investment Property	66,56,000	66,56,000	66,56,000
	66,56,000	66,56,000	66,56,000

v. Estimation of Fair Value

The Company's investment properties is a 14,973 sq mtr plot at Maharaja Ranjeet Singh Marg, Minto Road, New Delhi, 110002. The valuation of the property is based on valuations performed by Duff & Phelps India Private Limited, an accredited independent valuer. Duff & Phelps India Private Limited is a specialist in valuing these types of investment properties. The valuation was carried out by following guidance of Indian Accounting Standards (Ind AS) 16 & 113. The main inputs used are market rate based on the comparable transactions & industry data, circle rate prevailing in the area and replacement cost due to paucity of bigger land plots available for sale in near vicinity to the subject property.

The company has no restrictions on the realisability of its investment properties and no contractual obligations to purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

Disclosure of financial instruments [Text Block]

Financial Instruments - Accounting Classification and Fair Value Measurements

The fair value of the financial assets and liabilities are included at the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short term deposits, trade and other short receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to the short term maturities of these instruments

The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level: 1 Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 Other techniques for which all inputs which have a significant effect on the recorded fair value are observables, either directly or indirectly

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The management assessed that trade receivables, cash and cash equivalents, other recoverable, trade payables, other financial liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

(Amount in Rs.'000)

Financial Assets		Carrying Amount	FVPL	FVOCI	Amortised cost
Trade Receivables and Cash & Cash Equivalent	As at April 1, 2015	1,27,578	-	-	1,27,578
Trade Receivables and Cash & Cash Equivalent	As at March 31, 2016	87,920	-	-	87,920
Trade Receivables and Cash & Cash Equivalent	As at March 31, 2017	84,856	-	-	84,856

Financial liabilities		Carrying Amount	FVPL	FVOCI	Amortised cost
Trade payables	As at April 1, 2015	15,91,104	-	-	15,91,104
Trade payables	As at March 31, 2016	15,43,840			

Borrowings and Trade payables	As at March 31, 2017	15,41,356	-	-	15,41,356

Disclosure of additional balance sheet notes explanatory [Text Block]

1. Contingent Liabilities and commitments

		(Amount in Rs. '000)		
S. No.	Contingent Liabilities	As at March 31, 2017	As at March 31, 2016	As at April 1, 2015
1	Income Tax The Company has filled an appeal before ITAT against penalty u/s 271(1)(c) dated 31.03.2009 for Assessment Year 2003-04. The Company is of opinion the demand is not tenable hence, no provision has been accounted in the Books of accounts.	2,700	2,700	2,700

2. Notes on Demonetisation

Specified bank notes is defined as bank notes of denominations of the existing series of the value of five hundred rupees and one thousand rupees. The Company does not have any transaction, during the period from 8th November 2016 to 30th December 2016, in such specified bank notes and hence disclosure is not applicable.

3. Financial Risk Management Objective and Policies

The purpose of financial risk management is to ensure that the Company has adequate and effective utilized financing as regards the nature and scope of the business. The objective is to minimize the impact of such risks on the performance of the Company. The Company's financial risk management policy is set by the Board of Directors.

The Company's principal financial liabilities comprise trade payables and other liabilities. The main purpose of these financial instruments is to raise finance for operations. It has various financial assets such as loans, advances, land advances, trade receivables, cash which arise directly from its operation.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk.

a. Credit risk:

It is one party to a financial instrument or customer contract will cause a financial loss due to non fulfillment of its obligations under a financial instrument or customer contract for the other party, leading to a finance loss. The Company's credit risks relate to the leasing activities and non payment of lease rent by leasee. The customer credit risk is managed by leasing out the properties to group companies or related companies. Since all the trade receivables are related companies there is no or minimal risk of default by customers as the rental are to be recovered from within group.

b. Liquidity risk:

ty will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or set. The Company's cash flow is a mix of cash flow from collections from customers, leasing and interest income. Further, the b-ordinate debts and other debts from the Holding Company to meet o

c. Market Risk :

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The company is exposed to 2 types of market risks namely currency risk and interest rate risk. Financial Instruments affected by market risk include loans and borrowings and deposits. The company monitors the risks arising out of trade payables on a regular basis with the help of the group treasury team. Further the company may enter into derivatives if the exposure arising out of these risks exceeds significantly.

c.1. Currency Risk:

There is no currency risk since all operations are in INR.

c.2. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates is not managed by taking interest free loan.

4. Capital Management

The Company considers the following components of its Balance Sheet to be managed capital:

1. Total equity Share Capital, Retained Profit/ (Loss) and Other Equity.

2. Working capital.

The Company manages its capital so as to safeguard its ability to continue as a going concern. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company considers the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditor, and market confidence and to sustain future development and growth of its business. The Company's focus is on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required, without impacting the risk profile of the Company. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The Company is not subject to financial covenants in any of its significant financing agreements.

(Amount in Rs.'000)

Summary of quantitative data of the capital of the company	As at March 31, 2017	As at March 31, 2016	As at April 1, 2015
Equity - Issued and paid up capital	35,636	35,636	35,636
Other Equity	(4,27,571)	(3,81,176)	(3,37,615)
Interest free debt from holding company	15,27,520	15,27,520	15,79,938
	11,35,585	11,81,980	12,77,959

a) Basis of Preparation of Financial Statements

The Company has accumulated losses which exceeded the net worth of the company as on March 31, 2017 and March 31, 2016. Further, the Company has incurred Cash loss in the current year and the Company's current liabilities exceeded its current assets as at the balance sheet date. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, the Company does not have any intention to suspend the operational activities. In view of :

The Company is in discussion/ negotiation with various parties to let out the entire property on lease to Third parties (other than related/ group companies).

Secondly, the Company has been fully supported and funded by its Holding Company i.e. 'Reliance Communications Limited'.

The accounts have been prepared on going concern basis.

b) Disclosure of Compliance with IND AS

The Company has adopted Indian Accounting Standards ("Ind-AS") and these financial statements have been prepared in accordance with the principles of recognition and measurement of Ind AS, prescribed under Section 133 of the Companies Act, 2013, read with the relevant rules issued thereunder. Accordingly, the annual financial statements of the previous periods are restated as per Ind AS.

c) Recent accounting pronouncements

Standards issued but not yet effective

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, Statement of cash flows and Ind AS 115, Revenue from Contracts with Customers. These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, Statement of cash flows and IFRS 15 Revenue from contracts with customers respectively. The amendments are applicable to the Company from April 1, 2017 and April 1, 2018 respectively.

Amendment to Ind AS 7:

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

Ind AS 115 - Revenue from contracts with customers

Ind AS 115 was issued in February 2015 and establishes a five step model to account for revenue arising from the contract with customers. Under Ind AS 115 revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in the exchange for transferring goods or services to a customer. The new revenue standard will supersede all current revenue recognition requirements under Ind As. This standard will come into force from accounting period commencing on or after 1st April, 2018. The company will adopt the new standard on the required effective date. During the current year, the Company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

d) In the opinion of the management, the current assets and loans & advances are at least equal to the value stated in the Balance Sheet, if realized in the ordinary course of business.

h Trade receivables / trade payables are subject to confirmation/ reconciliation.

corresponding period)

The previous year (corresponding period) figures have been regrouped and rearranged wherever necessary.

Textual information (21)

Disclosure of first-time adoption [Text Block]

First Time adoption of Ind AS

These financial statement for the year ended 31 March 2017, are the first the company has prepared in accordance with Ind AS. For period up to and including the year ended 31 March 2016, the company prepared its financials statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (accounts) Rules 2014 (Indian GAAP).

Accordingly, the company has prepared financial statements which comply with Ind AS applicable for period ending 31 March 2017, together with the comparative period data as at and for the year ended 31 March 2016, as described in the summary of significant accounting policies. In preparing these financials statements, the company's opening balance sheet was prepared as at 1 April 2015, the company's date of transition to Ind AS. This note explains the principal adjustments made by the company in restating the company's Indian GAAP financial statements including the balance sheets as at 1 April 2015 and the financial statements as at and for the year ended 31 March 2016.

a.1 Ind AS optional exemptions

a.1.1. Deemed cost

As per Para D7AA of IND AS 101, since the functional currency of the company has not changed, the company has exercised the option to use the deemed cost exemption whereby the carrying value for all of its property, plant and equipment & Investment Property as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous IGAAP will be used as cost for Ind AS after making adjustments as per Para D21 and D21A.

a.2 Ind AS mandatory exceptions

a.2.1 Estimates

The company's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP.

a.2.2 Classification and measurement of financial assets

Ind AS 101 requires the company to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

a.2.3 De-recognition of financial assets and liabilities

Ind AS 101 requires the entity to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions. Accordingly, the Company has applied the de-recognition provisions prospectively from the date of transition to Ind AS.

The Company has a business risk management framework to identify, evaluate business risks and opportunities. This framework seeks to

create transparency, minimise adverse impact on the business objective and enhance company's competitive advantage. The business risk framework defines the risk management approach across the Company at various levels including documentation and reporting. The framework has different risk models, which helps in identifying risk trend, exposure and potential impact analysis at a Company level.

Auditors and Auditors Report

At the 14th Annual General Meeting (AGM) held on September 30, 2016, M/s. A S P & Co., Chartered Accountants, were appointed as Statutory Auditors of the Company to hold office till the conclusion of the Annual General Meeting of the Company to be held for the Financial year 2020-21.

The Company has received a confirmation from the said Auditors that they are not disqualified to act as the Auditors and are eligible to continue to hold the office as Auditors of the Company.

The observations and comments given by the Auditors in their report read together with notes on financial statements are self explanatory and hence do not call for any further comments under Section 134 of the Companies Act, 2013.

Financial Statements - Application of Indian Accounting Standards (Ind AS) Rules, 2015.

Ministry of Corporate Affairs (MCA) vide its Notification No. G.S.R. 111(E) dated February 16, 2015, has made the application of the Companies (Indian Accounting Standards) Rules, 2015 (Ind-AS Rules) effective from April 1, 2015.

The audited financial statement drawn up for the financial year ended March 31, 2018, in accordance with the requirements of the above said Rules.

Audit Committee

Pursuant to the provisions of Rule 6 of Companies (Meetings of Board and its Powers) read with Rule 4(2) of Companies (Appointment and Qualification of Directors) Amendment Rules, 2017 inserted by the Companies (Appointment and Qualification of Directors) Amendment Rules, 2017 with effect from July 13, 2017, the Company being wholly own subsidiary of Reliance Communications Limited, listed company is exempted to constitute Audit Committee of the Board. In view of the said provision the Audit Committee of the Board was dissolved with effect from August 11, 2017.

Annexure - A

Policy on appointment and remuneration of Directors, Key Managerial Personnel and Senior Management employees.

1. Introduction

1.1 Campion Properties Limited considers human resources as its invaluable assets. The policy aims to harmonize the aspirations of the directors/ employees with the goals of the Company.

1.2 Human capital is a strategic source of value creation. As part of progressive HR Philosophy, it is necessary to have in place a comprehensive Compensation Policy, which is in line with the industry trend and is employee friendly.

2. Objectives:

2.1 Ensuring that the quantum and composition of remuneration is reasonable and sufficient to attract, retain and motivate employees, to run the Company successfully.

2.2 Ensuring that relationship of remuneration to performance is clear and meets the performance benchmarks.

2.3 Ensure that annual compensation review considers industry/ business outlook and strategies adopted by industry peers, differentiates employees based on their performance/skill sets and also protects employees, particularly those in junior cadre, against inflationary pressures;

2.4 Retention of high performers at all levels and those playing critical roles.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

The Board has constituted the Nomination and Remuneration Committee in line with the requirements under the provisions of the Companies Act, 2013. This Policy sets out the broad guiding principles for the Committee for recommending to the Board for the appointment and

remuneration of the directors, key managerial personnel, Senior managerial personnel of the Company.

4. Definitions

4.1. Director means a director appointed to the Board of the Company.

4.2. Key Managerial Personnel means

- (i) the Chief Executive Officer or the Managing Director or the Manager;
- (ii) the Company Secretary;
- (iii) the Whole-time Director;
- (iv) the Chief Financial Officer; and
- (v) such other officer as may be prescribed under the Companies Act, 2013.

4.3. Senior Management means personnel of the company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive directors, if any.

5. Policy:

5.1. Appointment of Directors/ Key Managerial / Senior Management personnel

The Nomination and Remuneration Committee, inter alia, considers qualifications, positive attributes, areas of expertise and number of Directorships and Memberships held in various committees of other companies by such persons for Selection. The Board considers the recommendation of the Committees and takes appropriate decision. The Company also considers the requirement of skills and effectiveness of persons contributing to the Company's business and policy decisions of the Company.

5.2. Remuneration to Directors/ Key Managerial Personnel

5.2.1 The remuneration of the Directors/ Managing Directors/ Whole time Directors and Manager etc. will be governed as per provisions contained in the Companies Act, 2013 and rules made therein from time to time.

5.2.2 Non-Executive Directors shall be entitled to sitting fees for attending the meetings of the Board and the Committees thereof as approved by the Board of Directors from time to time. The Non-Executive Directors shall also be entitled to profit related Commission, if approved by the Board, in addition to the sitting fees.

5.2.3 The Board, on the recommendation of the Nomination and Remuneration Committee, shall review and approve the remuneration payable to the Directors/ Key Managerial Personnel/ Senior Management Personnel of the Company within the overall limits, if any, approved by the shareholders.

5.2.4 The remuneration structure shall include the following components:

Allowances

if any.

(iv) Commission (Applicable in case of Executive Directors/ Directors)

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

(v) Retiral benefits

(vi) Annual Performance Linked Incentives

5.2.5 The Annual Plan, Objectives, financial results of the Company shall be reviewed by the Nomination and Remuneration Committee and Performance Incentives, increment, revision in remuneration etc. will be proposed based on the achievements.

5.3 Remuneration to other employees

Employees shall be assigned grades/bands according to their qualifications and work experience, competencies, as well as their roles and responsibilities in the organization. Individual remuneration shall be determined within the appropriate grade/bands and shall be based on various factors such as job profile, skill sets, seniority, experience, performance and prevailing remuneration levels for equivalent jobs.

6. Retention Features as part of Compensation Package

Based on the organizational need for retaining performing employees and those in critical roles, certain retention features may be rolled out as part of the overall compensation package. These may take form of Retention Bonuses (RBs); Special Monetary Programs (SMPs), Long-term Incentives (LTIs) etc.

7. Modification and Amendment:

The policy is subject to modification, amendment and alterations by the management at any time without assigning any reasons.

Independent Auditors Report

To the Members of Campion Properties Limited

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Campion Properties Limited (the Company), which comprise the Balance Sheet as at March 31st, 2018, and the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flow for the year then ended, and notes to financial statements, including a summary of the significant accounting policies and other explanatory information.

Managements Responsibility for the Ind AS Financial Statements

The Companys Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 (the Act) with respect to the preparation of these Ind AS financial statements that give a true and fair view of financial position, financial performance, change in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditors judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Companys preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Companys Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at March 31st, 2018, and its loss, the changes in equity and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditors Report) Order, 2016 (the Order), issued by the Central Government in terms of sub section 11 of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and information and explanations given to us, we give in Annexure 1 a statement on the matters specified in paragraphs 3 and 4 to the extent applicable.

y section 143(3) of the Act, we report that:

v) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the company has not accepted any deposit from the public in terms of Section 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under.

vi) In our opinion and according to the information and explanation given to us during the course of audit, the Central Government has not prescribed maintenance of cost records under section 148 (1) of the Companies Act, 2013 for the product of the company. Therefore, clause (vi) of the Order is not applicable to the Company.

vii) a) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the undisputed statutory dues including provident fund, employees state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues as applicable have generally been regularly deposited with the appropriate authorities though there has been a slight delay in few cases. There are no outstanding statutory dues for more than six months as on March 31st, 2018.

b) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that there are no dues of income tax or sale tax or service tax or duty of customs or duty of excise or value added tax or cess which have not been deposited on account of any dispute, except as below:

Name of Statute	Nature of Dues	Period to which it relates	Amount in Rs. 000	Forum Where dispute is pending
Income Tax Act, 1961	Income Tax Penalty	A.Y. 2003-04	Rs. 2,700	ITAT

viii) In our opinion and according to the information and explanation given to us during the course of audit, the company does not have any loans or borrowings from any financial institution, banks, and government or debenture holders during the year. Therefore clause (viii) of the Order are not applicable to the Company.

ix) In our opinion and according to the information and explanation given to us during the course of audit, the company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Therefore clause (ix) of the Order is not applicable to the Company.

x) In our opinion and according to the information and explanation given to us during the course of audit, no fraud on the company or by the company, by its officers or employees has been noticed or reported during the course of our audit.

in our opinion and according to the information and explanation given to us during the course of audit, the Company has not paid attention to any of its directors during the year. Therefore clause (xi) of the Order is not applicable to the Company.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

xii) In our opinion and according to the information and explanation given to us during the course of audit, the company is not a Nidhi company. Therefore, clause (xii) of the Order is not applicable to the Company.

xiii) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that transactions with the related parties are in compliance with sections 177 & 188 of the Act where applicable and details of such transactions have been disclosed in the Ind AS financial statements as required by the applicable accounting standards.

xiv) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the company has not made any preferential allotment or private placements of shares or fully or partly convertible debentures during the year.

xv) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the Company has not entered into non- cash transaction with directors or persons connected with him. Therefore, clause (xv) of the Order is not applicable to the Company.

xvi) In our opinion and according to the information and explanation given to us during the course of audit, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

ANNEXURE -2 TO THE INDEPENDENT AUDITORS REPORT

Report of even dated to the members of Campion Properties Limited on

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

2018:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the Act)

We have audited the internal financial controls over financial reporting (IFCoFR) of Campion Properties Limited (the Company) as of March 31st, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Managements Responsibility for Internal Financial Controls

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the IFCoFR criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's IFCoFR based on our audit.

We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as required by the accounting principles generally accepted in India and that the preparation of Ind AS financial statements in accordance with generally accepted accounting principles is fair and reasonable; and (3) provide reasonable assurance that the company's financial statements are prepared in accordance with the accounting principles generally accepted in India and that the company's financial statements are fairly presented. Internal financial controls over financial reporting are the responsibility of the company's management; the auditor's role is to provide an independent opinion on the company's internal financial controls over financial reporting. The auditor does not provide any assurance regarding prevention or timely detection of unauthorized transactions that could have a material effect on the Ind AS financial statements.

TRUE COPY H. Srinath

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the (IFCoFR) to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting (IFCoFR) and such internal financial controls over financial reporting were operating effectively as at March 31st, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Textual information (4)

Disclosure of significant accounting policies [Text Block]

Note 1. Corporate Information, Basis of Preparation of Financials and Significant Accounting Policies

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Thane, Maharashtra 400710.

The company has been formed to carry on business of leasing of property at Maharaja Ranjit Singh Marg for commercial/ business office.

1.2 Basis of preparation of Financial Statements :

a Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

The Company has adopted all the Ind AS standards and the adoption was carried out in accordance with Ind AS 101, First time adoption of Indian Accounting Standards in previous year. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014 (IGAAP), which was the previous GAAP.

Accounting Policies has been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. As the quarter and year end figures are taken from the source and rounded to the nearest digits, the figures already reported for the quarters during the year might not always add up to the year end figures reported in this statement.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

c. Functional and presentation currency

ements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded thousand, unless otherwise stated.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

- It is expected to be realized, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realize the asset within 12 months after the reporting period; or
- The asset is a cash or equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within 12 months after the reporting period; or
- The Company does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

S :

presentation of Financial Statements requires estimates and assumptions and disclosure of contingent liabilities on the date of the financial statement reporting period. Difference between the actual results and estimates is known and materialized. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognized prospectively.

its are

1.3 Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

a Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1 Financial assets

a.1.1 Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2 Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

ts at amortized cost

ent' is measured at the amortized cost if both the following conditions are met:

within a business model whose objective is to hold assets for collecting

b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the

TRUE COPY H. Srinathrao
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR Amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

t at FVTPL (Fair value through profit or loss)

t, which does not meet the criteria for categorization as at amortized cost. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

‘accounting mismatch’).

Equity investments :

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3 Derecognition

A financial asset is primarily derecognized when:

I) The rights to receive cash flows from the asset have expired, or

II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass-through’ arrangement and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

financial assets

es on a forward looking basis the expected credit losses associated with impairment methodology applied depends on whether there has been a significant increase in the credit risk.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

As a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

a.2 Financial liabilities

a.2.1 Initial recognition and measurement

All financial liabilities are recognized initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognized in the profit or loss.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR Amortisation process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR Amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

b. Property, Plant & Equipment :

Initial recognition and measurement

Property, Plant and Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated depreciation, Amortisation and impairment loss, if any. Subsequent Expenditure is capitalized only if it is probable that future economic benefits associated with the expenditure will flow to the company.

All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalized.

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Derecognition

An item of Property, Plant and Equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognized.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

The asset's residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and Amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortized on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

lected to utilize the option under Ind AS 101 by not applying the provi
AP carrying amount as a deemed cost under Ind AS at the date of tran
per the previous GAAP as at 1 April 2015, i.e.; the Company's date of

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

due to
ount of
nsition

Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

e. Depreciation & Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

Name of Assets	Life in years
Furniture & Fittings	10 Years
Office Equipment	05 Years
Plant & Machinery	15 Years

(ii) Amortisation:

are amortized over the remaining on straight line method as per Ind AS – 38 as prescribed in Schedule – II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or less.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

(iii) Depreciation on Investment Property

Name of Assets	Life in years
Building	60 Years
Leasehold Improvements	99 Years (lease period)

f. Impairment of Non- Financial Assets :

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is increased / reversed where there is change in the estimate of recoverable value. The recoverable value is higher of net selling price and value in use.

g. Borrowing Cost :

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is computed based on the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition/exploration or erection of the qualifying asset.

TRUE COPY H. Srinathrao

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

Borrowing costs cease when substantially all the activities necessary to prepare the asset for its intended use are complete. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing.

earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Other borrowing costs are recognized as an expense in the year in which they are incurred.

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

i. Employee benefits

Long Term Benefits

I. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The obligation in respect of defined benefit plans is calculated separately for each employee based on the benefits they have earned in return for their service in the current and prior periods. The obligation is calculated by discounting unrecognized past service costs and the fair value of any plan assets at the reporting date. The assets are valued at the fair value of Indian government securities as at the reporting date that have the same currency and term as the benefits expected to be paid.

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

ure
S
1e

Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities. Any actuarial gains or losses are recognized in OCI in the period in which they arise.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

j. Lease

ing Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the lessor are to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, or the lease contains leasehold improvements which are capitalized. Lease rentals pertaining to the period up to the date of commencement of commercial operations, which are capitalized

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognized as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalized as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognized as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalized.

k. Revenue Recognition :

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognized on time proportion basis. Dividend is considered when right to receive is established.

l. Foreign Currency Transactions

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Foreign currency monetary items (assets and liabilities) are retranslated using the exchange rate prevailing at the reporting date.

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognized in the Statement of Profit

and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share :

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

Provision for current tax represents the amount that would be payable based on computation of tax as per the provisions of the Income Tax Act, 1961. Current tax is determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration benefits admissible under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in OCI or equity.

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognized for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilized.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

/ Liabilities are not recognized for initial recognition of Goodwill or on and at the time of transaction affects neither the accounting profit nor there is convincing evidence that the Company will pay normal income

at a
nized

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

p. Cash flow statement

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows'.

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Textual information (5)

Disclosure of significant accounting policies [Text Block]

Note 1. Corporate Information, Basis of Preparation of Financials and Significant Accounting Policies

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Thane, Maharashtra 400710.

The company has been formed to carry on business of leasing of property at Maharaja Ranjit Singh Marg for commercial/ business office.

1.2 Basis of preparation of Financial Statements :

a Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

The Company has adopted all the Ind AS standards and the adoption was carried out in accordance with Ind AS 101, First time adoption of Indian Accounting Standards in previous year. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014 (IGAAP), which was the previous GAAP.

Accounting Policies has been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. As the quarter and year end figures are taken from the source and rounded to the nearest digits, the figures already reported for the quarters during the year might not always add up to the year end figures reported in this statement.

TRUE COPY *H. Srinathrao*
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

c. Functional and presentation currency

ements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded thousand, unless otherwise stated.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

- It is expected to be realized, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realize the asset within 12 months after the reporting period; or
- The asset is a cash or equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within 12 months after the reporting period; or
- The Company does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

S :

presentation of Financial Statements requires estimates and assumptions and disclosure of contingent liabilities on the date of the financial statement reporting period. Difference between the actual results and estimates is known and materialized. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognized prospectively.

and
its are

1.3 Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

a Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1 Financial assets

a.1.1 Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2 Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

ts at amortized cost

ent' is measured at the amortized cost if both the following conditions are met:

within a business model whose objective is to hold assets for collecting

b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the

TRUE COPY H. Srinathrao
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR Amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

at FVTPL (Fair value through profit or loss)

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

t, which does not meet the criteria for categorization as at amortized cost. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as

‘accounting mismatch’).

Equity investments :

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3 Derecognition

A financial asset is primarily derecognized when:

I) The rights to receive cash flows from the asset have expired, or

II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass-through’ arrangement and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

financial assets

es on a forward looking basis the expected credit losses associated with impairment methodology applied depends on whether there has been a significant increase in the credit risk.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

As a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

a.2 Financial liabilities

a.2.1 Initial recognition and measurement

All financial liabilities are recognized initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognized in the profit or loss.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR Amortisation process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR Amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

b. Property, Plant & Equipment :

Initial recognition and measurement

Property, Plant and Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated depreciation, Amortisation and impairment loss, if any. Subsequent Expenditure is capitalized only if it is probable that future economic benefits associated with the expenditure will flow to the company.

All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalized.

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Derecognition

An item of Property, Plant and Equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognized.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

The asset's residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and Amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortized on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

lected to utilize the option under Ind AS 101 by not applying the provi
AP carrying amount as a deemed cost under Ind AS at the date of tran
per the previous GAAP as at 1 April 2015, i.e.; the Company's date of

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

due to
ount of
nsition

Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

e. Depreciation & Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

Name of Assets	Life in years
Furniture & Fittings	10 Years
Office Equipment	05 Years
Plant & Machinery	15 Years

(ii) Amortisation:

are amortized over the remaining on straight line method as per Ind AS – 38 as prescribed in Schedule – II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or less.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

(iii) Depreciation on Investment Property

Name of Assets	Life in years
Building	60 Years
Leasehold Improvements	99 Years (lease period)

f. Impairment of Non- Financial Assets :

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is increased / reversed where there is change in the estimate of recoverable value. The recoverable value is higher of net selling price and value in use.

g. Borrowing Cost :

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is computed based on the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition/exploration or erection of the qualifying asset.

TRUE COPY H. Srinathrao

Borrowing costs cease when substantially all the activities necessary to prepare the asset for its intended use are complete. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Other borrowing costs are recognized as an expense in the year in which they are incurred.

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

i. Employee benefits

Long Term Benefits

I. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The obligation in respect of defined benefit plans is calculated separately for each employee based on the benefits they have earned in return for their service in the current and prior periods. The obligation is calculated as the present value of unrecognized past service costs and the fair value of any plan assets at the reporting date. The plan assets are valued at the fair value of Indian government securities as at the reporting date that have the same currency and terms as the benefits expected to be paid.

The Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

ure
S
1e

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities. Any actuarial gains or losses are recognized in OCI in the period in which they arise.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

j. Lease

ing Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, als pertaining to the period up to the date of commencement of commercial operations, which are capitalized

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognized as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalized as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognized as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalized.

k. Revenue Recognition :

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognized on time proportion basis. Dividend is considered when right to receive is established.

l. Foreign Currency Transactions

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Foreign currency monetary items (assets and liabilities) are retranslated using the exchange rate prevailing at the reporting date.

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognized in the Statement of Profit

and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share :

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

Provision for current tax represents the amount that would be payable based on computation of tax as per the provisions of the Income Tax Act, 1961. Current tax is determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration benefits admissible under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in OCI or equity.

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognized for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilized.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

/ Liabilities are not recognized for initial recognition of Goodwill or on and at the time of transaction affects neither the accounting profit nc here is convincing evidence that the Company will pay normal income

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

p. Cash flow statement

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows'.

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Textual information (6)

Disclosure of changes in accounting policies, accounting estimates and errors [Text Block]

Note 1. Corporate Information, Basis of Preparation of Financials and Significant Accounting Policies

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Thane, Maharashtra 400710.

The company has been formed to carry on business of leasing of property at Maharaja Ranjit Singh Marg for commercial/ business office.

1.2 Basis of preparation of Financial Statements :

a Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

The Company has adopted all the Ind AS standards and the adoption was carried out in accordance with Ind AS 101, First time adoption of Indian Accounting Standards in previous year. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014 (IGAAP), which was the previous GAAP.

Accounting Policies has been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. As the quarter and year end figures are taken from the source and rounded to the nearest digits, the figures already reported for the quarters during the year might not always add up to the year end figures reported in this statement.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

c. Functional and presentation currency

ements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded thousand, unless otherwise stated.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

- It is expected to be realized, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realize the asset within 12 months after the reporting period; or
- The asset is a cash or equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within 12 months after the reporting period; or
- The Company does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

S :

presentation of Financial Statements requires estimates and assumptions and disclosure of contingent liabilities on the date of the financial statement reporting period. Difference between the actual results and estimates is known and materialized. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognized prospectively.

TRUE COPY H. Srinath

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

and
its are

1.3 Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

a Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1 Financial assets

a.1.1 Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2 Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

ts at amortized cost

ent' is measured at the amortized cost if both the following conditions are met:

within a business model whose objective is to hold assets for collecting

b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the

TRUE COPY H. Srinathrao
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR Amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

t at FVTPL (Fair value through profit or loss)

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

t, which does not meet the criteria for categorization as at amortized cost. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as

‘accounting mismatch’).

Equity investments :

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3 Derecognition

A financial asset is primarily derecognized when:

I) The rights to receive cash flows from the asset have expired, or

II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass-through’ arrangement and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

financial assets

es on a forward looking basis the expected credit losses associated with
impairment methodology applied depends on whether there has been a significant increase in the credit risk.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

As a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

a.2 Financial liabilities

a.2.1 Initial recognition and measurement

All financial liabilities are recognized initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognized in the profit or loss.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR Amortisation process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR Amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

b. Property, Plant & Equipment :

Initial recognition and measurement

Property, Plant and Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated depreciation, Amortisation and impairment loss, if any. Subsequent Expenditure is capitalized only if it is probable that future economic benefits associated with the expenditure will flow to the company.

All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalized.

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Derecognition

An item of Property, Plant and Equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognized.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

The asset's residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and Amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortized on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

lected to utilize the option under Ind AS 101 by not applying the provi
AP carrying amount as a deemed cost under Ind AS at the date of tran
per the previous GAAP as at 1 April 2015, i.e.; the Company's date of

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

nue to
ount of
nsition

Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

e. Depreciation & Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

Name of Assets	Life in years
Furniture & Fittings	10 Years
Office Equipment	05 Years
Plant & Machinery	15 Years

(ii) Amortisation:

are amortized over the remaining on straight line method as per Ind AS – 38 as prescribed in Schedule – II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or less.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

(iii) Depreciation on Investment Property

Name of Assets	Life in years
Building	60 Years
Leasehold Improvements	99 Years (lease period)

f. Impairment of Non- Financial Assets :

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is increased / reversed where there is change in the estimate of recoverable value. The recoverable value is higher of net selling price and value in use.

g. Borrowing Cost :

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is computed based on the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition/exploration or erection of the qualifying asset.

TRUE COPY H. Srinathrao

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

Borrowing costs cease when substantially all the activities necessary to prepare the asset for its intended use are complete. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing.

earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Other borrowing costs are recognized as an expense in the year in which they are incurred.

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

i. Employee benefits

Long Term Benefits

I. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The obligation in respect of defined benefit plans is calculated separately for each employee based on the benefits they have earned in return for their service in the current and prior periods. The obligation is calculated as the present value of unrecognized past service costs and the fair value of any plan assets at the reporting date, less the fair value of Indian government securities as at the reporting date that have

Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

ure
S
1e

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities. Any actuarial gains or losses are recognized in OCI in the period in which they arise.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

j. Lease

ing Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, als pertaining to the period up to the date of commencement of commercial operations, which are capitalized

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognized as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalized as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognized as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalized.

k. Revenue Recognition :

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognized on time proportion basis. Dividend is considered when right to receive is established.

l. Foreign Currency Transactions

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Foreign currency monetary items (assets and liabilities) are retranslated using the exchange rate prevailing at the reporting date.

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognized in the Statement of Profit

and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share :

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

Provision for current tax represents the amount that would be payable based on computation of tax as per the provisions of the Income Tax Act, 1961. Current tax is determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration benefits admissible under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in OCI or equity.

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognized for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilized.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

/ Liabilities are not recognized for initial recognition of Goodwill or on and at the time of transaction affects neither the accounting profit nor there is convincing evidence that the Company will pay normal income

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

p. Cash flow statement

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows'.

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

(v) Estimation of Fair Value

The Company's investment property is a 14,973 sq. mtr. plot at Maharaja Ranjeet Singh Marg, Minto Road, New Delhi, 110002. The valuation of the property is based on valuations performed by the Management. The valuation was carried out by following guidance of Indian Accounting Standards (Ind AS) 16 & 113. The main inputs used are market rate based on the comparable transactions & industry data, circle rate prevailing in the area and replacement cost due to paucity of bigger land plots available for sale in near vicinity to the subject property.

The company has no restrictions on the realisability of its investment properties and no contractual obligations to purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

Disclosure of financial instruments [Text Block]

Financial Instruments - Accounting Classification and Fair Value Measurements

The fair value of the financial assets and liabilities are included at the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short term deposits, trade and other short receivables, trade payables , other current liabilities , short term loans from banks and other financial institutions approximate their carrying amounts largely due to the short term maturities of these instruments

The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level: 1 Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 Other techniques for which all inputs which have a significant effect on the recorded fair value are observables, either directly or indirectly

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The management assessed that trade receivables, cash and cash equivalents, other recoverable, trade payables, other financial liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

(Amount in Rs.'000)

Financial Risk Management Objective and Policies

The purpose of financial risk management is to ensure that the Company has adequate and effective utilized financing as regards the nature and scope of the business. The objective is to minimize the impact of such risks on the performance of the Company. The Company's financial risk management policy is set by the Board of Directors.

The Company's principal financial liabilities comprise trade payables and other liabilities. The main purpose of these financial instruments is to raise finance for operations. It has various financial assets such as loans, advances, land advances, trade receivables, cash which arise directly from its operation.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk.

a. Credit risk:

It is one party to a financial instrument or customer contract will cause a financial loss due to non fulfillment of its obligations under a financial instrument or customer contract for the other party, leading to a finance loss. The Company's credit risks relate to the leasing activities and non payment of lease rent by lessee. The customer credit risk is managed by leasing out the properties to group companies or related companies. Since all the trade receivables are related companies there is no or minimal risk of default by customers as the rental are to within group.

b. Liquidity risk:

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company's cash flow is a mix of cash flow from collections from customers, leasing and interest income. Further, the company obtains sub-ordinate debts and other debts from the Holding Company to meet out the operational cost.

c. Market Risk :

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The company is exposed to 2 types of market risks namely currency risk and interest rate risk. Financial Instruments affected by market risk include loans and borrowings and deposits. The company monitors the risks arising out of trade payables on a regular basis with the help of the group treasury team. Further the company may enter into derivatives if the exposure arising out of these risks exceeds significantly.

c.1. Currency Risk:

There is no currency risk since all operations are in INR.

c.2. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates is not managed by taking interest free loan.

The Company considers the following components of its Balance Sheet to be managed capital:

1. Total equity Share Capital, Retained Profit/ (Loss) and Other Equity.
2. Working capital.

The Company manages its capital so as to safeguard its ability to continue as a going concern. The capital structure of the Company is based on managements judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company considers the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditor, and market confidence and to sustain future development and growth of its business. The Company's focus is on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required, without impacting the risk profile of the Company. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The Company is not subject to financial covenants in any of its significant financing agreements.

	(Amount in Rs.'000)	
Summary of quantitative data of the capital of the company	As at March 31, 2018	As at March 31, 2017
Equity - Issued and paid up capital	35,636	35,636
Other Equity	(5,66,537)	(4,27,571)
Interest free debt from holding company	15,27,520	15,27,520

Annexure - A

Policy on appointment and remuneration of Directors, Key Managerial Personnel and Senior Management employees.

1. Introduction

1.1 Campion Properties Limited considers human resources as its invaluable assets. The policy aims to harmonize the aspirations of the directors/ employees with the goals of the Company.

1.2 Human capital is a strategic source of value creation. As part of progressive HR Philosophy, it is necessary to have in place a comprehensive Compensation Policy, which is in line with the industry trend and is employee friendly.

the quantum and composition of remuneration is reasonable and sufficient to run the Company successfully.

TRUE COPY H. Srinathrao
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

to run

2.2 Ensuring that relationship of remuneration to performance is clear and meets the performance benchmarks.

2.3 Ensure that annual compensation review considers industry/ business outlook and strategies adopted by industry peers, differentiates employees based on their performance/skill sets and also protects employees, particularly those in junior cadre, against inflationary pressures;

2.4 Retention of high performers at all levels and those playing critical roles.

3. Scope

The Board has constituted the Nomination and Remuneration Committee in line with the requirements under the provisions of the Companies Act, 2013. This Policy sets out the broad guiding principles for the Committee for recommending to the Board for the appointment and remuneration of the directors, key managerial personnel, Senior managerial personnel of the Company.

4. Definitions

4.1. Director means a director appointed to the Board of the Company.

4.2. Key Managerial Personnel means

- (i) the Chief Executive Officer or the Managing Director or the Manager;
- (ii) the Company Secretary;
- (iii) the Whole-time Director;
- (iv) the Chief Financial Officer; and
- (v) such other officer as may be prescribed under the Companies Act, 2013.

4.3. Senior Management means personnel of the company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive directors, if any.

5. Policy:

5.1. Appointment of Directors/ Key Managerial / Senior Management personnel

The Nomination and Remuneration Committee, inter alia, considers qualifications, positive attributes, areas of expertise and number of memberships held in various committees of other companies by such persons for Selection. The Board considers the the Committees and takes appropriate decision. The Company also considers the requirement of skills and effectiveness ing to the Companys business and policy decisions of the Company.

o Directors/ Key Managerial Personnel

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

5.2.1 The remuneration of the Directors/ Managing Directors/ Whole time Directors and Manager etc. will be governed as per provisions contained in the Companies Act, 2013 and rules made therein from time to time.

5.2.2 Non-Executive Directors shall be entitled to sitting fees for attending the meetings of the Board and the Committees thereof as approved by the Board of Directors from time to time. The Non-Executive Directors shall also be entitled to profit related Commission, if approved by the Board, in addition to the sitting fees.

5.2.3 The Board, on the recommendation of the Nomination and Remuneration Committee, shall review and approve the remuneration payable to the Directors/ Key Managerial Personnel/ Senior Management Personnel of the Company within the overall limits, if any, approved by the shareholders.

Independent Auditors Report

To the Members of Campion Properties Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the standalone financial statements of Campion Properties Limited (the Company), which comprise the Balance Sheet as at 31st March 2019, the Statement of Profit and Loss, the Statement of Changes in Equity, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of matter described in the Basis for Qualified Opinion Paragraph, the aforesaid standalone financial statements gives the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2019, its loss, changes in equity and cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note 28 (a) in the financial statements, which indicates that the Company incurred a net loss of Rs.5,35,44,374 for the year ended 2018-19 and, as of that date, the Company's current liabilities exceeded its total assets by Rs. 58,44,45,869. The Company is wholly owned subsidiary company of Reliance Communication Limited. Reliance Communication Limited is under resolution process under the Insolvency and Bankruptcy Code 2016 (IBC). As a consequence, management and operation of the Holding Company are under the control and custody of Interim Resolution Professionals (IRPs) appointed vide Honble NCLT orders dated May 18. These factors, along with other matters as set forth in the said notes, raise doubts that the company will be able to continue as a going concern.

building on leased hold land with built up area of approximately 15000 square meters with multi-level basement parking level and valued for Rs. 666 crores approximately as on 1st April 2015 by an independent valuer. Management estimates, value of the property in the same range as on 31st March 2019, which exceeds the accumulated losses by approx. Rs.600 crores. The company does not have any external borrowing and current liabilities consists of mainly borrowings from the holding and fellow companies. The company is in process of exploring the opportunity for renting the property. In case of successful renting of the property in near future, the financial statement:

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

However, in view of the above uncertainties, we are unable to comment on the ability of the company to continue as a going concern and the consequential adjustments to the accompanying financial statements, if any, that might have been necessarily had the financial statements prepared under liquidation basis.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (the Act). Our responsibilities under those Standards are further described in the Auditors Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

ilities for the Audit of the Standalone Financial Statements

TRUE COPY H. Srinath
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate Internal Financial Controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of managements use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Companys ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

se charged with governance with a statement that we have complied w
o communicate with them all relationships and other matters that may
where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors Report) Order, 2016 (the Order), issued by the Central Government of India in terms of sub section 11 of Section 143 of the Companies Act, 2013, we give in the Annexures A a statement on the matters specified in paragraph 3 and 4 of the said Order, to the extent applicable.

2. As required by section 143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;

d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read Rule 7 of Companies (Accounts) Rule 2014.

e) The going concern matter described in Basis for Qualified Opinion Section Related to Going Concern paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.

f) On the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors are disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.

in our opinion and according to the information and explanation given to us during the course of audit, the company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

b) In our opinion and according to the information and explanation given to us during the course of audit, fixed assets have been physically verified by the management reasonable interval having regard to the size of the company and the nature of its assets and no material discrepancy was noticed on such verification as compared to book records.

c) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the title deeds of immovable properties are held in the name of the company.

ii) In our opinion and according to the information and explanation given to us during the course of audit, the inventory have been physical verified by the management during the year, which in our opinion is considered reasonable and adequate in relation to the size of the company and the nature of its business. The discrepancies noticed on physical verification of inventories, wherever material, have been properly dealt with in the books of account.

iii) In our opinion and according to the information and explanation given to us during the course of audit, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, clauses (a), (b) & (c) of (iii) the Order are not applicable to the Company.

iv) In our opinion and according to the information and explanation given to us during the course of audit, the Company has not granted any loans, investment, guarantees and security. Therefore, clause (iv) of the Order are not applicable to the Company.

v) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the company has not accepted any deposit from the public in terms of Section 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under.

vi) In our opinion and according to the information and explanation given to us during the course of audit, the Central Government has not prescribed maintenance of cost records under section 148 (1) of the Companies Act, 2013 for the product of the company. Therefore, clause (vi) of the Order are not applicable to the Company.

vii) a) In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that the undisputed statutory dues including provident fund, employees state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues as applicable have generally been regularly deposited with the appropriate authorities though there has been a slight delay in few cases. There are no outstanding statutory dues for more than six months as on 31st March 2019.

ANNEXURE -B TO AUDITORS REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the Act)

We have audited the internal financial controls over financial reporting of Campion Properties Limited (the Company) as of 31st March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Managements Responsibility for Internal Financial Controls

Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Internal Financial Controls over Financial Reporting (Guidance Note) issued by the Institute of Chartered Accountants of India. The responsibilities include the design, implementation and maintenance of adequate internal financial controls that were commensurate with the size of the Company and the nature of its business, including for ensuring the orderly and efficient conduct of its business, including its financial reporting, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the reliable financial information, as required under the Companies Act, 2013.

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

and the

Auditors Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting (IFCoFR) based on our audit.

We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Meaning of Internal Financial Controls over Financial Reporting

Material limitations of IFCoFR, including the possibility of collusion or immaterial misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Textual information (3)

Disclosure of significant accounting policies [Text Block]

Corporate Information, Basis of Preparation of Financials and Significant Accounting Policies

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Thane, Maharashtra 400710.

The company has been formed to carry on business of leasing of property at Maharaja Ranjit Singh Marg for commercial/ business office.

1.1 Basis of preparation of Financial Statements :

a Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

For all the periods up to and including 31 March 2016, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India, accounting standards specified under Section 133 of the Companies Act, 2013, the Companies Act, 2013 (to the extent notified and applicable), applicable provisions of the Companies Act, 1956. The Company followed the provisions of Ind AS 101 in preparing its opening Ind AS Balance Sheet as of the date of transition, viz. 1 April 2015. Some of the Company's Ind AS used in the opening Balance Sheet are different from its previous GAAP policies applied as at 31 March 2015, but no adjustments were required as correspond to previous applicable Accounting Standards.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

1 established control framework with respect to the measurement of fair values. The management regularly reviews available inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations are in accordance with the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations are classified.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair

values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. (Refer to note 39 for information on detailed disclosures pertaining to measurement of fair values)

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

c. Functional and presentation currency

These financial statements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded off to the nearest thousand, unless otherwise stated.

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

- It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realise the asset within 12 months after the reporting period; or
- The asset is a cash or equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is settled within 12 months after the reporting period; or

does not have an unconditional right to defer the settlement of the liability that could result in its settlement by the issue of equity instruments at the reporting period.

TRUE COPY H. Srinathrao
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

e. Use of Estimates :

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known / materialised. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognised prospectively.

1.2 Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's Ind AS, were maintained on transition to Ind AS.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

a Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1 Financial assets

a.1.1 Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2 Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

TRUE COPY *H. Srinathrao*
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL (Fair value through profit or loss)

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Equity investments :

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3 Derecognition

A financial asset is primarily derecognised when:

I) The rights to receive cash flows from the asset have expired, or

II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

assesses on a forward looking basis the expected credit losses associated with the financial asset. The methodology applied depends on whether there has been a significant increase

TRUE COPY H. Srinathrao
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

As a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

a.2 Financial liabilities

a.2.1 Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of selling in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognized in profit or loss.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Property, Plant & Equipment :

Initial recognition and measurement

Property, Plant and Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated depreciation, amortisation and impairment loss, if any. Subsequent Expenditure is capitalised only if it is probable that future economic benefits associated with the expenditure will flow to the company.

All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalised.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognised.

The asset's residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortised on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 38 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of intangible assets as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

Derecognition

Asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of the asset. Gains and losses are recognized in the statement of profit and loss.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

e. Depreciation & Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

Name of Assets	Life in years
Furniture & Fittings	10 Years
Office Equipment	05 Years
Plant & Machinery	15 Years

(ii) Amortisation:

Intangible Assets are amortized over the remaining on straight line method as per Ind AS – 38 as prescribed in Schedule – II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or 3 years, whichever is less.

(iii) Depreciation on Investment Property

Name of Assets	Life in years
	60 Years
Investments	99 Years (lease period)

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

f. Impairment of Non- Financial Assets :

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is increased / reversed where there is change in the estimate of recoverable value. The recoverable value is higher of net selling price and value in use.

g. Borrowing Cost :

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is computed based on the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition, construction/exploration or erection of the qualifying asset.

Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Other borrowing costs are recognized as an expense in the year in which they are incurred.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

I. Defined contribution plans

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities. Any actuarial gains or losses are recognized in OCI in the period in which they arise.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

j. Lease

In respect of Operating Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, except for lease rentals pertaining to the period up to the date of commencement of commercial operations, which are capitalised.

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognised as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalised as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognised as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalised.

k. Revenue Recognition :

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognised on time proportion basis. Dividend is considered when right to receive is established.

l. Foreign Currency Transactions

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Foreign currency monetary items (assets and liabilities) are retranslated using the closing rate of the reporting currency at the end of the reporting period.

TRUE COPY H. Srinath
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognised in the Statement of Profit and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share :

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

Provision for current tax represents the amount that would be payable based on computation of tax as per the provisions of the Income Tax Act, 1961. Current tax is determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration benefits admissible under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in OCI or equity.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated

financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognised for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

Deferred Tax assets / Liabilities are not recognised for initial recognition of Goodwill or of an asset or liability in a transition that is not a business combination and at the time of transaction affects neither the accounting profit nor taxable profit/(loss), MAT credit is recognised as an asset only if there is convincing evidence that the Company will pay normal income tax during the specified period.

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

ment

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows'.

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

r. Exemptions and exceptions availed

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

1.3 First-time Ind AS adoption reconciliations

The Company has adopted Indian Accounting Standard (Ind AS) from April 1, 2016 with a transition date of April 1, 2015. The figures for the previous year have also been converted as per Ind AS, but no additional transitional adjustments were required as correspond to previous applicable Accounting Standards. Hence, no reconciliation item has been shown.

Disclosure of significant accounting policies [Text Block]

Corporate Information, Basis of Preparation of Financials and Significant Accounting Policies

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Thane, Maharashtra 400710.

The company has been formed to carry on business of leasing of property at Maharaja Ranjit Singh Marg for commercial/ business office.

1.1 Basis of preparation of Financial Statements :

a Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

For all the periods up to and including 31 March 2016, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India, accounting standards specified under Section 133 of the Companies Act, 2013, the Companies Act, 1956. The Company followed the provisions of Ind AS 101 in preparing its opening Ind AS Balance Sheet as of the date of transition, viz. 1 April 2015. Some of the Company's Ind AS used in the opening Balance Sheet are different from its previous GAAP policies applied as at 31 March 2015, but no adjustments were required as correspond to previous applicable Accounting Standards.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

1 established control framework with respect to the measurement of fair values. The management regularly reviews available inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations are in accordance with the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations are classified.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair

values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. (Refer to note 39 for information on detailed disclosures pertaining to measurement of fair values)

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

c. Functional and presentation currency

These financial statements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded off to the nearest thousand, unless otherwise stated.

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

- It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realise the asset within 12 months after the reporting period; or
- The asset is a cash or equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to be settled within 12 months after the reporting period; or

It does not have an unconditional right to defer the settlement of the liability that could result in its settlement by the issue of equity instruments at the reporting period.

TRUE COPY H. Srinathrao

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT period. t this

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

e. Use of Estimates :

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known / materialised. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognised prospectively.

1.2 Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's Ind AS, were maintained on transition to Ind AS.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

a Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1 Financial assets

a.1.1 Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2 Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL (Fair value through profit or loss)

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Equity investments :

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3 Derecognition

A financial asset is primarily derecognised when:

I) The rights to receive cash flows from the asset have expired, or

II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

assesses on a forward looking basis the expected credit losses associated with the financial asset. The methodology applied depends on whether there has been a significant increase

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

As a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

a.2 Financial liabilities

a.2.1 Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of selling in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognized in profit or loss.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Property, Plant & Equipment :

Initial recognition and measurement

Property, Plant and Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated depreciation, amortisation and impairment loss, if any. Subsequent Expenditure is capitalised only if it is probable that future economic benefits associated with the expenditure will flow to the company.

All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalised.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognised.

The asset's residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortised on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 38 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of intangible assets as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

Derecognition

Asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of the asset. Gains and losses are recognized in the statement of profit and loss.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

e. Depreciation & Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

Name of Assets	Life in years
Furniture & Fittings	10 Years
Office Equipment	05 Years
Plant & Machinery	15 Years

(ii) Amortisation:

Intangible Assets are amortized over the remaining on straight line method as per Ind AS – 38 as prescribed in Schedule – II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or 3 years, whichever is less.

(iii) Depreciation on Investment Property

Name of Assets	Life in years
	60 Years
Investments	99 Years (lease period)

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

f. Impairment of Non- Financial Assets :

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is increased / reversed where there is change in the estimate of recoverable value. The recoverable value is higher of net selling price and value in use.

g. Borrowing Cost :

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is computed based on the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition, construction/exploration or erection of the qualifying asset.

Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Other borrowing costs are recognized as an expense in the year in which they are incurred.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

I. Defined contribution plans

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities. Any actuarial gains or losses are recognized in OCI in the period in which they arise.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

TRUE COPY *H. Srinath*
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

j. Lease

In respect of Operating Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, except for lease rentals pertaining to the period up to the date of commencement of commercial operations, which are capitalised.

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognised as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalised as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognised as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalised.

k. Revenue Recognition :

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognised on time proportion basis. Dividend is considered when right to receive is established.

l. Foreign Currency Transactions

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Foreign currency monetary items (assets and liabilities) are retranslated using the

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognised in the Statement of Profit and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share :

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

Provision for current tax represents the amount that would be payable based on computation of tax as per the provisions of the Income Tax Act, 1961. Current tax is determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration benefits admissible under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in OCI or equity.

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated

financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognised for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

Deferred Tax assets / Liabilities are not recognised for initial recognition of Goodwill or of an asset or liability in a transition that is not a business combination and at the time of transaction affects neither the accounting profit nor taxable profit/(loss), MAT credit is recognised as an asset only if there is convincing evidence that the Company will pay normal income tax during the specified period.

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

ment

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows'.

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

r. Exemptions and exceptions availed

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

1.3 First-time Ind AS adoption reconciliations

The Company has adopted Indian Accounting Standard (Ind AS) from April 1, 2016 with a transition date of April 1, 2015. The figures for the previous year have also been converted as per Ind AS, but no additional transitional adjustments were required as correspond to previous applicable Accounting Standards. Hence, no reconciliation item has been shown.

Fair Value (Amount in Rs.'000)

Particulars	As at Mar 31, 2019	As at Mar 31, 2018
Investment Property	66,56,000	66,56,000
	66,56,000	66,56,000

Estimation of Fair Value

The Company's investment properties is a 14,973 sq mtr plot at Maharaja Ranjeet Singh Marg, Minto Road, New Delhi, 110002. The valuation of the property is based on valuations performed by Duff & Phelps India Private Limited, an accredited independent valuer. Duff & Phelps India Private Limited is a specialist in valuing these types of investment properties. The valuation was carried out by following guidance of Indian Accounting Standards (Ind AS) 16 & 113. The main inputs used are market rate based on the comparable transactions & industry data, circle rate prevailing in the area and replacement cost due to paucity of bigger land plots available for sale in near vicinity to the subject property.

The company has no restrictions on the realisability of its investment properties and no contractual obligations to purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

Disclosure of financial instruments [Text Block]

Financial Instruments - Accounting Classification and Fair Value Measurements

The fair value of the financial assets and liabilities are included at the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short term deposits, trade and other short receivables, trade payables , other current liabilities , short term loans from banks and other financial institutions approximate their carrying amounts largely due to the short term maturities of these instruments

The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level: 1 Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 Other techniques for which all inputs which have a significant effect on the recorded fair value are observables, either directly or indirectly

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The management assessed that trade receivables, cash and cash equivalents, other recoverable, trade payables, other financial liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

Management Objective and Policies

Financial risk management is to ensure that the Company has adequate and and scope of the business. The objective is to minimize the impact of such risks on the performance of the Company. The Company's financial risk management policy is set by the Board of Directors.

TRUE COPY H. Srinathrao

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

Signature

The Company's principal financial liabilities comprise trade payables and other liabilities. The main purpose of these financial instruments is to raise finance for operations. It has various financial assets such as loans, advances, land advances, trade receivables, cash which arise directly from its operation.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk.

Credit risk:

It is one party to a financial instrument or customer contract will cause a financial loss due to non fulfillment of its obligations under a financial instrument or customer contract for the other party, leading to a finance loss. The Company's credit risks relate to the leasing activities and non payment of lease rent by leasee. The customer credit risk is managed by leasing out the properties to group companies or related companies. Since all the trade receivables are related companies there is no or minimal risk of default by customers as the rental are to be recovered from within group.

Liquidity risk:

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company's cash flow is a mix of cash flow from collections from customers, leasing and interest income. Further, the company obtains sub-ordinate debts and other debts from the Holding Company to meet out the operational cost.

Market Risk :

TRUE COPY H. Srinathrao
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The company is exposed to 2 types of market risks namely currency risk and interest rate risk. Financial Instruments affected by market risk include loans and borrowings and deposits. The company monitors the risks arising out of trade payables on a regular basis with the help of the group treasury team. Further the company may enter into derivatives if the exposure arising out of these risks exceeds significantly.

Currency Risk:

There is no currency risk since all operations are in INR.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates is not managed by taking interest free loan.

Other Disclosures

Basis of Preparation of Financial Statements

The Company incurred a net loss of Rs.5,35,44,374 for the year ended 2018-19 and, as of that date, the Company's current liabilities exceeded its total assets by Rs. 58,44,45,869. The Company is wholly owned subsidiary company of Reliance Communication Limited. Reliance Communication Limited is under resolution process under the Insolvency and Bankruptcy Code 2016 (IBC). As a consequence, management and operation of the Holding Company are under the control and custody of Resolution Professionals (RPs) appointed vide Hon'ble NCLT orders dated May 18. These factors,, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern.

However, the Company does not have any intention to suspend the operational activities. The company holds building on leased hold land with built up area of approximately 15000 square meters with multi-level basement parking spread across two level and valued for Rs. 666 crores approximately as on 1st April 2015 by an independent valuer. Management estimates, current market value of the property in the same range as on 31st March 2019, which exceeds the accumulated losses by approx. Rs.600 crores. The company does not have any external borrowing and current liabilities consists of mainly borrowings from the holding and fellow subsidiary companies. The company is in process of exploring the opportunity for renting out the property. In view of the management's expectation of the successful renting of the property in near future, the financial statements have been prepared on a going concern basis.

Disclosure of Compliance with IND AS

The Company has adopted Indian Accounting Standards ("Ind-AS") and these financial statements have been prepared in accordance with the principles of recognition and measurement of Ind AS, prescribed under Section 133 of the Companies Act, 2013, read with the relevant rules issued thereunder. Accordingly, the annual financial statements of the previous periods are restated as per Ind AS.

In the opinion of the management, the current assets and loans & advances are at least equal to the value stated in the Balance Sheet, if realized in the ordinary course of business.

Balances with Trade receivables / trade payables are subject to confirmation/ reconciliation.

Approval of financial statements

The financial statements were approved by the Board of Directors on Sept 5, 2019.

Pursuant to the requirements under Section 134(3)(c) of the Companies Act, 2013 with respect to Directors' Responsibility Statement, it is hereby confirmed that:

in the preparation of the annual financial statements for financial year ended March 31, 2020, the applicable Accounting Standards had ; with proper explanation relating to material departures, if any;

lected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and e a true and fair view of the state of affairs of the Company as at March 31, 2020 and of the loss of the Company for the late;

ken proper and sufficient care for the maintenance of adequate account 2013 for safeguarding the assets of the Company and for preventing a

the Directors had prepared the annual financial statements for the financial year ended March 31, 2020 on a 'going concern' basis;

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

the Directors had laid down internal financial controls to be followed by the Company and such financial controls are adequate and are operating effectively, and

the Directors have devised proper systems to ensure compliance with the provisions of all applicable laws were in place and were adequate and operating effectively.

Related Party Transactions

All related party transactions that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with Promoters, Directors or other designated persons, which may have a potential conflict with the interest of the Company at large.

None of the Directors has any pecuniary relationships or transactions vis-à-vis the Company.

Material Changes and Commitments if any affecting the financial position of the Company
There was no material change and commitment affecting the financial position of the Company.

Meetings of the Board

During the year, Four Board Meetings were held on May 23, 2019, August 08, 2019, November 07, 2019, February 12, 2020. The maximum time gap between any two meetings was 96 days and the minimum gap was 76 days. The meetings are normally held at Mumbai.

Risk Management

The Company has a business risk management framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimise adverse impact on the business objective and enhance company's competitive advantage. The business risk framework defines the risk management approach across the Company at various levels including documentation and reporting. The framework has different risk models, which helps in identifying risk trend, exposure and potential impact analysis at a Company level.

Auditors and Auditors' Report

M/s. Ajay Agarwal and Co, Chartered Accountants were appointed as Statutory Auditors at the 17 th Annual General Meeting of the Company held on September 28, 2019 for a period of 5 years to hold office from financial year 2019-20 to the Financial year 2023-24.

The Company has received a confirmation from the said Auditors that they are not disqualified to act as the Auditors and are eligible to hold the office as Auditors of the Company.

The observations and comments given by the Auditors in their report read together with notes on financial statements are self-explanatory and hence do not call for any further comments under Section 134 of the Companies Act, 2013.

Financial Statements - Application of Indian Accounting Standards (Ind AS) Rules, 2015.

Ministry of Corporate Affairs (MCA) vide its Notification No. G.S.R. 111(E) dated February 16, 2015, has made the application of the Companies (Indian Accounting Standards) Rules, 2015 (Ind-AS Rules) effective from April 1, 2015.

The audited financial statement drawn up for the financial year ended March 31, 2020, in accordance with the requirements of the above said Rules.

Audit Committee

Pursuant to the provisions of Rule 6 of Companies (Meetings of Board and its Powers) read with Rule 4(2) of Companies (Appointment and Qualification of Directors) Amendment Rules, 2017 inserted by the Companies (Appointment and Qualification of Directors) Amendment Rules, 2017 with effect from July 13, 2017, the Company being wholly own subsidiary of Reliance Communications Limited, listed company is exempted to constitute Audit Committee of the Board.

Corporate Social Responsibility

The Company is not falling under the purview of Section 135 of the Act and hence disclosures with respect to CSR activities are not applicable to the Company.

Extract of Annual Return

The details forming part of the extract of the Annual Return in form MGT 9 is annexed herewith as " Annexure B ".

Annexure - A

Policy on appointment and remuneration of Directors, Key Managerial Personnel and Senior Management employees.

1. Introduction

1.1 Campion Properties Limited considers human resources as its invaluable assets. The policy aims to harmonize the aspirations of the directors/ employees with the goals of the Company.

1.2 Human capital is a strategic source of value creation. As part of progressive HR Philosophy, it is necessary to have in place a comprehensive Compensation Policy, which is in line with the industry trend and is employee friendly.

2. Objectives:

2.1 Ensuring that the quantum and composition of remuneration is reasonable and sufficient to attract, retain and motivate employees, to run the Company successfully.

2.2 Ensuring that relationship of remuneration to performance is clear and meets the performance benchmarks.

2.3 Ensure that annual compensation review considers industry/ business outlook and strategies adopted by industry peers, differentiates employees based on their performance/skill sets and also protects employees, particularly those in junior cadre, against inflationary pressures;

2.4 Retention of high performers at all levels and those playing critical roles.

3. Scope

The Board has constituted the "Nomination and Remuneration Committee" in line with the requirements under the provisions of the Companies Act, 2013. This Policy sets out the broad guiding principles for the Committee for recommending to the Board for the appointment and remuneration of the directors, key managerial personnel, Senior managerial personnel of the Company.

4. Definitions

4.1. "Director" means a director appointed to the Board of the Company.

4.2. "Key Managerial Personnel" means

the Chief Executive Officer or the Managing Director or the Manager;

the Company Secretary;

the Whole-time Director;

the Chief Financial Officer; and

such other officer as may be prescribed under the Companies Act, 2013.

4.3. "Senior Management" means personnel of the company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive directors, if any.

5. Policy:

5.1. Appointment of Directors/ Key Managerial / Senior Management personnel

The Nomination and Remuneration Committee, inter alia, considers qualifications, positive attributes, areas of expertise and number of Directorships and Memberships held in various committees of other companies by such persons for Selection. The Board considers the recommendation of the Committee's and takes appropriate decision. The Company also considers the requirement of skills and effectiveness of persons contributing to the Company's business and policy decisions of the Company.

5.2. Remuneration to Directors/ Key Managerial Personnel

5.2.1 The remuneration of the Directors/ Managing Directors/ Whole time Directors and Manager etc. will be governed as per provisions of the Companies Act, 2013 and rules made therein from time to time.

5.2.2 Directors shall be entitled to sitting fees for attending the meetings of the Board and the Committees thereof as

5.2.3 Non-Executive Directors shall also be entitled to profit related Commission, if recommended by the Board, in addition to the sitting fees.

5.2.4 The remuneration shall be as recommended by the Nomination and Remuneration Committee for the Directors/ Key Managerial Personnel/ Senior Management Personnel of the Company.

5.2.5 The remuneration structure shall include the following components:

- Basic Pay
- Perquisites and Allowances

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

- (iii) Stock Options, if any.
 - (iv) Commission (Applicable in case of Executive Directors/ Directors)
 - (v) Retiral benefits
 - (vi) Annual Performance Linked Incentives
- 5.2.5 The Annual Plan, Objectives, financial results of the Company shall be reviewed by the Nomination and Remuneration Committee and Performance Incentives, increment, revision in remuneration etc. will be proposed based on the achievements.

5.3 Remuneration to other employees

Employees shall be assigned grades/bands according to their qualifications and work experience, competencies, as well as their roles and responsibilities in the organization. Individual remuneration shall be determined within the appropriate grade/bands and shall be based on various factors such as job profile, skill sets, seniority, experience, performance and prevailing remuneration levels for equivalent jobs.

6. Retention Features as part of Compensation Package

Based on the organizational need for retaining performing employees and those in critical roles, certain retention features may be rolled out as part of the overall compensation package. These may take form of Retention Bonuses (RBs); Special Monetary Programs (SMPs), Long-term Incentives (LTIs) etc.

7. Modification and Amendment:

The policy is subject to modification, amendment and alterations by the management at any time without assigning any reasons.

Annexure - B
FORM NO. MGT 9

EXTRACT OF ANNUAL RETURN

As on financial year ended on March 31, 2020

Pursuant to Section 92 (3) of the Companies Act, 2013 and Rule 12(1) of the Company (Management & Administration) Rules, 2014.

INDEPENDENT AUDITOR'S REPORT

To the Members of Campion Properties Limited

Report on the Standalone Financial Statements

Qualified Opinion

We have audited the standalone financial statements of Campion Properties Limited Company Limited ("the Company"), which comprise the balance sheet as at 31 st March 2020, and the statement of Profit and loss, statement of cash flows, and Statement of change in Equity for the year ended, and notes to the financial statement, including a summary of significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, except for the possible effect of matter described on the basis for Qualified Opinion Paragraph the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020 and its loss, Changes in equity and its cash flow for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note No. 27(a) in the financial statement, which indicate that the company incurred a net loss of Rs. 4,59,99,136 for the year ended 2019-20 and, as of that date Company's current liabilities exceeded its total assets by Rs. 63,04,44,459. The company is wholly owned subsidiary of Reliance Communications limited. Reliance Communications Ltd. is under resolution processed under The Insolvency and Bankruptcy Code 2016 (IBC). As a consequence, management and operation of the holding company is under the control and custody of Resolution Professionals (RPs) appointed vide Hon'ble NCLT orders dated May 18. These factor indicate that a material uncertainty exists that significant doubt on the company's ability to continue as going concern.

The company holds building on leased hold land with build up area of approximately 15000 square meters with multi-leveled basement parking, spread across two level and valued for 666 crores approximately as on 1st April 2015 by an independent valuer. Management estimates, current market of the property in the same range as on 31st March 2020, which exceeds the accumulated losses by approx Rs. 600 crores. The company does not have any external borrowing and current liabilities consists of mainly borrowings from the holding and fellow subsidiary companies. The company is in process of exploring the opportunity for renting out the property. In view of the management's expectation of the successful renting of the property in near future, the financial statement has been prepared on the going concern basis. However, in view of the above uncertainties, we are unable to comment on the ability of the company to continue as a going concern and the consequential to accompanying financial statements, if any, that might have been necessarily had the financial statements prepared under liquidation basis.

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those Board of director are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but at an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of these financial statements.

In accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also assess the risks of material misstatement of the financial statements, whether due to fraud or error, and obtain audit evidence that is sufficient and appropriate to reduce those risks to an acceptable level. The risk of material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, omission, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the

THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we report that in our opinion the said order is applicable to the company, hence comments on the matters specified in paragraphs 3 and 4 of the said order are required and are given in Annexure-1

2. As required by section 143(3) of the Act, we further report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- (b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- (c) The standalone Balance Sheet, Statement of Profit & Loss and cash flow statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the applicable Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules 2014.
- (e) The Going Concern matter described in basis for Qualified opinion selection related to Going Concern Paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
- (f) On the basis of written representations received from the directors as on March 31, 2020 and taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- (g) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in Annexure-II.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 in our opinion and to the best of our information and according to the explanations given to us:-
- (i) The Company does not have any pending litigations which would impact its financial position.
- (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure -II to the Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Campion Properties Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Due to inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper application of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any internal financial controls over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the controls may deteriorate.

The Company has, in all material respects, an adequate internal financial control system over financial reporting and the internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note

Disclosure of significant accounting policies [Text Block]

Note 1.
Corporate
Information,
Basis of
Preparation
of Financials
and
Significant
Accounting
Policies

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Thane, Maharashtra 400710.

The company has been formed to carry on business of leasing of property at Maharaja Ranjit Singh Marg for commercial/ business office.

1.1 Basis of preparation of Financial Statements :

a Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

For all the periods up to and including 31 March 2016, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India, accounting standards specified under Section 133 of the Companies Act, 2013, the Companies Act, 1956 (to the extent notified and applicable), applicable provisions of the Companies Act, 1956. The company followed the provisions of Ind AS 101 in preparing its opening Balance Sheet as at the date of transition, viz. 1 April 2015. Some of the Company's Ind AS 101 opening Balance Sheet are different from its previous GAAP opening Balance Sheet as at 31 March 2015, but no additional transitional adjustments were required as per the Companies Act, 2013 and Accounting Standards.

TRUE COPY *K. Srinath*
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable, either directly (i.e. as prices) or indirectly (i.e. derived from observable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. (Refer to note 39 for information on detailed disclosures pertaining to measurement of fair values

c. Functional and presentation currency

These financial statements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded off to the nearest thousand, unless otherwise stated.

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle;

It is held primarily for the purpose of trading; or

It is expected to realise the asset within 12 months after the reporting period; or

The asset is a cash or equivalent unless it is restricted from being used for at least 12 months after the reporting period.

other assets are classified as non-current.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within 12 months after the reporting period; or
- The Company does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

e. Use of Estimates :

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known / materialised. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognised prospectively.

Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively and continue to use the previous GAAP carrying amount as a

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

a Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1 Financial assets

a.1.1 Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2 Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL (Fair value through profit or loss)

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Equity investments :

Equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments that are held for trading are classified as at FVTPL. For all other equity instruments, the company decides

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3 Derecognition

A financial asset is primarily derecognised when:

- I) The rights to receive cash flows from the asset have expired, or
- II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

a.1.4 Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in the credit risk.

a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the provision is updated and changes in the forward-looking estimates are ana

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

a.2 Financial liabilities

a.2.1 Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss.

rowings

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Property, Plant & Equipment :

Initial recognition and measurement

Property, Plant and Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated depreciation, amortisation and impairment loss, if any. Subsequent Expenditure is capitalised only if it is probable that future economic benefits associated with the expenditure will flow to the company. All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalised.

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

recognition

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognised.

The asset's residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortised on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 38 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of intangible assets as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

e. Depreciation & Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

ime of Assets

rniture & Fittings

Office Equipment	Years

Plant & Machinery	15 Years

(ii) Amortisation:

Intangible Assets are amortized over the remaining on straight line method as per Ind AS – 38 as prescribed in Schedule – II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or 3 years, whichever is less.

(iii) Depreciation on Investment Property

Name of Assets	Life in years
Building	60 Years
Leasehold Improvements	99 Years (lease period)

f. Impairment of Non- Financial Assets :

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior counting period is increased / reversed where there is change in the estimate of recoverable value. e recoverable value is higher of net selling price and value in use.

TRUE COPY H. Srinathrao

THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT

g. Borrowing Cost :

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is computed based on the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition, construction/exploration or erection of the qualifying asset.

Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs. Other borrowing costs are recognized as an expense in the year in which they are incurred.

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows. If the time value of money is not material, provisions are determined by discounting the expected future cash flows at the current market assessments of the time value of money. When discounting is used, the increase in the provision due to the time value of money is recognized as an expense in the year in which they are incurred.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

i. Employee benefits

Long Term Benefits

I. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of expected future refunds from the plan or reductions in future contributions. An economic benefit is available to the Company if it is realizable during the settlement of the plan liabilities. Any actuarial gains or losses are recognized in the period in which they arise.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

When the benefits of a plan are improved, the portion of the increased benefit relating to past service

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

ort-term benefits

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual

leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

j. Lease

In respect of Operating Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, except for lease rentals pertaining to the period up to the date of commencement of commercial operations, which are capitalised.

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognised as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalised as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognised as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalised.

k. Revenue Recognition :

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognised on time proportion basis. Dividend is considered when right to receive is established.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

l. Foreign Currency Transactions

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Foreign currency monetary items (assets and liabilities) are retranslated using the exchange rate prevailing at the reporting date.

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognised in the Statement of Profit and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share :

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

Provision for current tax represents the amount that would be payable based on computation of tax per the provisions of the Income Tax Act, 1961. Current tax is determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration benefits deductible under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in other comprehensive income, in which case it is recognized in OCI or equity.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognised for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

Deferred Tax assets / Liabilities are not recognised for initial recognition of Goodwill or of an asset or liability in a transition that is not a business combination and at the time of transaction affects neither the accounting profit nor taxable profit/(loss), MAT credit is recognised as an asset only if there is convincing evidence that the Company will pay normal income tax during the specified period.

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

ish flow statement

ish flow statement is prepared in accordance with the indirect method of Cash Flows'.

TRUE COPY H. Srinath
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

r. Exemptions and exceptions availed

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

1.3 First-time Ind AS adoption reconciliations

The Company has adopted Indian Accounting Standard (Ind AS) from April 1, 2016 with a transition date of April 1, 2015. The figures for the previous year have also been converted as per Ind AS, but no additional transitional adjustments were required as correspond to previous applicable Accounting Standards. Hence, no reconciliation item has been shown.

Textual information (4)

Disclosure of significant accounting policies [Text Block]

Note 1.
Corporate
Information,
Basis of
Preparation
of Financials
and
Significant
Accounting
Policies

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Thane, Maharashtra 400710.

The company has been formed to carry on business of leasing of property at Maharaja Ranjit Singh Marg for commercial/ business office.

1.1 Basis of preparation of Financial Statements :

a Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

For all the periods up to and including 31 March 2016, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India, accounting standards specified under Section 133 of the Companies Act, 2013, the Companies Act, 1956 (to the extent notified and applicable), applicable provisions of the Companies Act, 1956. The company followed the provisions of Ind AS 101 in preparing its opening Balance Sheet as at the date of transition, viz. 1 April 2015. Some of the Company's Ind AS 101 opening Balance Sheet are different from its previous GAAP opening Balance Sheet as at 31 March 2015, but no additional transitional adjustments were required as per the Companies Act, 2013 and Accounting Standards.

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable, either directly (i.e. as prices) or indirectly (i.e. derived from observable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair

TRUE COPY H. Srinathrao
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. (Refer to note 39 for information on detailed disclosures pertaining to measurement of fair values

c. Functional and presentation currency

These financial statements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded off to the nearest thousand, unless otherwise stated.

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle;

It is held primarily for the purpose of trading; or

It is expected to realise the asset within 12 months after the reporting period; or

The asset is a cash or equivalent unless it is restricted from being available for at least 12 months after the reporting period.

other assets are classified as non-current.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within 12 months after the reporting period; or
- The Company does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

e. Use of Estimates :

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known / materialised. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognised prospectively.

Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively and continue to use the previous GAAP carrying amount as a

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

a Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1 Financial assets

a.1.1 Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2 Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL (Fair value through profit or loss)

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Equity investments :

Equity investments in scope of Ind-AS 109 are measured at fair value. Equity investments held for trading are classified as at FVTPL. For all other equity instruments, the company decides

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3 Derecognition

A financial asset is primarily derecognised when:

- I) The rights to receive cash flows from the asset have expired, or
- II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

a.1.4 Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in the credit risk.

a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the provision is updated and changes in the forward-looking estimates are ana

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

a.2 Financial liabilities

a.2.1 Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss.

rowings

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Property, Plant & Equipment :

Initial recognition and measurement

Property, Plant and Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated depreciation, amortisation and impairment loss, if any. Subsequent Expenditure is capitalised only if it is probable that future economic benefits associated with the expenditure will flow to the company. All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalised.

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

recognition

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognised.

The asset's residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortised on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 38 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of intangible assets as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

e. Depreciation & Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

(ii) Amortisation:

Intangible Assets are amortized over the remaining on straight line method as per Ind AS – 38 as prescribed in Schedule – II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or 3 years, whichever is less.

(iii) Depreciation on Investment Property

Name of Assets	Life in years

Building	60 Years

Leasehold Improvements	99 Years (lease period)

f. Impairment of Non- Financial Assets :

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior counting period is increased / reversed where there is change in the estimate of recoverable value. e recoverable value is higher of net selling price and value in use.

TRUE COPY H. Srinathrao

THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT

g. Borrowing Cost :

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is computed based on the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition, construction/exploration or erection of the qualifying asset.

Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs. Other borrowing costs are recognized as an expense in the year in which they are incurred.

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows. If discounting is used, the increase in the provision due to the time value of money is recognized as an expense.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

i. Employee benefits

Long Term Benefits

I. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of expected future refunds from the plan or reductions in future contributions. An economic benefit is available to the Company if it is realizable during the settlement of the plan liabilities. Any actuarial gains or losses are recognized in the period in which they arise.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

When the benefits of a plan are improved, the portion of the increased benefit relating to past service

TRUE COPY *H. Srinathrao*
**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

ort-term benefits

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual

leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

j. Lease

In respect of Operating Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, except for lease rentals pertaining to the period up to the date of commencement of commercial operations, which are capitalised.

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognised as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalised as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognised as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalised.

k. Revenue Recognition :

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognised on time proportion basis. Dividend is considered when right to receive is established.

l. Foreign Currency Transactions

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Foreign currency monetary items (assets and liabilities) are retranslated using the exchange rate prevailing at the reporting date.

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognised in the Statement of Profit and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share :

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

Provision for current tax represents the amount that would be payable based on computation of tax per the provisions of the Income Tax Act, 1961. Current tax is determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration benefits deductible under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except the extent that it relates to items recognized directly in other comprehensive income, in which case it is recognized in OCI or equity.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognised for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

Deferred Tax assets / Liabilities are not recognised for initial recognition of Goodwill or of an asset or liability in a transition that is not a business combination and at the time of transaction affects neither the accounting profit nor taxable profit/(loss), MAT credit is recognised as an asset only if there is convincing evidence that the Company will pay normal income tax during the specified period.

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

ish flow statement

ish flow statement is prepared in accordance with the indirect method of Cash Flows'.

TRUE COPY H. Srinath
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

r. Exemptions and exceptions availed

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

1.3 First-time Ind AS adoption reconciliations

The Company has adopted Indian Accounting Standard (Ind AS) from April 1, 2016 with a transition date of April 1, 2015. The figures for the previous year have also been converted as per Ind AS, but no additional transitional adjustments were required as correspond to previous applicable Accounting Standards. Hence, no reconciliation item has been shown.

Disclosure of significant accounting policies [Text Block]

Note 1.
Corporate
Information,
Basis of
Preparation
of Financials
and
Significant
Accounting
Policies

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Thane, Maharashtra 400710.

The company has been formed to carry on business of leasing of property at Maharaja Ranjit Singh Marg for commercial/ business office.

1.1 Basis of preparation of Financial Statements :

a Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

The company followed the provisions of Ind AS 101 in preparing its opening Balance Sheet as at the date of transition, viz. 1 April 2015. Some of the Company's Ind AS 101 opening Balance Sheet are different from its previous GAAP opening Balance Sheet as at 31 March 2015, but no additional transitional adjustments were required as per the Companies Act, 2013 and Accounting Standards.

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable, either directly (i.e. as prices) or indirectly (i.e. derived from observable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair

TRUE COPY H. Srinathrao
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. (Refer to note 39 for information on detailed disclosures pertaining to measurement of fair values

c. Functional and presentation currency

These financial statements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded off to the nearest thousand, unless otherwise stated.

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle;

It is held primarily for the purpose of trading; or

It is expected to realise the asset within 12 months after the reporting period; or

The asset is a cash or equivalent unless it is restricted from being available for at least 12 months after the reporting period.

other assets are classified as non-current.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within 12 months after the reporting period; or
- The Company does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

e. Use of Estimates :

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known / materialised. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognised prospectively.

Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively and continue to use the previous GAAP carrying amount as a

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

a Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1 Financial assets

a.1.1 Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2 Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL (Fair value through profit or loss)

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Equity investments :

Equity investments in scope of Ind-AS 109 are measured at fair value. Equity investments held for trading are classified as at FVTPL. For all other equity instruments, the company decides

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3 Derecognition

A financial asset is primarily derecognised when:

- I) The rights to receive cash flows from the asset have expired, or
- II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

a.1.4 Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in the credit risk.

a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the provision is updated and changes in the forward-looking estimates are ana

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

a.2 Financial liabilities

a.2.1 Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss.

rowings

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Property, Plant & Equipment :

Initial recognition and measurement

Property, Plant and Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated depreciation, amortisation and impairment loss, if any. Subsequent Expenditure is capitalised only if it is probable that future economic benefits associated with the expenditure will flow to the company. All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalised.

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

recognition

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognised.

The asset's residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortised on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 38 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of intangible assets as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

e. Depreciation & Amortisation:

(i) Depreciation on Property, Plant and Equipment's

Depreciation on Property, Plant and Equipment's is provided on the Straight Line Method rates over the useful lives as prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed.

ime of Assets

rniture & Fittings

Life in
years

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT** rs

Office Equipment	Years

Plant & Machinery	15 Years

(ii) Amortisation:

Intangible Assets are amortized over the remaining on straight line method as per Ind AS – 38 as prescribed in Schedule – II of the Companies Act, 2013. Cost of software recognized as intangible asset, is amortized on straight line method over a period of legal right to use or 3 years, whichever is less.

(iii) Depreciation on Investment Property

Name of Assets	Life in years

Building	60 Years

Leasehold Improvements	99 Years (lease period)

f. Impairment of Non- Financial Assets :

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior counting period is increased / reversed where there is change in the estimate of recoverable value. e recoverable value is higher of net selling price and value in use.

TRUE COPY H. Srinathrao

THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT

g. Borrowing Cost :

Borrowing costs that are directly attributable to the acquisition, construction/exploration/ development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is computed based on the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition, construction/exploration or erection of the qualifying asset.

Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs. Other borrowing costs are recognized as an expense in the year in which they are incurred.

h. Provisions :

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows. If discounting is used, the increase in the provision due to the time value of money is recognized as an expense.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

i. Employee benefits

Long Term Benefits

I. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

Contributions to defined contribution schemes such as Provident Fund, etc. are charged to the Statement of Profit and Loss, as and when incurred.

II. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan like gratuity.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of expected future refunds from the plan or reductions in future contributions. An economic benefit is available to the Company if it is realizable during the settlement of the plan liabilities. Any actuarial gains or losses are recognized in the period in which they arise.

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

When the benefits of a plan are improved, the portion of the increased benefit relating to past service

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in profit or loss.

III. Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit or loss in the period in which they arise.

ort-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period.

j. Lease

In respect of Operating Leases, lease rentals are expensed on straight line basis with reference to the term of lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, except for lease rentals pertaining to the period up to the date of commencement of commercial operations, which are capitalised.

Where the lessor effectively retains substantially all risk and benefits of ownership of the leased assets they are classified as operating lease. Operating lease payments are recognised as an expense in the Statement of Profit and Loss.

In respect of Finance Leases, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalised as Fixed Assets with corresponding amount shown as liabilities for leased assets. The principal component in lease rental in respect of the above is adjusted against liabilities for leased assets and the interest component is recognised as an expense in the year in which the same is incurred except in case of assets used for capital projects where it is capitalised.

k. Revenue Recognition :

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable.

Interest income on investment is recognised on time proportion basis. Dividend is considered when right to receive is established.

l. Foreign Currency Transactions

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

(i) Transactions denominated in foreign currencies are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Foreign currency monetary items (assets and liabilities) are retranslated using the exchange rate prevailing at the reporting date.

(iii) Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

(iv) Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognised in the Statement of Profit and Loss except in case of gains or losses arising on long term foreign currency monetary items relating to the acquisition of depreciable assets which are added to or deducted from the cost of such assets.

m. Earnings per share :

In determining Earning per Share, the company considers the net profit after tax and includes the post tax effect of any extra-ordinary / exceptional item. The number of shares used in computing Basic Earnings per Share is the weighted average number of shares, excluding owned by the Trust, outstanding during the period. Dilutive earning per share is computed and disclosed after adjusting effect of all dilutive potential equity shares, if any except when results will be anti dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

n. Accounting for Taxes on Income :

Provision for current tax represents the amount that would be payable based on computation of tax per the provisions of the Income Tax Act, 1961. Current tax is determined based on the amount of tax payable in respect of taxable income for the year after taking into consideration benefits deductible under the Income Tax Act, 1961. Current tax expense is recognized in profit or loss except the extent that it relates to items recognized directly in other comprehensive income, in which case it is recognized in OCI or equity.

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Deferred tax represents the effect of timing difference between the carrying amount of assets and liabilities in the consolidated financial statement and the corresponding tax base used in computation of taxable income. Deferred Tax Liabilities are generally accounted for all taxable temporary differences. The deferred tax asset is recognised for all deductible temporary differences, carried forward of unused tax credits and unused tax losses, to the extent that is probable that taxable profit will be available against which those deductible temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

Deferred Tax assets / Liabilities are not recognised for initial recognition of Goodwill or of an asset or liability in a transition that is not a business combination and at the time of transaction affects neither the accounting profit nor taxable profit/(loss), MAT credit is recognised as an asset only if there is convincing evidence that the Company will pay normal income tax during the specified period.

o. Cash and Cash Equivalents:

Cash comprises of Cash on Hand, Cheques on Hand and demand deposits with Banks. Cash Equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risks of changes in value.

ish flow statement

ish flow statement is prepared in accordance with the indirect method of Cash Flows'.

TRUE COPY H. Srinath
**THIS ANNEXURE IS THE TRUE COPY
 OF THE ORIGINAL DOCUMENT**

q. Contingent liabilities :

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

r. Exemptions and exceptions availed

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

1.3 First-time Ind AS adoption reconciliations

The Company has adopted Indian Accounting Standard (Ind AS) from April 1, 2016 with a transition date of April 1, 2015. The figures for the previous year have also been converted as per Ind AS, but no additional transitional adjustments were required as correspond to previous applicable Accounting Standards. Hence, no reconciliation item has been shown.

Disclosure of significant accounting policies [Text Block]

Note 1.
Corporate
Information,
Basis of
Preparation
of Financials
and
Significant
Accounting
Policies

1.1 Background of the Company:

a. Corporate Information

Campion Properties Limited ("the Company" or "CAPL"), having CIN number U55101MH2001PLC218815, was incorporated on August 23, 2001 having its registered office at H Block, 1st Floor Dhirubhai Ambani Knowledge City, Navi Mumbai, Thane, Maharashtra 400710.

The company has been formed to carry on business of leasing of property at Maharaja Ranjit Singh Marg for commercial/ business office.

1.1 Basis of preparation of Financial Statements :

a Statement of Compliance

The financial statements are prepared under historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and comply with Indian Accounting Standards specified under Section 133 the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and other provisions of the Act, to the extent notified applicable as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

For all the periods up to and including 31 March 2016, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India, accounting standards specified under Section 133 of the Companies Act, 2013, the Companies Act, 1956 (to the extent notified and applicable), applicable provisions of the Companies Act, 1956. The company followed the provisions of Ind AS 101 in preparing its opening Balance Sheet as at the date of transition, viz. 1 April 2015. Some of the Company's Ind AS 101 opening Balance Sheet are different from its previous GAAP opening Balance Sheet as at 31 March 2015, but no additional transitional adjustments were required as per the Companies Act, 2013 and Accounting Standards.

TRUE COPY *K. Srinath*
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

b. Basis of Measurement

These financial statements are prepared in accordance with Indian Accounting Standards (IND ASs) with the going-concern principle and on a historical cost basis except for Certain Financial Assets and Liabilities that are measured at Fair Value (Refer Accounting Policy Regarding Financial Instruments). The methods used to measure fair values are discussed below.

The presentation and grouping of individual items in the Balance Sheet, the Statement of Profit & Loss, the Cash Flow statement and the Statement of Changes in Equities are based on the principle of materiality.

The company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable, either directly (i.e. as prices) or indirectly (i.e. derived from observable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair

TRUE COPY H. Srinath
THIS ANNEXURE IS THE TRUE COPY OF THE ORIGINAL DOCUMENT

value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. (Refer to note 39 for information on detailed disclosures pertaining to measurement of fair values

c. Functional and presentation currency

These financial statements are presented in Indian Rupees which is presentation currency of the company. All amounts have been rounded off to the nearest thousand, unless otherwise stated.

d. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current if:

It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle;

It is held primarily for the purpose of trading; or

It is expected to realise the asset within 12 months after the reporting period; or

The asset is a cash or equivalent unless it is restricted from being available for at least 12 months after the reporting period.

other assets are classified as non-current.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within 12 months after the reporting period; or
- The Company does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

e. Use of Estimates :

The preparation and presentation of Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates is recognised in the period in which the results are known / materialised. Estimates and underlying assets are reviewed on going basis. Revisions to accounting estimates are recognised prospectively.

Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 & Ind AS 40 retrospectively and continue to use the previous GAAP carrying amount as a

TRUE COPY H. Srinathkumar

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and investment property as per the previous GAAP as at 1 April 2015, i.e.; the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

a Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a.1 Financial assets

a.1.1 Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

a.1.2 Subsequent measurement

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument measured at fair value through other comprehensive income (FVTOCI):

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL (Fair value through profit or loss)

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Equity investments :

Equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments that are held for trading are classified as at FVTPL. For all other equity instruments, the company decides

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

a.1.3 Derecognition

A financial asset is primarily derecognised when:

- I) The rights to receive cash flows from the asset have expired, or
- II) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

a.1.4 Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in the credit risk.

a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables, as permitted by Ind AS 109. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the provision is updated and changes in the forward-looking estimates are ana

TRUE COPY H. Srinath

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

a.2 Financial liabilities

a.2.1 Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

a.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to trade payables and other contractual liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss.

rowings

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Property, Plant & Equipment :

Initial recognition and measurement

Property, Plant and Equipment are stated at cost/ fair value net of Modvat/ Cenvat and include amount added on revaluation less accumulated depreciation, amortisation and impairment loss, if any. Subsequent Expenditure is capitalised only if it is probable that future economic benefits associated with the expenditure will flow to the company. All costs including borrowing financing cost of qualifying assets till commencement of commercial operations, net charges of foreign exchange contracts and adjustments arising up to March 31, 2007 from exchange rate variations relating to borrowings attributable to fixed asset are capitalised.

Cost of an item of PPE comprises its purchase price, including import duties and non refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

recognition

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of Profit & Loss in the year the asset is derecognised.

The asset's residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each financial year end.

c. Investment Properties

Initial recognition and measurement:

Investment Properties are, properties held for rental income and/ or capital appreciation, initially measured at cost including transaction cost and stated at cost net of Modvat/ Cenvat, Value Added Tax and include amount added on revaluation less accumulated depreciation and amortisation based on Straight Line Method, impairment loss, if any.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on valuation performed by qualified and experienced Independent Valuer.

Transition to Ind AS:

The company has availed the deemed cost exemption in relation to the Investment Property on the date of transition.

Derecognition:

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

TRUE COPY H. Srinathrao

**THIS ANNEXURE IS THE TRUE COPY
OF THE ORIGINAL DOCUMENT**

d. Intangible Assets other than Goodwill

Initial recognition and measurement

Intangible assets, namely computer software are amortised on Straight Line Method, over the balance period of Licenses starting from the date of acquisition or commencement of commercial services, whichever is later.
